(a) Subject to Subsection (c), a notice to a party or other written communication with a party required in an insurance transaction or that is to serve as evidence of insurance coverage may be delivered, stored, and presented by electronic means only if the delivery, storage, or presentment complies with Chapter 322, Business & Commerce Code.

(b) Delivery of a written communication in compliance with this section is equivalent to any delivery method required by law,

including delivery by first class mail, first class mail, postage prepaid, or certified mail.

(c) A written communication may be delivered by electronic means to a party by a regulated entity under this section if:

(1) the party affirmatively consented to delivery by electronic means and has not withdrawn the consent;

(2) the party, before giving consent, is provided with a clear and conspicuous statement informing the party of:

(A) any right or option the party may have for the written communication to be provided or made available in paper or another nonelectronic form;

(B) the right of the party to withdraw consent under this section and any conditions or consequences imposed if consent is withdrawn;

(C) whether the party's consent applies:

(d) After consent of the party is given, in the event a change in the hardware or software requirements to access or retain a written communication delivered by electronic means creates a

material risk that the party may not be able to access or retain a subsequent written communication to which the consent applies, the regulated entity shall:

(1) provide the party with a statement:

(A) identifying the revised hardware and software requirements for access to and retention of a written communication delivered by electronic means; and

Failure by a regulated entity to comply with Subsection (d) may be treated by the party as a withdrawal of consent.

(i) If the consent of a party to receive a written communication by electronic means is on file with a regulated entity before September 1, 2013, and if the entity intends to deliver to the party written communications under this section, then before the entity may deliver by electronic means additional written communications, the entity must notify the party of:

communications delivered by electronic means.

(j) Except as otherwise provided by law, an oral communication or a recording of an oral communication may not qualify as a written communication delivered by electronic means for purposes of this chapter.

CHAPTER 101. UNAUTHORIZED INSURANCE**SUBCHAPTER A. GENERAL PROVISIONS**

Sec. 101.001. STATE POLICY AND PURPOSE. (a) It is a state concern that many residents of this state hold insurance policies issued by persons or insurers who are not authorized to do insurance business in this state and who are not qualified as eligible surplus lines insurers under Chapter 981. These residents face often insurmountable obstacles in asserting legal rights under the policies in foreign forums under unfamiliar laws and rules of practice.

(b) It is the policy of this state to protect residents against acts by a person or insurer who is not authorized to do insurance business in this state by:

- (1) maintaining fair and honest insurance markets;
- (2) protecting the premium tax revenues of this state;
- (3) protecting authorized persons and insurers, who are subject to strict regulation, from unfair competition by unauthorized persons and insurers; and

(4) protecting against evasion of the insurance regulatory laws of this state.

(c) The purpose of this chapter is to subject certain insurers and persons to the jurisdiction of:

(1) the commissioner and proceedings before the commissioner; and

(2) the courts of this state in suits by or on behalf of the state or an insured or beneficiary under an insurance contract.

(d) It is also a concern that this state not become a safe harbor for persons or insurers engaged in the unauthorized business of insurance in this state, regardless of whether the insureds or other persons affected by the unauthorized business of insurance are residents of this state.

Sec. 229.002. COOPERATIVE AGREEMENTS WITH OTHER STATES. (a) The comptroller may enter into a cooperative agreement, reciprocal agreement, or compact with another state for the collection of insurance premium taxes imposed by Chapters 225 and 226 on a multistate basis. An agreement or amendment of an agreement takes

effect according to its terms, except that an agreement or amendment may not take effect until the proposed agreement or amendment is published in the Texas Register.

(b) An agreement may provide for:

- (1) determining a base state and multistate allocation of insurance premiums;
- (2) tax reporting requirements;
- (3) audit and refund claim procedures;
- (4) exchange of information;
- (5) requirements for reporting on a multistate basis;
- (6) insurance and tax related terms and definitions;
- (7) penalties, fees, administrative costs, and interest rates;
- (8) audit assessment and refund claim limitation periods;
- (9) procedures for collecting amounts due from agents, insurers, or other persons and for collecting and forwarding the amounts due to the jurisdiction to which the amount is owed;
- (10) procedures for verifying refund claims by agents, insurers, or other persons and for collecting those amounts from the jurisdiction owing the refund amount;
- (11) the temporary remittal of funds equal to the amounts due to another jurisdiction, subject to appropriation of funds for that purpose; and

(c) The comptroller may, as required by the terms of an agreement, provide to an officer of another state any information that relates to the solicitation, negotiation, procurement, placement, issuance, receipt, or collection of premiums by an agent, insurer, or other person for an insurance contract or policy that may be subject to the premium taxes imposed by Chapter 225 or 226.

(d) An agreement may provide for each state to audit the records of an agent, insurer, or other person based in this state to determine if insurance premium taxes due each state that is a party to the agreement are properly reported and paid. An agreement may provide for each state to forward the findings of an audit performed on an agent, insurer, or other person based in this state to each other state in which the person has an allocation of taxable premiums.

(e) For an agent, insurer, or other person who has an

allocation of taxable premiums in this state, the comptroller may use an audit performed by another state that is a party to an agreement with this state to make an assessment of insurance premium taxes against the agent, insurer, or other person. An assessment made by the comptroller under this subsection is prima facie evidence that the amount shown as due is correct.

(f) An agreement entered into under this section does not affect the comptroller's authority to audit any person under any other law.

(g) An agreement entered into under this section prevails over an inconsistent rule of the comptroller. Except as otherwise provided by this section, a statute of this state prevails over an inconsistent provision of an agreement entered into under this section.

(h) The comptroller may segregate in a separate fund or account the amount estimated to be due to other jurisdictions, amounts subject to refund during the fiscal year, fees, and other costs collected under the agreement. On a determination of an amount held that is due to be remitted to another jurisdiction, the comptroller may issue a warrant or make an electronic transfer of the amount as necessary to carry out the purposes of the agreement. An auditing cost, membership fee, or other cost associated with the agreement may be paid from interest earned on funds segregated under this subsection. Any interest earnings in excess of the costs associated with the agreement shall be credited to general revenue.

(i) The legislature finds that it is in the public interest to enter into insurance tax and regulatory agreements with other jurisdictions that may provide for the temporary remittal of amounts due other jurisdictions that exceed the amounts collected and for cooperation with other jurisdictions for the collection of taxes imposed by this state under Chapters 225 and 226 and similar taxes imposed under statutes of other jurisdictions on insurance premiums. The comptroller shall ensure that reasonable measures are developed to recover insurance taxes and other amounts due this state during each biennium.

(j) The comptroller may enter into a cooperative agreement, reciprocal agreement, or compact with another state to provide for the collection of taxes imposed by this state and the other states on insurances taxes that may be due the states and this state based on a standardized premium allocation adopted by the states under the

agreement. The comptroller may also enter into other cooperative agreements with surplus lines stamping offices located in this state and other states in the reporting and capturing of related tax information. The commissioner may grant the exemption at any time for one or more specified periods.

(c) The commissioner may not grant an exemption under this section if:

(1) the exemption would diminish the department's ability to monitor the financial condition of the insurer or health maintenance organization; or

(A) during the five-year period preceding the date the application for the exemption is made:

(i) has been placed under supervision, conservatorship, or receivership;

(c) An insurer or health maintenance organization required under Section 401.004 to file an audited financial report that does not retain an independent certified public accountant to perform an annual audit for the previous year may not be required to include in the report audited statements of operations, cash flows, or changes in capital and surplus for the first year. The insurer or health maintenance organization must include those statements in the first-year report and label the statements as unaudited. The commissioner may determine that the limitation provided by this subsection does not apply to an accountant for a particular insurer or health maintenance organization if the insurer or health maintenance organization demonstrates to the satisfaction of the commissioner that the limitation's application to the insurer or health maintenance organization would be unfair because of unusual circumstances. In making the determination, the commissioner may consider:

(1) the number of partners or individuals the accountant employs, the expertise of the partners or individuals the accountant employs, or the number of the accountant's insurance clients;

(2) the premium volume of the insurer or health maintenance organization; and

(C) understands that:

(i) the audited financial report and the accountant's opinion on the report will be filed in compliance with this subchapter; and

(ii) the commissioner will rely on the report and opinion in monitoring and regulating the insurer's or health maintenance organization's financial position; and

(D) consents to the requirements of Section 401.020 and agrees to make the accountant's work papers available for review by the department or the department's designee.

(b) Not later than the 10th business day after the date the insurer or health maintenance organization notifies the department under Subsection (a), the insurer or health maintenance organization shall file a written statement with the commissioner advising the commissioner of any disagreements between the accountant and the insurer's or health maintenance organization's personnel responsible for presenting the insurer's or health maintenance organization's financial statements that:

COMPANIES AND RELATED ENTITIES
SUBCHAPTER A. GENERAL PROVISIONS**

Sec. 425.001. SECURITIES IN AMOUNT OF RESERVES REQUIRED. The commissioner, after determining the amount of the reserves required on all of a life insurance company's policies in force, shall ensure that the company has at least that amount in securities of the class and character required by the law of this state, after all debts and

claims against the company and the minimum capital required by Chapter 841 or 982, as applicable, have been provided for.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 425.002. CERTAIN INSURERS: DEPOSIT OF SECURITIES, MONEY, OR PROPERTY IN AMOUNT OF LEGAL RESERVES. (a) Except as provided by Subsection (b), a life insurance company incorporated under the laws of this state may deposit with the department, for the common benefit of all the holders of the company's policies and annuity contracts and in an amount equal to the legal reserve on all the company's outstanding policies and contracts in force, securities of the character in which the law of this state permits the company to invest, or against which the law of this state permits the company to loan, the company's capital, surplus, or reserves.

(b) A life insurance company may not make a new deposit of securities after August 28, 1961, except to the extent expressly required by Section 425.003.

(c) For purposes of this section, securities may be physically delivered to the department without being accompanied by a written transfer of a lien securing the securities. A life insurance company may deposit registered or unregistered United States government securities under this section.

(d) A life insurance company may deposit lawful money of the United States instead of all or part of the securities described by Subsection (a). A company may, for the purposes of the deposit described by Subsection (a), convey to the department in trust the real property in which any part of the company's reserve is lawfully invested. If the company conveys the property, the department shall hold the title to the property in trust until the company deposits with the department securities to take the place of the property, at which time the department shall reconvey the property to the company.

(e) The department may have any securities or real property appraised and valued before the securities or real property may be deposited with or conveyed to the department under this section. The life insurance company shall pay the reasonable expense of the appraisal or valuation.

(f) For purposes of state, county, and municipal taxation, the

situs of the deposited securities is the municipality and county in which the life insurance company's charter requires the principal business office of the company making the deposit to be located.

(b) To comply with Subsection (a), a life insurance company shall periodically make additional deposits of securities in amounts of not less than \$5,000. A company whose deposits exceed the aggregate net value of the company's outstanding registered policies and annuity contracts in force may periodically withdraw the excess in amounts of not less than \$5,000. A company may at any time withdraw any of the company's deposited securities by depositing in their place securities of equal value to the securities replaced and of a character authorized by this chapter.

(c) A life insurance company may at any time collect the interest, rents, and other income from the company's securities on deposit.

(d) The net value of each policy or annuity contract subject to this section is the policy's or contract's value according to the standard prescribed by state law when the first premium on the policy or contract is paid, minus the amount of any liens the life insurance company has against the policy or contract not to exceed the policy's or contract's value.

(e) The department shall hold a life insurance company's securities on deposit with the department under this section in trust for the benefit of all holders of the company's outstanding policies and annuity contracts that were registered as provided by Article 3.18, as that article existed before August 28, 1961.

(f) A life insurance company that has outstanding registered policies or annuity contracts in force may not reinsure all or any part of that outstanding business, other than in a company authorized to engage in business in this state.

(B) the net value of those policies and contracts; and

(2) not later than the 15th day after the last day of each calendar month, file with the department a report stating whether the value of the company's securities on deposit is equal to or greater than the aggregate net value of the company's registered policies and annuity contracts outstanding and in force at the end of the preceding calendar month.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

(b) If the commissioner determines, after notice and hearing, that a particular risk or class of risks is substandard or extra hazardous, a life insurance company may not, after the determination is made, write or assume the particular risk or class of risks unless the company charges an extra premium as necessary because of the extra hazard assumed.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 425.007. SUBSCRIPTION TO OR UNDERWRITING PURCHASE OR SALE OF SECURITIES OR PROPERTY PROHIBITED; CONTROL OF DISPOSITION OF PROPERTY. (a) A life insurance company organized under the laws of this state may not:

(m) Disclosing information or providing a document to the commissioner under this section, or sharing information as authorized under this section, does not result in a waiver of any applicable privilege or claim of confidentiality that may apply to the document or information.

(n) A memorandum in support of the opinion, and any other material provided by the company to the commissioner in connection with the memorandum, may be subject to subpoena for the purpose of defending an action seeking damages from the actuary submitting the memorandum by reason of an action required by this section or rules adopted under this section.

(o) The memorandum or other material provided by the company to the commissioner in connection with the memorandum may otherwise be released by the commissioner with the written consent of the company, or to the Actuarial Board for Counseling and Discipline or its successor on receipt of a request stating that the memorandum or other material is required for the purpose of professional disciplinary proceedings and setting forth procedures satisfactory to the commissioner for preserving the confidentiality and privileged status of the memorandum or other material.

Sec. 425.058. COMPUTATION OF MINIMUM STANDARD: GENERAL RULE.

(a) Except as otherwise provided by Section 425.059, 425.060, 425.061, 425.062, or 425.063, the minimum standard for the valuation of an outstanding life insurance policy or annuity or pure endowment contract issued by a life insurance company on or after the date on which Chapter 1105 applies to policies issued by the company, as determined under Section 1105.002(a) or (b), is the commissioners

reserve valuation method described by Sections 425.064, 425.065, and 425.068, computed using the table prescribed by this section and with interest at 3-1/2 percent or at the following rate, if applicable:

(1) in the case of a policy or contract issued on or after June 14, 1973, and before August 29, 1977, other than an annuity or pure endowment contract, four percent;

(2) in the case of a single premium life insurance policy issued on or after August 29, 1977, 5-1/2 percent; or

(3) in the case of a life insurance policy issued on or after August 29, 1977, other than a single premium life insurance policy, 4-1/2 percent.

(b) Except as provided by Subsection (c), for an ordinary life insurance policy issued on the standard basis, excluding any disability or accidental death benefits in the policy, the applicable table is the Commissioners 1941 Standard Ordinary Mortality Table, if the policy was issued before the date on which Section 1105.152 would apply to the policy, as determined under Section 1105.152(a) or (b), or the Commissioners 1958 Standard Ordinary Mortality Table, if Section 1105.152 applies to the policy. For a policy that is issued to insure a female risk:

(1) a modified net premium or present value for a policy issued before August 29, 1977, may be computed according to an age not more than three years younger than the insured's actual age; and

(2) a modified net premium or present value for a policy issued on or after August 29, 1977, may be computed according to an age not more than six years younger than the insured's actual age.

(c) For an ordinary life insurance policy issued on the standard basis, excluding any disability or accidental death benefits in the policy, and to which Subchapter B, Chapter 1105, applies, the applicable table is:

(1) the Commissioners 1980 Standard Ordinary Mortality Table;

(2) at the insurer's option for one or more specified life insurance plans, the Commissioners 1980 Standard Ordinary Mortality Table with Ten-Year Select Mortality Factors; or

(3) any ordinary mortality table adopted after 1980 by the National Association of Insurance Commissioners that is approved by commissioner rule for use in determining the minimum standard valuation for a policy to which this subdivision applies.

(d) For an industrial life insurance policy issued on the

standard basis, excluding any disability or accidental death benefits in the policy, the applicable table is:

(1) the 1941 Standard Industrial Mortality Table, if the policy was issued before the date on which Section 1105.153 would apply to the policy as determined under Section 1105.153(a) or (b); or

(2) if Section 1105.153 applies to the policy:

(A) the Commissioners 1961 Standard Industrial Mortality Table; or

(B) any industrial mortality table adopted after 1980 by the National Association of Insurance Commissioners that is approved by commissioner rule for use in determining the minimum standard of valuation for a policy to which this subdivision applies.

(e) For an individual annuity or pure endowment contract, excluding any disability or accidental death benefits in the policy, the applicable table is the 1937 Standard Annuity Mortality Table, or at the insurer's option, the Annuity Mortality Table for 1949, Ultimate, or a modification of either table that is approved by the commissioner.

(f) For a group annuity or pure endowment contract, excluding any disability or accidental death benefits in the policy, the applicable table is:

(1) the Group Annuity Mortality Table for 1951;

(2) a modification of that table approved by the commissioner; or

(3) at the insurance company's option, a table or a modification of a table prescribed for an individual annuity or pure endowment contract by Subsection (e).

(g) For total and permanent disability benefits in or supplementary to an ordinary policy or contract, the applicable tables are:

(1) for a policy or contract issued on or after January 1, 1966:

(A) the tables of Period 2 disablement rates and the 1930 to 1950 termination rates of the 1952 Disability Study of the Society of Actuaries, with due regard to the type of benefit; or

(B) any table of disablement rates and termination rates adopted after 1980 by the National Association of Insurance Commissioners that are approved by commissioner rule for use in determining the minimum standard of valuation for a policy to which

this subdivision applies:

(2) for a policy or contract issued on or after January 1, 1961, and before January 1, 1966:

(A) a table described by Subdivision (1); or

(B) at the insurance company's option, the Class (3) Disability Table (1926); or

(3) for a policy issued before January 1, 1961, the Class (3) Disability Table (1926).

(h) A table described by Subsection (g) must, for an active life, be combined with a mortality table permitted for computing the reserves for a life insurance policy.

(i) For accidental death benefits in or supplementary to a policy, the applicable table is:

(1) for a policy issued on or after January 1, 1966:

(A) the 1959 Accidental Death Benefits Table; or

(B) any accidental death benefits table adopted after 1980 by the National Association of Insurance Commissioners that is approved by commissioner rule for use in determining the minimum standard of valuation for a policy to which this subdivision applies;

(2) for a policy issued on or after January 1, 1961, and before January 1, 1966:

(A) a table described by Subdivision (1); or

(B) at the insurance company's option, the Inter-Company Double Indemnity Mortality Table; or

(3) for a policy issued before January 1, 1961, the Inter-Company Double Indemnity Mortality Table.

(j) A table described by Subsection (i) must be combined with a mortality table permitted for computing the reserves for a life insurance policy.

(k) For group life insurance, life insurance issued on the substandard basis and other special benefits, the applicable table is a table approved by the commissioner.

(1)(1) Notwithstanding any other law, the minimum reserve requirements applicable to a credit life policy issued under Chapter 1153 before January 1, 2009, are met if, in the aggregate, the reserves are maintained at 100 percent of the 1980 Commissioner's Standard Ordinary Mortality Table, with interest that does not exceed 5.5 percent.

(2) For credit life policy reserves on contracts issued to be effective on or after January 1, 2009, the reserve requirements

shall be based on minimum reserve standards established by the commissioner by rule. The commissioner shall adopt the rules based on either:

(A) the 2001 CSO Male Composite Ultimate Mortality Table for male and female insureds; or

(B) another CSO Mortality Table approved by the National Association of Insurance Commissioners on or after January 1, 2009, for use on credit life policy reserves.

(3) For a single premium credit accident and health contract issued on or after January 1, 2009, the reserve requirements shall be based on minimum reserve standards established by the commissioner by rule. The commissioner shall adopt the rules based on either:

(A) the 1985 Commissioners Individual Disability Table A (85CIDA); or

(B) another Commissioner's Disability Table approved by the National Association of Insurance Commissioners on or after January 1, 2009, for use on credit accident and health policy reserves.

(4) For all credit insurance contracts, if the net premium refund liability exceeds the aggregate recorded contract reserve, the insurer shall establish an additional reserve liability that is equal to the excess of the net refund liability over the contract reserve recorded. The net refund liability may include consideration of commission, premium tax, and other expenses recoverable.

(5) In addition to the rules required to be adopted under this subsection, the commissioner may adopt other rules to implement this subsection.

an individual annuity or pure endowment contract issued on or after January 1, 1979, and an annuity or pure endowment purchased on or after January 1, 1979, under a group annuity or pure endowment contract. This section also applies to an annuity or pure endowment contract issued by an insurer after the date specified in a written notice:

(1) that was filed with the State Board of Insurance after June 14, 1973, but before January 1, 1979; and

(1) for an individual annuity or pure endowment contract issued before August 29, 1977, other than an individual single premium immediate annuity contract, four percent;

(2) for an individual single premium immediate annuity contract issued before August 29, 1977, six percent;

- (1) the 1971 Individual Annuity Mortality Table; or
- (2) a modification of that table approved by the

commissioner.

(d) For an individual annuity or pure endowment contract issued on or after August 29, 1977, including an individual single premium immediate annuity contract, the applicable table is:

Sec. 425.060. APPLICABILITY OF CALENDAR YEAR STATUTORY VALUATION INTEREST RATES. The calendar year statutory valuation interest rates as defined by Sections 425.061, 425.062, and 425.063 are the interest rates used in determining the minimum standard for the valuation of:

- (1) a life insurance policy to which Subchapter B, Chapter 1105, applies;
- (2) an individual annuity or pure endowment contract issued on or after January 1, 1982;
- (3) an annuity or pure endowment purchased on or after January 1, 1982, under a group annuity or pure endowment contract; or
- (4) the net increase, if any, in a calendar year after January 1, 1982, in amounts held under a guaranteed interest contract.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 425.061. COMPUTATION OF CALENDAR YEAR STATUTORY VALUATION INTEREST RATE: GENERAL RULE. (a) For purposes of Subsection (b):

- (1) R1 is the lesser of R or .09;
- (2) R2 is the greater of R or .09;
- (3) R is the reference interest rate determined under Section 425.063; and
- (4) W is the weighting factor determined under Section 425.062.

(b) The calendar year statutory valuation interest rate ("I") is determined as provided by this section, with the results rounded to the nearest one-quarter of one percent:

- (1) for life insurance:

$$I = .03 + W(R1 - .03) + (W/2)(R2 - .09);$$
 and
- (2) for a single premium immediate annuity or annuity benefits involving life contingencies arising from another annuity with a cash settlement option or from a guaranteed interest contract with a cash settlement option, or for an annuity or guaranteed interest contract without a cash settlement option, or for an annuity or guaranteed interest contract with a cash settlement option that is valued on a change in fund basis:

$$I = .03 + W(R - .03).$$

(c) For an annuity or guaranteed interest contract with a cash settlement option that is valued on an issue year basis, other than an annuity or contract described by Subsection (b)(2):

(1) the formula prescribed by Subsection (b)(1) applies to an annuity or guaranteed interest contract with a guarantee duration determined under Section 425.062(f) greater than 10 years; and

(2) the formula prescribed by Subsection (b)(2) applies to an annuity or guaranteed interest contract with a guarantee duration determined under Section 425.062(f) of 10 years or less.

(d) Notwithstanding Subsections (b) and (c), if the calendar year statutory valuation interest rate for a life insurance policy issued in a calendar year as determined under Subsection (b) or (c), as applicable, would differ from the corresponding actual rate for similar policies issued in the preceding calendar year by less than one-half of one percent, the calendar year statutory valuation interest rate for the policy is the corresponding actual rate for the preceding calendar year. For purposes of this subsection, the calendar year statutory valuation interest rate for a life insurance policy issued in a calendar year is determined for 1980 using the reference interest rate defined for 1979, and is determined for each subsequent calendar year regardless of whether Subchapter B, Chapter 1105, applies to the policy.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 425.062. WEIGHTING FACTORS. (a) This section prescribes the weighting factors referred to in the formulas prescribed by Section 425.061.

(b) The weighting factor for a life insurance policy is determined by the following table:

Guarantee Duration (Years)	Weighting Factor
10 or less	.50
More than 10, but not more than 20	.45
More than 20	.35

(c) For purposes of Subsection (b), the guarantee duration is the maximum number of years the life insurance can remain in force on

a basis guaranteed in the policy or under options to convert to life insurance plans with premium rates or nonforfeiture values, or both, that are guaranteed in the original policy.

(d) The weighting factor for a single premium immediate annuity or for annuity benefits involving life contingencies arising from another annuity with a cash settlement option or from a guaranteed interest contract with a cash settlement option is .80.

(e) The weighting factor for an annuity or a guaranteed interest contract, other than an annuity or contract to which Subsection (d) applies, is determined by the following tables:

(1) For an annuity or guaranteed interest contract that is valued on an issue year basis:

Guarantee Duration (Years)	Weighting Factor for Plan Type		
	A	B	C
5 or less:	.80	.60	.50
More than 5, but not more than 10:	.75	.60	.50
More than 10, but not more than 20:	.65	.50	.45
More than 20:	.45	.35	.35

(2) For an annuity or guaranteed interest contract that is valued on a change in fund basis, the factors prescribed by Subdivision (1) increased by:

Plan Type		
A	B	C
.15	.25	.05

(3) For an annuity or guaranteed interest contract that is valued on an issue year basis that does not guarantee interest on considerations received more than one year after issue or purchase, other than an annuity or contract that does not have a cash settlement option, or an annuity or guaranteed interest contract that is valued on a change in fund basis that does not guarantee interest rates on considerations received more than 12 months after the valuation date, the factors prescribed by Subdivision (1) or determined under Subdivision (2), as appropriate, increased by:

Plan Type		
A	B	C
.05	.05	.05

(f) For purposes of Subsection (e):

(1) for an annuity or guaranteed interest contract with a cash settlement option, the guarantee duration is the number of years for which the contract guarantees interest rates greater than the calendar year statutory valuation interest rate for life insurance policies with guarantee duration greater than 20 years; and

(2) for an annuity or guaranteed interest contract without a cash settlement option, the guarantee duration is the number of years from the issue or purchase date to the date annuity benefits are scheduled to begin.

(g) For purposes of Subsection (e):

(1) a policy is a "Plan Type A" policy if:

(A) the policyholder may withdraw funds at any time, but only:

(i) with an adjustment to reflect changes in interest rates or asset values after the insurance company receives the funds;

(ii) without an adjustment described by Subparagraph (i), provided that the withdrawal is in installments over five years or more; or

(iii) as an immediate life annuity; or

(B) the policyholder is not permitted to withdraw funds at any time;

(2) a policy is a "Plan Type B" policy if:

(A) before the expiration of the interest rate guarantee:

(i) the policyholder may withdraw funds, but only:

(a) with an adjustment to reflect changes in interest rates or asset values after the insurance company receives the funds; or

(b) without an adjustment described by Subsubparagraph (a), provided that the withdrawal is in installments over five years or more; or

(ii) the policyholder is not permitted to withdraw funds; and

(B) on the expiration of the interest rate guarantee, the policyholder may withdraw funds in a single sum or in installments over less than five years, without an adjustment described by Paragraph (A)(i); and

(3) a policy is a "Plan Type C" policy if the policyholder

may withdraw funds before the expiration of the interest rate guarantee in a single sum or in installments over less than five years:

(A) without an adjustment to reflect changes in interest rates or asset values after the insurance company receives the funds; or

(B) subject only to a fixed surrender charge that is a percentage of the fund stipulated in the contract.

(h) An insurance company may elect to value an annuity or guaranteed interest contract with a cash settlement option on an issue year basis or on a change in fund basis. A company must value an annuity or guaranteed interest contract without a cash settlement option on an issue year basis.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 425.063. REFERENCE INTEREST RATE. (a) In this section, "Moody's Corporate Bond Yield Average" means the Moody's Corporate Bond Yield Average--Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(b) Except as provided by Subsection (g), the reference interest rate for purposes of Section 425.061 is determined as provided by Subsections (c)-(f).

(c) The reference interest rate for a life insurance policy is the lesser of the average over a period of 36 months or the average over a period of 12 months, ending on June 30 of the calendar year preceding the year of issue, of the Moody's Corporate Bond Yield Average.

(d) The reference interest rate is the average over a period of 12 months, ending on June 30 of the calendar year of issue or year of purchase, of the Moody's Corporate Bond Yield Average for:

(1) a single premium immediate annuity or annuity benefits involving life contingencies arising from another annuity with a cash settlement option or from a guaranteed interest contract with a cash settlement option;

(2) an annuity or guaranteed interest contract with a cash settlement option, other than an annuity or contract described by Subdivision (1), that is valued on an issue year basis and has a

guarantee duration as determined under Section 425.062(f) of 10 years or less; or

(3) an annuity or guaranteed interest contract without a cash settlement option.

(e) The reference interest rate is the lesser of the average over a period of 36 months or the average over a period of 12 months, ending on June 30 of the calendar year of issue or purchase, of the Moody's Corporate Bond Yield Average for an annuity or guaranteed interest contract with a cash settlement option, other than an annuity or contract described by Subsection (d)(1), that is valued on an issue year basis and has a guarantee duration as determined under Section 425.062(f) greater than 10 years.

(f) The reference interest rate is the average over a period of 12 months, ending on June 30 of the calendar year of the change in the fund, of the Moody's Corporate Bond Yield Average, for an annuity or guaranteed interest contract with a cash settlement option, other than an annuity or contract described by Subsection (d)(1), that is valued on a change in fund basis.

(g) At least annually, the commissioner shall:

(1) determine whether the reference interest rates prescribed by Subsections (c), (d), (e), and (f) continue to be a reasonably accurate approximation of the average yield achieved from purchases in the United States in publicly quoted markets of investment grade fixed term and fixed interest corporate obligations for the periods referenced in Subsection (c), (d), (e), or (f), as applicable; and

(2) if the commissioner determines that a reference interest rate prescribed by Subsection (c), (d), (e), or (f) is not a reasonably accurate approximation of the average yield described by Subdivision (1), adopt rules in the manner prescribed by Chapters 2001 and 2002, Government Code, to prescribe an alternative method of determining a reference interest rate, as appropriate, that is a reasonably accurate approximation of that average yield.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 425.064. COMMISSIONERS RESERVE VALUATION METHOD FOR LIFE INSURANCE AND ENDOWMENT BENEFITS. (a) Except as otherwise provided

by Sections 425.065 and 425.068 and subject to Subsection (b), for the life insurance and endowment benefits of a policy that provides for a uniform amount of insurance and that requires the payment of uniform premiums, the reserve according to the commissioners reserve valuation method is the difference, if greater than zero, of the present value on the date of valuation of those future guaranteed benefits, minus the present value on that date of any future modified net premiums for a policy described by this subsection. The modified net premiums for a policy described by this subsection are a uniform percentage of the respective contract premiums for those benefits, so that the present value on the policy's issue date of all the modified net premiums is equal to the sum of:

- (1) the present value on that date of those benefits; and
- (2) the difference, if greater than zero, between:

(A) a net level annual premium equal to the present value on the policy's issue date of the benefits provided for after the first policy year, divided by the present value on the policy's issue date of an annuity of one per year, payable on the first policy anniversary and on each subsequent policy anniversary on which a premium becomes due; and

(B) a net one-year term premium for the benefits provided for in the first policy year.

(b) A net level annual premium under Subsection (a)(2)(A) may not exceed the net level annual premium on the 19-year premium whole life plan for insurance of the same amount at an age that is one year older than the age on the policy's issue date.

(c) This subsection applies only to a life insurance policy issued on or after January 1, 1985, for which the contract premium for the first policy year exceeds the contract premium for the second year, for which a comparable additional benefit is not provided in the first year for the excess premium, and that provides an endowment benefit, a cash surrender value, or a combination of an endowment benefit and cash surrender value, in an amount greater than the excess premium. For purposes of this subsection, the "assumed ending date" is the first policy anniversary on which the sum of any endowment benefit and any cash surrender value available on that date is greater than the excess premium. The reserve according to the commissioners reserve valuation method for a policy to which this subsection applies as of any policy anniversary occurring on or before the assumed ending date is, except as otherwise provided by

Section 425.068, the greater of:

(1) the reserve as of the policy anniversary computed as prescribed by Subsection (a); or

(2) the reserve as of the policy anniversary computed as prescribed by Subsection (a) but with:

(A) the value prescribed by Subsection (a)(2)(A) reduced by 15 percent of the amount of the excess first-year premium;

(B) each present value of a benefit or premium determined without reference to a premium or benefit provided under the policy after the assumed ending date;

(C) the policy assumed to mature on the assumed ending date as an endowment; and

(D) the cash surrender value provided on the assumed ending date considered to be an endowment benefit.

(d) In making the comparison required by Subsection (c), the mortality tables and interest bases described by Sections 425.058, 425.061, 425.062, and 425.063 must be used.

(e) Reserves according to the commissioners reserve valuation method for the following policies, contracts, and benefits must be computed by a method consistent with the principles of this section:

(1) a life insurance policy that provides for a varying amount of insurance or that requires the payment of varying premiums;

(2) a group annuity or pure endowment contract purchased under a retirement or deferred compensation plan established or maintained by an employer, including a partnership or sole proprietorship, by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408, Internal Revenue Code of 1986, and that section's subsequent amendments;

(3) disability or accidental death benefits in a policy or contract; and

(4) all other benefits, other than life insurance and endowment benefits in a life insurance policy or benefits provided by any other annuity or pure endowment contract.

Sec. 425.065. COMMISSIONERS ANNUITY RESERVE VALUATION METHOD FOR ANNUITY AND PURE ENDOWMENT BENEFITS. (a) This section applies to an annuity or pure endowment contract other than a group annuity or pure endowment contract purchased under a retirement or deferred compensation plan established or maintained by an employer, including a partnership or sole proprietorship, by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408, Internal Revenue Code of 1986, and that section's subsequent amendments.

(b) Reserves according to the commissioners annuity reserve method for benefits under an annuity or pure endowment contract, excluding any disability or accidental death benefits in the contract, are the greatest of the respective excesses of the present values on the valuation date of the future guaranteed benefits under the contract at the end of each respective contract year, including guaranteed nonforfeiture benefits, minus the present value on the valuation date of any future valuation considerations derived from future gross considerations that are required by the contract terms and that become payable before the end of the respective contract year. The future guaranteed benefits must be determined by using the mortality table, if any, and the interest rate or rates specified in the contract for determining guaranteed benefits. The valuation considerations are the portions of the respective gross considerations applied under the contract terms to determine nonforfeiture values.

Sec. 425.066. MINIMUM AGGREGATE RESERVES. (a) An insurance company's aggregate reserves for all life insurance policies, excluding disability or accidental death benefits, issued by the company on or after the date on which Chapter 1105 applies to policies issued by the company, as determined under Section

1105.002(a) or (b), may not be less than the aggregate reserves computed in accordance with the methods prescribed by Sections 425.064, 425.065, 425.068, and 425.069 and the mortality table or tables and interest rate or rates used in computing nonforfeiture benefits for those policies.

(b) The aggregate reserves of an insurance company to which this section applies for all policies, contracts, and benefits may not be less than the aggregate reserves determined to be necessary to issue a favorable opinion under Section 425.054.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 425.067. OPTIONAL RESERVE COMPUTATIONS. (a) Reserves for a policy or contract issued by a life insurance company before the date on which Chapter 1105 would apply to the policy or contract, as determined under Section 1105.002(a) or (b), may be computed, at the company's option, according to any standard that produces greater aggregate reserves for all those policies and contracts than the minimum reserves required by the laws applicable to those policies and contracts immediately before that date.

(b) Reserves for any category, as established by the commissioner, of policies, contracts, or benefits issued by a life insurance company on or after the date on which Chapter 1105 applies to policies, contracts, or benefits issued by the company, as determined under Section 1105.002(a) or (b), may be computed, at the company's option, according to any standard that produces greater aggregate reserves for the category than the minimum aggregate reserves computed according to the standard provided by this subchapter, but the interest rate or rates used for those policies and contracts, other than annuity and pure endowment contracts, may not be higher than the corresponding interest rate or rates used in computing any nonforfeiture benefits provided in those policies or contracts.

(c) An insurance company that has adopted a standard of valuation that produces greater minimum aggregate reserves than the aggregate reserves computed according to the standard provided by this subchapter may, with the commissioner's approval, adopt any lower standard of valuation that produces aggregate reserves at least

equal to the minimum aggregate reserves computed according to the standard provided by this subchapter.

(d) For purposes of this section, the holding of additional reserves previously determined to be necessary to issue a favorable opinion under Section 425.054 may not be considered to be the adoption of a higher standard of valuation.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 425.068. RESERVE COMPUTATION: GROSS PREMIUM CHARGED LESS THAN VALUATION NET PREMIUM. (a) If in a contract year the gross premium charged by a life insurance company on a policy or contract is less than the valuation net premium for the policy or contract computed by the method used in computing the reserve on the policy or contract but using the minimum valuation mortality standards and interest rate, the minimum reserve required for the policy or contract is the greater of:

(1) the reserve computed according to the mortality table, interest rate, and method actually used for the policy or contract; or

(2) the reserve computed by the method actually used for the policy or contract but using the minimum valuation mortality standards and interest rate and replacing the valuation net premium with the actual gross premium in each contract year for which the valuation net premium exceeds the actual gross premium.

(b) The minimum valuation mortality standards and interest rate under Subsection (a) are the standards and rate provided by Sections 425.058, 425.061, 425.062, and 425.063.

(c) This subsection applies only to a life insurance policy issued on or after January 1, 1985, for which the gross premium for the first policy year exceeds the gross premium for the second policy year, for which a comparable additional benefit is not provided in the first year for the excess premium, and that provides an endowment benefit, a cash surrender value, or a combination of an endowment benefit and cash surrender value, in an amount greater than the excess premium. For a policy to which this subsection applies, Subsections (a) and (b) shall be applied as if the method actually used in computing the reserve for the policy were the method

described in Section 425.064, ignoring Section 425.064(c). The minimum reserve at each policy anniversary is the greater of:

- (1) the minimum reserve computed in accordance with Section 425.064, including Section 425.064(c); or
- (2) the minimum reserve computed in accordance with this section.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 425.069. RESERVE COMPUTATION: INDETERMINATE PREMIUM PLANS AND CERTAIN OTHER PLANS. (a) For a life insurance plan that provides for future premium determination, the amounts of which are to be determined by the insurance company based on estimates of future experience, or a life insurance plan or annuity for which the minimum reserves cannot be determined by the methods described by Sections 425.064, 425.065, and 425.068, the reserves held must:

- (1) be appropriate in relation to the benefits and the pattern of premiums for the plan; and
- (2) be computed by a method that is consistent with the principles of this subchapter, as determined by commissioner rule.

(b) Notwithstanding any other provision of state law, the commissioner must affirmatively approve a policy, contract, or certificate that provides life insurance under a plan described by Subsection (a) before the policy, contract, or certificate may be marketed, issued, delivered, or used in this state.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 425.070. COMPUTATION OF RESERVE FOR CERTAIN POLICIES BY CALENDAR YEAR OF ISSUE. (a) The reserve for a policy or contract issued by a life insurance company before the date on which Chapter 1105 would apply to the policy or contract, as determined under Section 1105.002(a) or (b), must be computed in accordance with the terms of the policy or contract and this section.

(b) For a policy issued before January 1, 1910, the computation must be based on the American Experience Table of Mortality and 4-1/2 percent annual interest.

(c) For a policy issued on or after January 1, 1910, and before January 1, 1948, the computation must be based on:

(1) the Actuaries or Combined Experience Table of Mortality and four percent annual interest, if the interest rate guaranteed in the policy is four percent annually or higher; or

(2) the American Experience Table of Mortality and the lower rate specified in the policy, if the policy was issued on a reserve basis of an interest rate lower than four percent annually.

(d) For a policy issued on or after January 1, 1948, the computation must be based on the mortality table and interest rate specified in the policy, provided that:

(1) the specified interest rate may not exceed 3-1/2 percent annually;

(2) the specified table for a policy, other than an industrial life insurance policy, is the American Experience Table of Mortality, the American Men Ultimate Table of Mortality, the Commissioners 1941 Standard Ordinary Mortality Table, or, for a policy issued after December 31, 1959, the Commissioners 1958 Standard Ordinary Mortality Table; and

(3) the specified table for an industrial life insurance policy is the American Experience Table of Mortality, the Standard Industrial Mortality Table, the Sub-Standard Industrial Mortality Table, the 1941 Standard Industrial Mortality Table, or the 1941 Sub-Standard Industrial Mortality Table, or, for a policy issued after December 31, 1963, the Commissioners 1961 Standard Industrial Mortality Table.

(e) For a policy, other than an industrial life insurance policy, issued after December 31, 1959, to insure a female risk, the computation must be based on any mortality table and interest rate permitted under Subsection (d) and specified in the policy but may, at the insurance company's option, be based on an age not more than three years younger than the insured's actual age.

(f) Except as otherwise provided by Section 425.059 for coverage purchased under a group annuity or pure endowment contract to which that section applies, for a policy issued on a substandard risk, an annuity contract, or a contract or policy for disability benefits or accidental death benefits, the computation must be based on the standards and methods adopted by the insurance company and approved by the commissioner.

(g) For a group insurance policy issued before May 15, 1947,

the computation must be based on the American Men Ultimate Table of Mortality with interest at the rate of three percent or 3-1/2 percent annually as provided by the policy. The reserve value of a group insurance policy issued on or after May 15, 1947, and before January 1, 1961, must be computed on the basis of either the American Men Ultimate Table of Mortality or the Commissioners 1941 Standard Ordinary Mortality Table with interest at a rate not to exceed 3-1/2 percent annually as provided by the policy. For a group insurance policy issued on or after January 1, 1961, the computation must be based on an interest rate not to exceed 3-1/2 percent annually and the mortality table adopted by the insurance company with the commissioner's approval.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 425.071. LAPSE RATES IN MINIMUM STANDARD OF VALUATION. (a) The minimum standard of valuation under this subchapter may include lapse rates in the calculation of reserves for a secondary guarantee in universal life contracts issued after December 31, 2006.

(b) For purposes of this section, a secondary guarantee refers to specified conditions in a universal life contract that, if satisfied, provide for death benefits to remain in effect regardless of the accumulation value in the contract.

(c) Lapse rates authorized by this section may not exceed two percent per year.

(d) The commissioner is authorized to adopt rules to implement this section.

Added by Acts 2007, 80th Leg., R.S., Ch. 681 (H.B. 1590), Sec. 1, eff. June 15, 2007.

Sec. 425.072. MINIMUM STANDARD FOR ACCIDENT AND HEALTH INSURANCE CONTRACTS. (a) The standard prescribed by the valuation manual for accident and health insurance contracts issued on or after the operative date of the valuation manual is the minimum standard of valuation required under Section 425.0535.

(b) For disability, accident and sickness, and accident and health insurance contracts issued before the operative date of the

valuation manual, the minimum standard of valuation is the standard in existence before the operative date of the valuation manual in addition to any requirements established by the commissioner and adopted by rule.

Added by Acts 2015, 84th Leg., R.S., Ch. 313 (S.B. 1654), Sec. 15, eff. September 1, 2015.

Sec. 425.073. VALUATION MANUAL FOR POLICIES ISSUED ON OR AFTER THE OPERATIVE DATE OF THE VALUATION MANUAL. (a) Except as otherwise provided by this section, for policies issued on or after the operative date of the valuation manual, the standard prescribed by the valuation manual is the minimum standard of valuation required under Section 425.0535.

(b) The commissioner by rule shall adopt a valuation manual and determine the operative date of the valuation manual. A valuation manual adopted by the commissioner under this section must be substantially similar to the valuation manual approved by the National Association of Insurance Commissioners. The operative date must be January 1 of the first calendar year immediately following a year in which, on or before July 1, the commissioner determines that:

(1) the valuation manual has been adopted by the National Association of Insurance Commissioners by an affirmative vote of at least 42 members, or three-fourths of the members voting, whichever is greater;

(2) the National Association of Insurance Commissioners Standard Model Valuation Law, as amended by the National Association of Insurance Commissioners in 2009, or legislation including substantially similar terms and provisions, has been enacted by states representing greater than 75 percent of the direct premiums written as reported in the following annual statements submitted for 2008:

(A) life insurance and accident and health annual statements;

(B) health annual statements; or

(C) fraternal annual statements; and

(3) the National Association of Insurance Commissioners Standard Model Valuation Law, as amended by the National Association of Insurance Commissioners in 2009, or legislation including

substantially similar terms and provisions, has been enacted by at least 42 of the following 55 jurisdictions:

- (A) the 50 United States;
- (B) American Samoa;
- (C) the United States Virgin Islands;
- (D) the District of Columbia;
- (E) Guam; and
- (F) Puerto Rico.

(c) After a valuation manual has been adopted by the commissioner by rule, any changes to the valuation manual must be adopted by rule and must be substantially similar to changes adopted by the National Association of Insurance Commissioners. Unless a change in the valuation specifies a later effective date, the effective date for changes to the valuation manual may not be earlier than January 1 of the year immediately following the date on which the commissioner determines that the changes to the valuation manual have been adopted by the National Association of Insurance Commissioners by an affirmative vote representing:

(1) at least three-fourths of the members of the National Association of Insurance Commissioners voting, but not less than a majority of the total membership; and

(2) members of the National Association of Insurance Commissioners representing jurisdictions totaling greater than 75 percent of the direct premiums written as reported in the most recently available annual statements as provided by Subsections (b)(2)(A)-(C).

(d) The valuation manual must specify:

(1) the minimum valuation standards for and definitions of the policies or contracts subject to Section 425.0535, including:

(A) the commissioner's reserve valuation method for life insurance contracts subject to Section 425.0535;

(B) the commissioner's annuity reserve valuation method for annuity contracts subject to Section 425.0535; and

(C) the minimum reserves for all other policies or contracts subject to Section 425.0535;

(2) the policies or contracts that are subject to the requirements of a principle-based valuation under Section 425.074 and the minimum valuation standards consistent with those requirements, including:

(A) the requirements for the format of reports to the

commissioner under Section 425.074(b)(3), which must include the information necessary to determine if a valuation is appropriate and in compliance with this subchapter;

(B) the assumptions prescribed for risks over which the company does not have significant control or influence; and

(C) the procedures for corporate governance and oversight of the actuarial function, and a process for appropriate waiver or modification of the procedures;

(3) the policies that are not subject to a principle-based valuation under Section 425.074;

(4) the data and form of data required under Section 425.075, to whom the data must be submitted, and other desired requirements, including requirements concerning data analyses and reporting of analyses;

(5) other requirements, including requirements relating to reserve methods, models for measuring risk, generation of economic scenarios, assumptions, margins, use of company experience, disclosure, certification, reports, actuarial opinions and memorandums, transition rules, and internal controls; and

(6) an exemption that allows certain small companies to value reserves based on an exception from certain requirements of this section and Section 425.074; however, the premium thresholds for determining whether the exemption applies shall be as follows:

(A) less than \$300 million of ordinary life premium; and

(B) less than \$600 million of combined ordinary life premiums for a group of life insurers if the company is a member of that group.

(e) For purposes of Subsections (d)(6)(A) and (B), an ordinary life premium is measured as a direct premium plus reinsurance assumed from an unaffiliated company, as reported in the prior calendar year statement.

(f) With respect to policies that are not subject to a principle-based valuation under Section 425.074 as described by Subsection (d)(3), the minimum valuation standard specified in the valuation manual must:

(1) be consistent with the minimum valuation standard before the operative date of the valuation manual; or

(2) develop reserves that quantify the benefits and guarantees, and the funding, associated with the contracts and their

risks at a level of conservatism that reflects conditions that include unfavorable events that have a reasonable probability of occurring.

(g) In the absence of a specific valuation requirement or if a specific valuation requirement in the valuation manual does not in the commissioner's opinion comply with this subchapter, the company shall, with respect to the requirement, comply with minimum valuation standards prescribed by the commissioner by rule.

(h) The commissioner may employ or contract with a qualified actuary, at the expense of the company, to perform an actuarial examination of the company and provide an opinion concerning the appropriateness of any reserve assumption or method used by the company, or to review and provide an opinion on a company's compliance with any requirement of this subchapter. The commissioner may rely on the opinion, regarding provisions contained within this subchapter, of a qualified actuary engaged by the insurance supervisory official of another state.

(i) The commissioner may require a company to change an assumption or method as necessary in the commissioner's opinion to comply with a requirement of the valuation manual or this subchapter.

(j) The commissioner may take other disciplinary action as permitted under Chapter 82.

Added by Acts 2015, 84th Leg., R.S., Ch. 313 (S.B. 1654), Sec. 15, eff. September 1, 2015.

Sec. 425.074. REQUIREMENTS OF A PRINCIPLE-BASED VALUATION. (a) A company shall establish reserves using a principle-based valuation that meets the conditions for policies or contracts provided by the valuation manual. At a minimum, the valuation shall:

(1) quantify the benefits and guarantees, and the funding, associated with the contracts and their risks at a level of conservatism that reflects conditions that include unfavorable events that have a reasonable probability of occurring during the terms of the contracts;

(2) with respect to policies and contracts with significant tail risk, reflect conditions appropriately adverse to quantify the tail risk;

(3) incorporate assumptions, risk analysis methods, and

financial models and management techniques that are consistent with those used in the company's overall risk assessment process, while recognizing potential differences in financial reporting structures and any prescribed assumptions or methods;

(4) incorporate assumptions:

(A) prescribed by the valuation manual; or

(B) established:

(i) using the company's available experience, to the extent that data is relevant and statistically credible; or

(ii) to the extent that the company data is not available, relevant, or statistically credible, using other relevant, statistically credible experience; and

(5) provide margins for uncertainty, including adverse deviation and estimation error, such that the greater the uncertainty the larger the margin and resulting reserve.

(b) A company using a principle-based valuation for one or more policies or contracts subject to this section and as specified by the valuation manual shall:

(1) establish procedures for corporate governance and oversight of the actuarial valuation function consistent with procedures specified by the valuation manual;

(2) provide to the commissioner and the company's board of directors an annual certification of the effectiveness of the internal controls with respect to the principle-based valuation; and

(3) develop, and file with the commissioner on request, a principle-based valuation report that complies with standards prescribed in the valuation manual.

(c) A company's internal controls with respect to the principle-based valuation must be designed to ensure that all material risks inherent in the liabilities and associated assets subject to the valuation are included in the valuation, and that valuations are made in accordance with the valuation manual. The certification described by Subsection (b)(2) must be based on the controls in place as of the end of the preceding calendar year.

(d) A principle-based valuation may include a prescribed formulaic reserve component.

Added by Acts 2015, 84th Leg., R.S., Ch. 313 (S.B. [1654](#)), Sec. 15, eff. September 1, 2015.

Sec. 425.075. EXPERIENCE REPORTING FOR POLICIES IN FORCE ON OR AFTER OPERATIVE DATE OF VALUATION MANUAL. A company shall submit mortality, morbidity, policyholder behavior, or expense experience and other data as prescribed in the valuation manual.

Added by Acts 2015, 84th Leg., R.S., Ch. 313 (S.B. 1654), Sec. 15, eff. September 1, 2015.

Sec. 425.076. CONFIDENTIALITY. (a) In this section, "confidential information" means:

(1) a memorandum in support of an opinion submitted under Section 425.0545 and any other documents, materials, and other information, including, but not limited to, all working papers, and copies thereof, created, produced, or obtained by or disclosed to the commissioner or any other person in connection with such memorandum;

(2) all documents, materials, and other information, including, but not limited to, all working papers, and copies thereof, created, produced, or obtained by or disclosed to the commissioner or any other person in the course of an examination made under Section 425.073(h); provided, however, that if an examination report or other material prepared in connection with an examination made under Subchapter B, Chapter 401, is not held as private and confidential information under Subchapter B, Chapter 401, an examination report or other material prepared in connection with an examination made under Section 425.073(h) shall not be "confidential information" to the same extent as if such examination report or other material had been prepared under Subchapter B, Chapter 401;

(3) any reports, documents, materials, and other information developed by a company in support of, or in connection with, an annual certification by the company under Section 425.074(b)(2) evaluating the effectiveness of the company's internal controls with respect to a principle-based valuation and any other documents, materials, and other information, including, but not limited to, all working papers, and copies thereof, created, produced, or obtained by or disclosed to the commissioner or any other person in connection with such reports, documents, materials, and other information;

(4) any principle-based valuation report developed under Section 425.074(b)(3) and any other documents, materials, and other

information, including, but not limited to, all working papers, and copies thereof, created, produced, or obtained by or disclosed to the commissioner or any other person in connection with such report; and

(5) any documents, materials, data, and other information submitted by a company under Section 425.075 (collectively, "experience data") and any other documents, materials, data, and other information, including, but not limited to, all working papers, and copies thereof, created or produced in connection with such experience data, in each case that include any potentially company-identifying or personally identifiable information, that is provided to or obtained by the commissioner (together with any "experience data," the "experience materials") and any other documents, materials, data, and other information, including, but not limited to, all working papers, and copies thereof, created, produced, or obtained by or disclosed to the commissioner or any other person in connection with such experience materials.

(b) Except as provided in this section, a company's confidential information is confidential by law and privileged, and shall not be subject to Chapter 552, Government Code, shall not be subject to subpoena, and shall not be subject to discovery or admissible in evidence in any private civil action; provided, however, that the commissioner is authorized to use the confidential information in the furtherance of any regulatory or legal action brought against the company as a part of the commissioner's official duties.

(c) Neither the commissioner nor any person who received confidential information while acting under the authority of the commissioner shall be permitted or required to testify in any private civil action concerning any confidential information.

(d) In order to assist in the performance of the commissioner's duties, the commissioner may share confidential information (1) with other state, federal, and international regulatory agencies and with the National Association of Insurance Commissioners and its affiliates and subsidiaries and (2) in the case of confidential information specified in Subsections (a)(1) and (a)(4) only, with the Actuarial Board for Counseling and Discipline or its successor upon request stating that the confidential information is required for the purpose of professional disciplinary proceedings and with state, federal, and international law enforcement officials; in the case of (1) and (2), provided that such recipient agrees, and has the legal

authority to agree, to maintain the confidentiality and privileged status of such documents, materials, data, and other information in the same manner and to the same extent as required for the commissioner.

(e) The commissioner may receive documents, materials, data, and other information, including otherwise confidential or privileged documents, materials, data, or information, from the National Association of Insurance Commissioners and its affiliates and subsidiaries, from regulatory or law enforcement officials of other foreign or domestic jurisdictions and from the Actuarial Board for Counseling and Discipline or its successor and shall maintain as confidential or privileged any document, material, data, or other information received with notice or the understanding that it is confidential or privileged under the laws of the jurisdiction that is the source of the document, material, data, or other information.

(f) The commissioner may enter into agreements governing sharing and use of information consistent with Subsections (b) through (k).

(g) No waiver of any applicable privilege or claim of confidentiality in the confidential information shall occur as a result of disclosure to the commissioner under this section or as a result of sharing as authorized in Subsection (d).

(h) A privilege established under the law of any state or jurisdiction that is substantially similar to the privilege established under Subsections (b) through (k) shall be available and enforced in any proceeding in, and in any court of, this state.

(i) In this section, a reference to a regulatory agency, law enforcement agency, or the National Association of Insurance Commissioners includes an employee, agent, consultant, or contractor of the agency or association, as applicable.

(j) Notwithstanding this section, any confidential information specified in Subsections (a)(1) and (a)(4) may be:

(1) subject to subpoena for the purpose of defending an action seeking damages from the appointed actuary submitting the related memorandum in support of an opinion submitted under Section 425.0545 or a principle-based valuation report developed under Section 425.074(b)(3) by reason of an action required by this subchapter or by rules adopted under this subchapter; and

(2) released by the commissioner with the written consent of the company.

(k) Once any portion of a memorandum in support of an opinion submitted under Section 425.0545 or a principle-based valuation report developed under Section 425.074(b)(3) is cited by the company in its marketing or is publicly volunteered to or before a governmental agency other than a state insurance department or is released by the company to the news media, all portions of such memorandum or report shall no longer be confidential and privileged.

(d) An insurer may own, and the insurer may invest not more than 25 percent of the insurer's capital, surplus, and contingency funds in, the capital stock of a single fire and casualty insurance company if that investment gives the insurer a majority of the outstanding stock of the fire and casualty insurance company.

(e) In addition to the investments authorized by this section and subject to Section 425.226, an insurer may invest in the capital stock, bonds, and other obligations of one or more solvent corporations that portion of the insurer's surplus funds that exceeds the greater of:

(1) 10 percent of the insurer's admitted assets, as determined from the insurer's latest annual statement on file with the department; or

(2) the minimum capital and surplus requirements for incorporating a life insurance company under Chapter 841.

(a) Subject to this section, an insurer may invest the insurer's capital, surplus, and contingency funds in a life income interest in a qualified irrevocable express testamentary trust.

(b) For purposes of this section, a trust is a qualified trust if:

(1) each fee simple recipient of any part of the corpus of the trust:

(A) is a public charity, church, educational institution, or scientific institution;

(B) is located in this state; and

(C) is recognized by the United States Internal Revenue Service as exempt from payment of income taxes;

(2) the corpus of the trust is wholly or partly composed of interests in real estate, stocks, bonds, debentures, and other securities of an aggregate total value of at least \$5 million; and

(3) the corpus of the trust produces annual income of at least \$100,000.

(c) An insurer's life income interest in a qualified trust may not exceed 10 percent of the insurer's admitted assets.

(e) In valuing a life income interest in a qualified trust on the insurer's books, the insurer may value the interest only on the basis of the lesser of:

(1) the recognized market established in accordance with

Subsection (d)(3); or

(2) the ratio that the fractional life income interest in the income of the trust bears to the total market value of the properties held by the trust that are of a type of property an insurer may lawfully acquire under the investment statutes of this state.

(b) The aggregate amount of an insurer's investments under this section may not exceed 10 percent of the insurer's capital, surplus, and contingency funds.

(b) Subject to this section, an insurer may loan the insurer's capital, surplus, and contingency funds and take as collateral the bonds or notes of an educational or religious corporation that has provided for the payment of a sufficient amount of the first weekly or monthly revenues of the corporation to an interest and sinking fund account in a bank or trust company as an independent paying agent.

(c) The market value of the stock, bills of exchange, other commercial notes or bills, or securities must be at all times during the continuance of the loan at least 50 percent more than the amount loaned on the securities or obligations.

(d) An insurer may not take as collateral for any loan:

(1) the insurer's capital stock;

(2) the stock of a single corporation in an amount that exceeds 10 percent of the amount of the insurer's own capital, surplus, and contingency funds;

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 425.227. CERTAIN INVESTMENT POWERS NOT A RESTRICTION. The investment powers granted by Sections 425.207 and 425.208 may not be construed as restricting the powers granted by Sections 425.220 and 425.221.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 425.228. INVESTMENTS OF CEDING INSURER. (a) Subject to this section, if a domestic insurer assumes the business and takes over the assets of another domestic or a foreign insurer, all investments of the ceding insurer that were authorized, when made, by the laws of the state in which the ceding insurer was organized as proper securities for investment of the funds of an insurer and that are taken over by the assuming insurer are considered to be valid securities of the assuming insurer under the laws of this state.

(b) The commissioner must approve investments described by Subsection (a) and the terms on which those investments are taken over. The commissioner may require the assuming insurer to dispose of any of the investments on notice the commissioner considers reasonable.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 425.229. AUTHORIZED INVESTMENTS: REAL ESTATE FOR INSURER'S OFFICES. (a) Subject to this section, an insurer may

secure, hold, and convey the following real property:

(1) one building site and office building for the insurer's accommodation in the transaction of the insurer's business and for lease;

(2) branch office buildings in this state and elsewhere within the United States in which the insurer is authorized to engage in business as necessary for the insurer's convenient accommodation in the transaction of the insurer's business and for lease; and

(3) parking facilities adjacent to or in the vicinity of each office building owned by the insurer as reasonably necessary for the insurer and the building tenants.

(b) An office building described by Subsection (a)(1) may be on ground on which the insurer owns a lease the term of which expires not sooner than the 50th anniversary of the date the insurer acquires the lease. The insurer must own, or be entitled to the use of, all the improvements on the leased ground. The value of the improvements must be at least equal to the value of the ground and at least 20 times the annual average ground rentals payable under the lease. The office building must have an annual average net rental of at least twice the annual ground rental. The insurer must be liable for and shall pay all state and local taxes imposed against the ground and improvements. For purposes of taxation, the ground and improvements are considered to be real property owned by the insurer. The commissioner must approve the acquisition of an office building on leased ground before the insurer makes the investment.

(c) The insurer must use at least 50 percent of the space in each branch office building under Subsection (a)(2) that is available for occupancy for business purposes for the transaction of the insurer's business and not for lease to others.

(d) An insurer may make an investment under Subsection (a)(2) or (3) only in a municipality that has a population of 15,000 or more.

(e) An insurer may not make an investment under this section if, after making the investment, the insurer's aggregate investments under this section would exceed 33-1/3 percent of the insurer's admitted assets as of December 31 preceding the date of the investment, except that an insurer's aggregate investments under this section may be increased to an amount not to exceed 50 percent of the insurer's admitted assets if the commissioner approves the investment in advance, and the investment may be further increased if the

additional increase is paid for only from surplus funds and is not included as an admitted asset of the insurer.

(f) The value of each investment under this section is subject to the approval of the commissioner. The commissioner may, at the time the investment is made or any time when an examination of the insurer is being made, have an investment under this section appraised by an appraiser appointed or approved by the commissioner. The insurer shall pay the reasonable expense of the appraisal. The expense of the appraisal is considered to be an expense of the examination of the insurer. An insurer may not make any increase in the valuation of real property described by Subsection (a) unless the increase in valuation is approved by the commissioner, subject to the conditions imposed by Subsection (e).

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 425.230. AUTHORIZED INVESTMENTS: OIL, GAS, AND MINERALS.

(a) In this section and Section 425.231:

(1) "Producing" means producing oil, gas, or other minerals in paying quantities. A well that has been shut in is considered to be producing oil, gas, or other minerals in paying quantities if shut-in royalties are being paid.

(2) "Production payment" means a right to oil, gas, or other minerals in place or as produced that entitles the owner of the right to a specified fraction of production until the owner receives a specified amount of money, or a specified number of units of oil, gas, or other minerals.

(3) "Royalty" or "overriding royalty" means a right to oil, gas, and other minerals in place or as produced that entitles the owner of the right to a specified fraction of production without limitation to a specified amount of money or a specified number of units of oil, gas, or other minerals.

(b) Subject to this section, in addition to and without limitation on the purposes for which real property may be acquired, secured, held, or retained under Section 425.229 or 425.231, an insurer may secure, hold, retain, and convey production payments, producing royalties, and producing overriding royalties as an investment for the production of income.

(c) The aggregate amount of an insurer's investments under this section, plus the aggregate amount of the insurer's investments in home office and branch office properties under Section 425.229, may not exceed the total amount permitted by and is subject to all of the limitations imposed by Sections 425.229(e) and (f). For purposes of this subsection, an investment in production payments, producing royalties, or producing overriding royalties is considered to be an investment in property described by Section 425.229.

(d) For the purposes of Section 425.229(f), the commissioner may establish a value of a production payment, producing royalty, or producing overriding royalty as the maximum amount that the insurer purchasing the production payment, producing royalty, or producing overriding royalty could loan against a first lien on the production payment, producing royalty, or producing overriding royalty under Sections 425.214(f)-(h).

(e) An insurer may not make an investment in production payments, producing royalties, or producing overriding royalties solely for the production of income if, after making the investment, the insurer's total investment at cost in the production payments, producing royalties, or producing overriding royalties would exceed 10 percent of the insurer's admitted assets as of December 31 preceding the date of the investment.

(f) If production in paying quantities from a royalty interest or overriding royalty interest held by an insurer ends, the insurer shall sell and dispose of the royalty or overriding royalty not later than the second anniversary of the date the production ends, unless:

- (1) production in paying quantities has resumed; or
- (2) the insurer obtains from the commissioner a certificate stating that the insurer's interests will suffer materially by the forced sale of the interest.

(g) The commissioner shall state in a certificate under Subsection (f)(2) the amount of time by which the period for sale is extended under that subsection.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 425.231. AUTHORIZED INVESTMENTS: REAL PROPERTY ACQUIRED UNDER CERTAIN CIRCUMSTANCES. (a) Subject to this section, an

insurer may secure, hold, and convey the following real property:

- (1) real property acquired in good faith as security for a loan previously contracted or for money due;
- (2) real property conveyed to the insurer to satisfy a debt previously contracted in the course of the insurer's dealings; and
- (3) real property purchased at a sale under a judgment, court decree, or mortgage or other lien held by the insurer.

(b) An insurer shall sell and dispose of all property described by Subsection (a) that is not necessary for the insurer's accommodation in the convenient transaction of the insurer's business, other than an interest in minerals or royalties reserved on the sale of land acquired under Subsection (a) or an interest in producing royalties or producing overriding royalties otherwise acquired, not later than the fifth anniversary of:

- (1) the date the insurer acquires title to the property; or
- (2) the date the property ceases to be necessary for the accommodation of the insurer's business.

(c) An insurer may hold property acquired under Subsection (a) for a period longer than that specified by Subsection (b) if the insurer obtains a certificate from the commissioner stating that the insurer's interests will suffer materially by the forced sale of the property. The commissioner shall state in the certificate the amount of time by which the period for sale is extended under this subsection.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 425.232. AUTHORIZED INVESTMENTS: IMPROVED INCOME-PRODUCING REAL PROPERTY. (a) In this section, "improved income-producing real property" includes all commercial and industrial real property, a substantial portion of which has been materially enhanced in value by the construction of durable, permanent-type buildings and other improvements costing an amount at least equal to the value of the real property, excluding the buildings and improvements, that is held or acquired by purchase, lease, or otherwise for the production of income. The term does not include agricultural, horticultural, farm and ranch, or residential property, or single or multiunit family dwelling property.

(b) Notwithstanding Sections 425.229, 425.230, and 425.231, subject to this section, a domestic insurer may:

(1) invest any of the insurer's funds and accumulations in improved income-producing real property or any interest in improved income-producing real property; and

(2) hold, improve, maintain, manage, lease, sell, or convey improved income-producing real property or an interest in improved income-producing real property.

(c) The aggregate amount of an insurer's investments in all income-producing real property, including improvements, may not exceed 15 percent of the insurer's admitted assets. The amount of an insurer's investment in a single piece of improved income-producing real property, including improvements, may not exceed five percent of the insurer's admitted assets. For purposes of this subsection, an insurer's admitted assets are determined from the insurer's annual statement as of the preceding December 31 and filed with the department as required by law. Section 425.229(f) applies to the value of any investment made under this section.

(d) The investment authority granted by this section is in addition to that granted by Sections 425.229, 425.230, and 425.231, except that an insurer may not make an investment in improved income-producing real property that, when added to the insurer's investments under Section 425.229, would exceed the limitations imposed by Section 425.229(e).

(e) This section does not permit an insurer to purchase undeveloped real property for the purpose of development or subdivision.

Sec. 426.002. COMPUTATION OF RESERVES. Reserves required by Section 426.001 must be computed in accordance with any rules adopted by the commissioner to adequately protect insureds, secure the solvency of the workers' compensation insurance company, and prevent unreasonably large reserves.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 426.003. MAINTENANCE OF RESERVES; NOTICE OF NONCOMPLIANCE.

(a) If a workers' compensation insurance company's reserves are determined under this chapter to be:

(1) inadequate, the commissioner shall notify the company and require the company to establish and maintain reasonable additional reserves; or

(2) unreasonably large, the commissioner shall notify the company and require the company to reduce the amount of reserves to a reasonable amount.

(b) Not later than the 60th day after the date of notification of noncompliance under Subsection (a), the company shall:

(1) restore compliance as required by Subsection (a); and

(2) file a statement of restored compliance, accompanied by any documentation required by the commissioner.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 427.051. LOAN OR ADVANCE PERMITTED. An insurer or health maintenance organization may obtain a loan or an advance, repayable with interest, of:

- (1) cash;
- (2) cash equivalents; or
- (3) other assets that have a readily determinable value and are satisfactory to the commissioner.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 427.052. SUBORDINATED LIABILITY PERMITTED. (a) An insurer or health maintenance organization may assume a subordinated liability for repayment of a loan or advance described by Section 427.051 and payment of interest on the loan or advance if the insurer or health maintenance organization and the creditor execute a written agreement stating that the creditor may be paid only out of that portion of the insurer's or health maintenance organization's surplus that exceeds the greater of:

- (1) a minimum surplus amount set in the agreement; or
- (2) a minimum surplus amount of \$500,000.

(c) An insurer or health maintenance organization may assume a subordinated liability only after the commissioner has approved the agreement under this chapter or Subchapter C, Chapter 823.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

(b) Notwithstanding Subsection (a), if the loan or advance agreement provides for a sinking fund out of which the loan or advance is to be repaid, the loan or advance is a legal liability of the insurer or health maintenance organization, and a liability with respect to the insurer's or health maintenance organization's financial statement, only to the extent of the amounts accumulated and held in the sinking fund. By agreement of the parties, any portion of the amounts accumulated in the sinking fund may be returned to the surplus of the insurer or health maintenance organization at any time and any amount returned may not be a legal liability of the insurer or health maintenance organization or a liability with respect to the insurer's or health maintenance organization's financial statement.

SUBTITLE C. DELINQUENT INSURERS

CHAPTER 441. SUPERVISION AND CONSERVATORSHIP

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 441.001. FINDINGS AND PURPOSE. (a) An insurer delinquency, or the state's inability to properly proceed in a threatened delinquency, directly or indirectly affects other insurers by creating a lack of public confidence in insurance and insurers. Insurer delinquencies destroy public confidence in the state's ability to regulate insurers. The harmful results of insurer delinquencies, including those described by this subsection, are properly minimized by laws designed to protect and assist insureds, creditors, and owners.

(b) Placing an insurer in receivership often destroys or diminishes, or is likely to destroy or diminish, the value of the insurer's assets, including:

- (1) the insurer's insurance account or in-force business;
- (2) the insurer as a going concern; and
- (3) the insurer's agency force.

(c) The value of the assets described by Subsection (b) should be preserved if the circumstances of the insurer's financial

condition warrant an attempt to rehabilitate or conserve the insurer and the rehabilitation or conservation is otherwise feasible.

(d) It is a proper concern of this state and proper policy to attempt to correct or remedy insurer misconduct, ineptness, or misfortune.

(e) The purpose of this chapter is to:

(1) provide for the rehabilitation and conservation of insurers by authorizing and requiring supervision and conservatorship by the commissioner;

(2) authorize action to determine whether an attempt should be made to rehabilitate and conserve an insurer;

(3) avoid, if possible and feasible, the necessity of placing an insurer under temporary or permanent receivership;

(4) provide for the protection of an insurer's assets pending determination of whether the insurer may be successfully rehabilitated; and

(5) alleviate concerns regarding insurance and insurers.

(f) Rehabilitation of an insurer might not be accomplished in every case, but this chapter facilitates and directs an attempt to rehabilitate an insurer without immediate resort to the harsher remedy of receivership. If receivership becomes necessary, the preliminary supervision and conservatorship may prevent a dissipation of assets, which will benefit policyholders, creditors, and owners.

(g) For the reasons stated by this section, the substance and procedures of this chapter are the public policy of this state and are necessary to the public welfare. That policy and welfare require the availability of this chapter and the application of this chapter if circumstances warrant.

(h) This chapter provides, in conjunction with other law, a generally ordered sequence, and provides for review at each step, of supervision, concurrent conservatorship and rehabilitation, including reinsurance, and cessation of the conservatorship by rehabilitation or by receivership and liquidation if at any time that cessation is indicated or determined to be appropriate.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 441.002. DEFINITION. In this chapter, unless the purposes

of this chapter clearly require or the context clearly indicates another meaning, "insurer" means a person, organization, or company, regardless of whether the person or entity is authorized or admitted, that engages in the business of insurance or that acts as a principal or agent of a person, organization, or company engaged in the business of insurance. The term includes a stock insurance company, reciprocal or interinsurance exchange, Lloyd's plan, fraternal benefit society, stipulated premium company, title insurance company, and mutual insurance company of any kind, including a statewide mutual assessment company, local mutual aid association, burial association, county mutual insurance company, and farm mutual insurance company.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 441.003. APPLICABILITY OF AND COMPLIANCE WITH CHAPTER. Compliance with this chapter is a condition of engaging in the business of insurance in this state. This chapter applies to, and is a consequence of, any other transaction with respect to an insurer or insurance.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 441.004. ACTIONS OF COMMISSIONER. (a) In the event of an insurer's delinquency or suspected delinquency, the commissioner, in the commissioner's administrative discretion, may act under this chapter, another applicable law, or a combination of this chapter and another applicable law.

(b) If the commissioner determines to act under this chapter or is directed by a court to act under this chapter, the commissioner shall comply with the requirements of this chapter.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 441.005. RULES; AUTHORITY FOR ADMINISTRATIVE ACTION. (a)

The commissioner may:

- (1) adopt reasonable rules as necessary to implement and supplement this chapter and the purposes of this chapter; and
- (2) take any administrative action required by the findings of Section 441.001.

(b) The authority granted by this section may be inferred from the context of this chapter.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 441.006. RULES AND PROCEDURES FOR MERGER OF INSURERS. (a) The commissioner shall adopt rules that encourage the merger of insurers in weak financial condition with insurers in strong financial condition in cases in which rehabilitation or conservation of an insurer would be inefficient or impracticable.

(b) On receipt of notice under Subsection (a), the attorney general shall file suit in the nature of quo warranto in a court in Travis County to:

(1) forfeit the insurer's charter; or

(2) require the insurer to comply with the law or prove to the commissioner that the insurer is solvent, and satisfy the requirement that the insurer's condition does not make the continuation of the insurer's business hazardous to the public or to the insurer's policyholders or certificate holders.

(c) The commissioner may at any time refer an insurer to the attorney general for the purpose of taking any remedial action, including applying for the appointment of a receiver under Chapter 442.

(a) Unless otherwise prohibited, the supervisor, conservator, or receiver of an insurer shall provide to the insured's agent of record a copy of each communication provided to an insured if, in the judgment of the supervisor, conservator, or receiver, providing the copy will serve to materially protect the interests of policyholders. The supervisor, conservator, or receiver may also request the assistance of any statewide association of insurance agents in providing to the association's members information that, in the judgment of the supervisor, conservator, or receiver, may serve to materially protect policyholders' interests.

(b) If the supervisor, conservator, or receiver sells a delinquent insurer's policies to another insurer, the purchaser shall:

(1) recognize the pecuniary interest of the agent of record in the policies being sold, regardless of whether the purchaser customarily conducts the purchaser's business through insurance agents;

(2) conduct the purchaser's business with the insured through the agent of record; and

(3) provide to the agent of record a written limited agency contract providing the terms that apply to the conduct of their business together.

(c) A limited agency contract provided under Subsection (b) must provide a level of commission that is reasonable, adequate, and nonconfiscatory.

(d) This subchapter does not prohibit the agent of record from renewing with another insurer an insurance policy purchased by an insurer from a delinquent insurer.

(e) This section does not apply to:

(1) a life, accident, or health insurance policy or contract delivered or issued for delivery by an insurer that is subject to any provision of a law specified in Section 841.002 or any provision of Chapter 882, 884, 887, 888, or 982;

Sec. 443.005. JURISDICTION AND VENUE. (a) Except as authorized by Section 203(e)(3), Pub. L. No. 111-203, a delinquency proceeding may not be commenced under this chapter by a person other than the commissioner, and a court does not have jurisdiction to entertain, hear, or determine any delinquency proceeding commenced by any other person.

(b) A court of this state does not have jurisdiction, other than in accordance with this chapter, to entertain, hear, or determine any complaint praying for:

(1) the liquidation, rehabilitation, seizure, sequestration, conservation, or receivership of any insurer; or

(2) a stay, injunction, restraining order, or other relief preliminary, incidental, or relating to proceedings described by Subdivision (1).

(c) The receivership court, as of the commencement of a delinquency proceeding under this chapter, has exclusive jurisdiction of all property of the insurer, wherever located, including property located outside the territorial limits of the state. The

receivership court has original but not exclusive jurisdiction of all civil proceedings arising:

(1) under this chapter; or

(2) in or related to delinquency proceedings under this chapter.

(d) In addition to other grounds for jurisdiction provided by the law of this state, a court having jurisdiction of the subject matter has jurisdiction over a person served pursuant to Rules 21 and 21a, Texas Rules of Civil Procedure, or other applicable provisions of law in an action brought by the receiver if the person served:

(1) is or has been an agent, or other person who, at any time, has written policies of insurance for or has acted in any manner on behalf of an insurer against which a delinquency proceeding has been instituted, in any action resulting from or incident to such a relationship with the insurer;

(2) is or has been an insurer or reinsurer who, at any time, has entered into a contract of reinsurance with an insurer against which a delinquency proceeding has been instituted, or who is an agent of or for the reinsurer, in any action on or incident to the reinsurance contract;

(3) is or has been an officer, director, manager, trustee, organizer, promoter, or other person in a position of comparable authority or influence over an insurer against which a delinquency proceeding has been instituted, in any action resulting from or incident to such a relationship with the insurer;

(4) at the time of the institution of the delinquency proceeding against the insurer, is or was holding assets in which the receiver claims an interest on behalf of the insurer in any action concerning the assets; or

(5) is obligated to the insurer in any way, in any action on or incident to the obligation.

(e) If, on motion of any party, the receivership court finds that any action, as a matter of substantial justice, should be tried in a forum outside this state, the receivership court may enter an appropriate order to stay further proceedings on the action in this state. Except as to claims against the estate, nothing in this chapter deprives a party of any contractual right to pursue arbitration. A party in arbitration may bring a claim or counterclaim against the estate, but the claim or counterclaim is subject to this chapter.

(f) Service must be made upon the person named in the petition in accordance with Rules 21 and 21a, Texas Rules of Civil Procedure. In lieu of such service, upon application to the receivership court, service may be made in any manner the receivership court directs if it is satisfactorily shown by affidavit:

(1) in the case of a corporation, that the officers of the corporation cannot be served because they have departed from the state or otherwise concealed themselves with intent to avoid service;

(2) in the case of a Lloyd's plan or reciprocal or interinsurance exchange, that the individual attorney in fact or the officers of the corporate attorney in fact cannot be served because of departure or concealment; or

(3) in the case of an individual, that the person cannot be served because of the individual's departure or concealment.

(g) An action authorized by this section must be brought in a district court in Travis County.

(h) At any time after an order is entered pursuant to Section 443.051, 443.101, or 443.151, the commissioner or receiver may transfer the case to the county of the principal office of the person proceeded against. In the event of transfer, the court in which the proceeding was commenced, upon application of the commissioner or receiver, shall direct its clerk to transmit the court's file to the clerk of the court to which the case is to be transferred. The proceeding, after transfer, shall be conducted in the same manner as if it had been commenced in the court to which the matter is transferred.

(i) A person may not intervene in any delinquency proceeding in this state for the purpose of seeking or obtaining payment of any judgment, lien, or other claim of any kind. The claims procedure set forth in this chapter constitutes the exclusive means for obtaining payment of claims from the receivership estate. This provision is not intended to affect the rights conferred on the guaranty associations by Section 443.008(1).

(j) The foregoing provisions of this section notwithstanding, the provisions of this chapter do not confer jurisdiction on the receivership court to resolve coverage disputes between guaranty associations and those asserting claims against them resulting from the initiation of a delinquency proceeding under this chapter. The determination of any dispute with respect to the statutory coverage obligations of any guaranty association by a court or administrative

agency or body with jurisdiction in the guaranty association's state of domicile is binding and conclusive as to the parties in a delinquency proceeding initiated in the receivership court, including the policyholders of the insurer. With respect to a guaranty association's obligations under a rehabilitation plan, the receivership court has jurisdiction only if the guaranty association expressly consents to the jurisdiction of the court.

Sec. 443.007. NOTICE, HEARING, AND APPEAL ON MATTERS SUBMITTED

BY RECEIVER FOR RECEIVERSHIP COURT APPROVAL. (a) Upon written request to the receiver, a person must be placed on the service list to receive notice of matters filed by the receiver. It is the responsibility of the person requesting notice to inform the receiver in writing of any changes in the person's address or to request that the person's name be deleted from the service list. The receiver may require that the persons on the service list provide confirmation that they wish to remain on the service list. Any person who fails to confirm the person's intent to remain on the service list may be purged from the service list. Inclusion on the service list does not confer standing in the delinquency proceeding to raise, appear, or be heard on any issue.

(b) Except as otherwise provided by this chapter, notice and hearing of any matter submitted by the receiver to the receivership court for approval under this chapter must be conducted in accordance with Subsections (c)-(g).

(c) The receiver shall file an application explaining the proposed action and the basis of the proposed action. The receiver may include any evidence in support of the application. If the receiver determines that any documents supporting the application are confidential, the receiver may submit them to the receivership court under seal for in camera inspection.

(d) The receiver shall provide notice of the application to all persons on the service list and any other parties as determined by the receiver. Notice may be provided by first class mail postage paid, electronic mail, or facsimile transmission, at the receiver's discretion. For purposes of this section, notice is deemed to be given on the date that it is deposited with the U.S. Postmaster or transmitted, as applicable, to the last known address as shown on the service list.

(e) Any party in interest objecting to the application must file an objection specifying the grounds for the objection not later than the 20th day after the date of the notice of the filing of the application or within another period as the receivership court may set, and must serve copies on the receiver and any other persons served with the application within the same period. An objecting party has the burden of showing why the receivership court should not authorize the proposed action.

(f) If no objection to the application is timely filed, the receivership court may enter an order approving the application

without a hearing, or hold a hearing to determine if the receiver's application should be approved. The receiver may request that the receivership court enter an order or hold a hearing on an expedited basis.

(g) If an objection is timely filed, the receivership court may hold a hearing. If the receivership court approves the application and, upon a motion by the receiver, determines that the objection was frivolous or filed merely for delay or for another improper purpose, the receivership court shall order the objecting party to pay the receiver's reasonable costs and fees of defending the action.

Sec. 443.008. INJUNCTIONS AND ORDERS. (a) The receivership court may issue any order, process, or judgment, including stays, injunctions, or other orders, as necessary or appropriate to carry out the provisions of this chapter or an approved rehabilitation plan.

(b) This chapter may not be construed to limit the ability of the receiver to apply to a court other than the receivership court in any jurisdiction to carry out any provision of this chapter or for the purpose of pursuing claims against any person.

(c) Except as provided by Subsection (e) or as otherwise provided by this chapter and subject to Subsection (g), the commencement of a delinquency proceeding under this chapter operates as a stay, applicable to all persons, of:

(1) the commencement or continuation, including the issuance or employment of process, of a judicial, administrative, or other action or proceeding against the insurer, including an arbitration proceeding, that was or could have been commenced before the commencement of the delinquency proceeding under this chapter, or to recover a claim against the insurer that arose before the

commencement of the delinquency proceeding under this chapter;

(2) the enforcement against the insurer or against property of the insurer of a judgment obtained before the commencement of the delinquency proceeding under this chapter;

(3) any act to obtain or retain possession of property of the insurer or of property from the insurer or to exercise control over property or records of the insurer;

(4) any act to create, perfect, or enforce any lien against property of the insurer;

(5) any act to collect, assess, or recover a claim against the insurer that arose before the commencement of a delinquency proceeding under this chapter;

(6) the commencement or continuation of an action or proceeding against a reinsurer of the insurer, by the holder of a claim against the insurer, seeking reinsurance recoveries that are contractually due to the insurer; and

(7) except as provided by Subsection (e)(1), the commencement or continuation of an action or proceeding by a governmental unit to terminate or revoke an insurance license.

(d) Except as provided in Subsection (e) or as otherwise provided by this chapter, the commencement of a delinquency proceeding under this chapter operates as a stay, applicable to all persons, of any judicial, administrative, or other action or proceeding, including the enforcement of any judgment, against any insured that was or could have been commenced before the commencement of the delinquency proceeding under this chapter, or to recover a claim against the insured that arose before or after the commencement of the delinquency proceeding under this chapter and for which the insurer is or may be liable under a policy of insurance or is obligated to defend a party. The stay provided by this subsection terminates 90 days after the date of appointment of the receiver, unless, for good cause shown, the stay is extended by order of the receivership court after notice to any affected parties and any hearing the receivership court determines is appropriate.

(e) Notwithstanding Subsection (c), the commencement of a delinquency proceeding under this chapter does not operate as a stay of:

(1) regulatory actions not described by Subsection (c)(7) that are taken by the commissioners of nondomiciliary states, including the suspension of licenses;

- (2) criminal proceedings;
- (3) any act to perfect or to maintain or continue the perfection of an interest in property to the extent that the act is accomplished within any relation back period under applicable law;
- (4) set off as permitted by Section 443.209;
- (5) pursuit and enforcement of nonmonetary governmental claims, judgments, and proceedings;
- (6) presentment of a negotiable instrument and the giving of notice and protesting dishonor of the instrument;
- (7) enforcement of rights against single beneficiary trusts established pursuant to and in compliance with laws relating to credit for reinsurance;
- (8) termination, liquidation, and netting of obligations under qualified financial contracts as provided for in Section 443.261;
- (9) discharge by a guaranty association of statutory responsibilities under any law governing guaranty associations; or
- (10) any of the following actions:
 - (A) an audit by a governmental unit to determine tax liability;
 - (B) the issuance to the insurer by a governmental unit of a notice of tax deficiency;
 - (C) a demand for tax returns; or
 - (D) the making of an assessment for any tax and issuance of a notice and demand for payment of the assessment.
- (f) Except as provided by Subsection (h):
 - (1) the stay of an act against property of the insurer under Subsection (c) continues until the property is no longer property of the receivership estate; and
 - (2) the stay of any other act under Subsection (c) continues until the earlier of the time the delinquency proceeding is closed or dismissed.
- (g) Notwithstanding the provisions of Subsection (c), claims against the insurer that arose before the commencement of the delinquency proceeding under this chapter may be asserted as a counterclaim in any judicial, administrative, or other action or proceeding initiated by or on behalf of the receiver against the holder of the claims.
- (h) On request of a party in interest and after notice and any hearing the receivership court determines is appropriate, the

receivership court may grant relief from the stay of Subsection (c) or (d), such as by terminating, annulling, modifying, or conditioning the stay:

(1) for cause as described by Subsection (i); or

(2) with respect to a stay of an act against property under Subsection (c) if:

(A) the insurer does not have equity in the property;

and

(B) the property is not necessary to an effective rehabilitation plan.

(i) For purposes of Subsection (h), "cause" includes the receiver canceling a policy, surety bond, or surety undertaking if the creditor is entitled, by contract or by law, to require the insured or the principal to have a policy, surety bond, or surety undertaking and the insured or the principal fails to obtain a replacement policy, surety bond, or surety undertaking not later than the later of:

(1) the 30th day after the date the receiver cancels the policy, surety bond, or surety undertaking; or

(2) the time permitted by contract or law.

(j) In any hearing under Subsection (h), the party seeking relief from the stay has the burden of proof on each issue, which must be established by clear and convincing evidence.

(k) The estate of an insurer that is injured by any wilful violation of a stay provided by this section is entitled to actual damages, including costs and attorney's fees. In appropriate circumstances, the receivership court may impose additional sanctions.

(l) Any guaranty association or its designated representative may intervene as a party as a matter of right or otherwise appear and participate in any court proceeding concerning a delinquency proceeding if the association is or may become liable to act as a result of the rehabilitation or liquidation of the insurer. Exercise by any guaranty association or its designated representative of the right to intervene conferred under this subsection does not constitute grounds to establish general personal jurisdiction by the courts of this state. The intervening guaranty association or its designated representative are subject to the receivership court's jurisdiction for the limited purpose for which it intervenes.

(m) Notwithstanding any other provision of law, bond may not be

required of the commissioner or receiver in relation to any stay or injunction under this section.

Sec. 443.009. STATUTES OF LIMITATIONS. (a) If applicable law, an order, or an agreement fixes a period within which the insurer may commence an action, and this period has not expired before the date of the filing of the initial petition in a delinquency proceeding, the receiver may commence an action only before the later of:

(1) the end of the period, including any suspension of the period occurring on or after the filing of the initial petition in a delinquency proceeding; or

(2) four years after the later of the date of entry of an order for either rehabilitation or liquidation.

(b) Except as provided by Subsection (a), if applicable law, an order, or an agreement fixes a period within which the insurer may file any pleading, demand, notice, or proof of claim or loss, cure a default in a case or proceeding, or perform any other similar act, and the period has not expired before the date of the filing of the petition initiating formal delinquency proceedings, the receiver may file, cure, or perform, as the case may be, only before the later of:

(1) the end of the period, including any suspension of the period occurring on or after the filing of the initial petition in the delinquency proceeding; or

(2) 60 days after the later of the date of entry of an

order for either rehabilitation or liquidation.

(c) If applicable law, an order, or an agreement fixes a period for commencing or continuing a civil action in a court other than the receivership court on a claim against the insurer, and the period has not expired before the date of the initial filing of the petition in a delinquency proceeding, then the period does not expire until the later of:

(1) the end of the period, including any suspension of the period occurring on or after the filing of the initial petition in the delinquency proceeding; or

(2) 30 days after termination or expiration of the stay under Section 443.008 with respect to the claim.

(d) If the otherwise applicable limitations period has not expired prior to the initial filing of the petition commencing a delinquency proceeding, any other action or proceeding filed by a receiver may be commenced at any time within four years after the date upon which the cause of action accrues or four years after the date on which the receiver is appointed, whichever is later.

(a) Any present or former officer, manager, director, trustee, owner, employee, or agent of any insurer, or any other persons with authority over or in charge of any segment of the insurer's affairs, shall cooperate with the commissioner or receiver in any proceeding

under this chapter or any investigation preliminary to the proceeding. For purposes of this section:

(1) "person" includes any person who exercises control directly or indirectly over activities of the insurer through any holding company or other affiliate of the insurer; and

(2) "cooperate" includes:

(A) replying promptly in writing to any inquiry from the commissioner or receiver requesting the reply; and

(B) promptly making available to the commissioner or receiver any books, accounts, documents, or other records or information or property of or pertaining to the insurer and in the person's possession, custody, or control.

(b) A person may not obstruct or interfere with the commissioner or receiver in the conduct of any delinquency proceeding or any preliminary or incidental investigation.

(c) This section may not be construed to abridge otherwise existing legal rights, including the right to resist a petition for liquidation or other delinquency proceedings, or other orders.

(d) Any person described by Subsection (a) who fails to cooperate with the commissioner or receiver, or any person who obstructs or interferes with the commissioner or receiver in the conduct of any delinquency proceeding or any preliminary or incidental investigation, or who violates any order validly issued under this chapter:

(1) commits an offense; and

(2) is subject to the imposition by the commissioner of an administrative penalty not to exceed \$10,000 and subject to the revocation or suspension of any licenses issued by the commissioner in accordance with Chapters 82 and 84.

(e) An offense under Subsection (d) is punishable by a fine not exceeding \$10,000 or imprisonment for not more than one year, or both fine and imprisonment.

Sec. 443.011. ACTIONS BY AND AGAINST RECEIVER. (a) An allegation by the receiver of improper or fraudulent conduct against any person may not be the basis of a defense to the enforcement of a contractual obligation owed to the insurer by a third party, unless the conduct is found to have been materially and substantially related to the contractual obligation for which enforcement is sought.

(b) A prior wrongful or negligent action of any present or former officer, manager, director, trustee, owner, employee, or agent of the insurer may not be asserted as a defense to a claim by the receiver under a theory of estoppel, comparative fault, intervening cause, proximate cause, reliance, mitigation of damages, or otherwise, except that the affirmative defense of fraud in the inducement may be asserted against the receiver in a claim based on a contract, and a principal under a surety bond or a surety undertaking is entitled to credit against any reimbursement obligation to the receiver for the value of any property pledged to secure the reimbursement obligation to the extent that the receiver has possession or control of the property or that the insurer or its agents commingled or otherwise misappropriated the property. Evidence of fraud in the inducement is admissible only if the evidence is contained in the records of the insurer.

(c) An action or inaction by the department or the insurance regulatory authorities in any state may not be asserted as a defense to a claim by the receiver.

(d) Except as provided by Subsection (e), a judgment or order entered against an insured or the insurer in contravention of any stay or injunction under this chapter, or at any time by default or collusion, may not be considered as evidence of liability or of the amount of damages in adjudicating claims filed in the estate arising out of the subject matter of the judgment or order.

(e) Subsection (d) does not apply to guaranty associations' claims for amounts paid on settlements and judgments in pursuit of their statutory obligations.

(f) The receiver may not be deemed a governmental entity for the purposes of any state law awarding fees to a litigant who prevails against a governmental entity.

Sec. 443.012. UNRECORDED OBLIGATIONS AND DEFENSES OF AFFILIATES. (a) In any proceeding or claim by the receiver, an affiliate, controlled or controlling person, or present or former officer, manager, director, trustee, or shareholder of the insurer may not assert any defense, unless evidence of the defense was recorded in the books and records of the insurer at or about the time the events giving rise to the defense occurred and, if required by statutory accounting practices and procedures, was timely reported on the insurer's official financial statements filed with the department.

(b) An affiliate, controlled or controlling person, or present or former officer, manager, director, trustee, or shareholder of the insurer may not assert any claim, unless the obligations were recorded in the books and records of the insurer at or about the time the obligations were incurred and, if required by statutory accounting practices and procedures, were timely reported on the insurer's official financial statements filed with the department.

(c) Claims by the receiver against any affiliate, controlled or controlling person, or present or former officer, manager, director, trustee, or shareholder of the insurer based on unrecorded or unreported transactions are not barred by this section.

Sec. 443.013. EXECUTORY CONTRACTS AND UNEXPIRED LEASES. (a) The receiver may assume or reject any executory contract or unexpired lease of the insurer.

(b) Neither the filing of a petition commencing delinquency proceedings under this chapter nor the entry of an order for a delinquency proceeding constitutes a breach or anticipatory breach of any contract or lease of the insurer.

(c) If there has been a default in an executory contract or unexpired lease of the insurer, the receiver may not assume the contract or lease unless, at the time of the assumption of the contract or lease, the receiver:

- (1) cures or provides adequate assurance that the receiver will promptly cure the default; and
- (2) provides adequate assurance of future performance under the contract or lease.

(d) Subsection (c) does not apply to a default that is a breach of a provision relating to:

- (1) the insolvency or financial condition of the insurer at any time before the closing of the delinquency proceeding;
- (2) the appointment of or taking possession by a receiver in a case under this chapter or a custodian before the commencement of the delinquency proceeding; or
- (3) the satisfaction of any penalty rate or provision relating to a default arising from any failure of the insurer to perform nonmonetary obligations under the executory contract or unexpired lease.

(e) A claim arising from the rejection, under this section or a plan of rehabilitation, of an executory contract or unexpired lease of the insurer that has not been assumed shall be determined, treated, and classified as if the claim had arisen before the date of the filing of a successful petition commencing the delinquency proceeding.

Sec. 443.0135. CONTRACTS FOR SPECIAL DEPUTIES. (a) Except as provided by Subsection (c), the receiver shall use a competitive bidding process in the selection of any special deputies appointed under Section 443.102 or 443.154. The process must include procedures to promote the participation of historically underutilized businesses that have been certified by the comptroller under Section 2161.061, Government Code.

(b) A proposal submitted in connection with a bid solicitation under Subsection (a) must describe the efforts that have been made to include historically underutilized businesses as subcontractors and the plan for using the historically underutilized businesses in the administration of the receivership estate. A special deputy appointed under Section 443.102 or 443.154 shall make a good faith effort to implement the plan and shall report to the receiver the special deputy's efforts to identify and subcontract with historically underutilized businesses.

(c) In the event of an emergency, the receiver may appoint a special deputy without soliciting competitive bids. For the purposes of this subsection, an emergency exists if:

(1) a court has made a determination described by Section 202(a)(1)(A)(iv)(I), Pub. L. No. 111-203; or

(2) the receiver concludes that the competitive bidding process would delay the appointment of a special deputy and that the delay could be hazardous to the insurer's policyholders or creditors or the general public.

Sec. 443.014. IMMUNITY AND INDEMNIFICATION OF RECEIVER AND ASSISTANTS. (a) For the purposes of this section, the persons entitled to immunity and indemnification and those entitled to immunity only, as applicable, are:

(1) all present and former receivers responsible for the conduct of a delinquency proceeding under this chapter;

(2) all of the receiver's present and former assistants, including:

(A) all present and former special deputies and assistant special deputies engaged by contract or otherwise;

(B) all persons whom the receiver, special deputies, or assistant special deputies have employed to assist in a delinquency proceeding under this chapter; and

(C) any state employees acting with respect to a delinquency proceeding under this chapter; and

(3) all of the receiver's present and former contractors, including all persons with whom the receiver, special deputies, or assistant special deputies have contracted to assist in a delinquency proceeding under this chapter, including attorneys, accountants, auditors, actuaries, investment bankers, financial advisors, and any other professionals or firms who are retained or contracted with by the receiver as independent contractors and all employees of the contractors.

(b) The receiver, the receiver's assistants, and the receiver's contractors have immunity under this chapter, as described by Subsections (c) and (d).

(c) The receiver, the receiver's assistants, and the receiver's contractors are immune from suit and liability, both personally and in their representative capacities, for any claim for damage to or loss of property or personal injury or other civil liability caused by or resulting from any alleged act, error, or omission of the receiver or any assistant or contractor that arises out of or by

reason of their duties or employment or is taken at the direction of the receivership court, providing that the alleged act, error, or omission is performed in good faith.

(d) Any immunity granted by this section is in addition to any immunity granted by other law.

(e) The receiver and the receiver's assistants are entitled to indemnification under this chapter, as described by Subsections (f)-(1).

(f) If any legal action is commenced against the receiver or any assistant, whether against the receiver or assistant personally or in their official capacity, alleging property damage, property loss, personal injury, or other civil liability caused by or resulting from any alleged act, error, or omission of the receiver or any assistant arising out of or by reason of their duties or employment, the receiver and any assistant are indemnified from the assets of the insurer for all expenses, attorney's fees, judgments, settlements, decrees, or amounts due and owing or paid in satisfaction of or incurred in the defense of the legal action, unless it is determined upon a final adjudication on the merits that the alleged act, error, or omission of the receiver or assistant giving rise to the claim:

(1) did not arise out of or by reason of their duties or employment; or

(2) was caused by intentional or wilful and wanton misconduct.

(g) Attorney's fees and any and all related expenses incurred in defending a legal action for which immunity or indemnity is available under this section must be paid from the assets of the insurer, as the fees and expenses are incurred, and in advance of the final disposition of the legal action upon receipt of an agreement by or on behalf of the receiver or assistant to repay the attorney's fees and expenses, if it is ultimately determined upon a final adjudication on the merits that the receiver or assistant is not entitled to immunity or indemnity under this section.

(h) Any indemnification for expense payments, judgments, settlements, decrees, attorney's fees, surety bond premiums, or other amounts paid or to be paid from the insurer's assets pursuant to this section are an administrative expense of the insurer.

(i) In the event of any actual or threatened litigation against a receiver or any assistant for whom immunity or indemnity may be

available under this section, a reasonable amount of funds, which in the judgment of the receiver may be needed to provide immunity or indemnity, must be segregated and reserved from the assets of the insurer as security for the payment of indemnity until:

(1) all applicable statutes of limitation have run;

(2) all actual or threatened actions against the receiver or any assistant have been completely and finally resolved; and

(3) all obligations under this section have been satisfied.

(j) Instead of segregating and reserving funds under Subsection (i), the receiver may, in the receiver's discretion, obtain a surety bond or make other arrangements that will enable the receiver to secure fully the payment of all obligations under this section.

(k) If any legal action against an assistant for whom indemnity may be available under this section is settled prior to final adjudication on the merits, the receiver must pay the settlement amount on behalf of the assistant, or indemnify the assistant for the settlement amount, unless the receiver determines that the claim:

(1) did not arise out of or by reason of the assistant's duties or employment; or

(2) was caused by the intentional or wilful and wanton misconduct of the assistant.

(l) In any legal action in which a claim is asserted against the receiver, that portion of any settlement relating to the alleged act, error, or omission of the receiver is subject to the approval of the receivership court. The receivership court may not approve that portion of the settlement if it determines that the claim:

(1) did not arise out of or by reason of the receiver's duties or employment; or

(2) was caused by the intentional or wilful and wanton misconduct of the receiver.

(m) Nothing contained or implied in this section may operate or be construed or applied to deprive the receiver, the receiver's assistants, or receiver's contractors of any immunity, indemnity, benefits of law, rights, or defense otherwise available.

(n) The immunity and indemnification provided to the receiver's assistants and the immunity provided to the receiver's contractors under this section do not apply to any action by the receiver against that person.

(o) Subsection (b) applies to any suit based in whole or in part on any alleged act, error, or omission that takes place on or

after September 1, 2005.

(p) Subsections (e)-(l) apply to any suit that is pending on or filed after September 1, 2005, without regard to when the alleged act, error, or omission took place.

Sec. 443.015. APPROVAL AND PAYMENT OF EXPENSES. (a) The receiver may pay any expenses under contracts, leases, employment agreements, or other arrangements entered into by the insurer prior to receivership, as the receiver deems necessary for the purposes of this chapter. The receiver is not required to pay any expenses that the receiver determines are not necessary, and may reject any contract pursuant to Section 443.013.

(b) Receivership expenses other than those described in Subsection (a) must be paid in accordance with Subsections (c)-(f).

(c) The receiver shall submit to the receivership court an application pursuant to Section 443.007 to approve:

(1) the terms of compensation of each special deputy or contractor with respect to which the total amount of the compensation is reasonably expected by the receiver for the duration of the delinquency proceeding to exceed \$250,000, or another amount established by the receivership court; and

(2) any other anticipated expense in excess of \$25,000, or another amount established by the receivership court.

(d) The receiver may, as the receiver deems appropriate, submit an application to approve any compensation, anticipated expenses, or incurred expenses not described by Subsection (c)(1).

(e) The receiver may pay any expenses not requiring receivership court approval and any expenses approved by the rehabilitation or liquidation order as the expenses are incurred.

(f) The approval of expenses by the receivership court does not

prejudice the right of the receiver to seek any recovery, recoupment, disgorgement, or reimbursement of fees based on contract or causes of action recognized in law or in equity.

(g) On a quarterly basis, or as otherwise provided by the receivership court, the receiver shall submit to the receivership court a report summarizing the expenses incurred during the period.

(h) Receivership court approval may not be required to pay expenses incurred by the receiver in connection with the appeal of an order of the receivership court.

(i) All expenses of receivership shall be paid from the assets of the insurer, except as provided by this subsection. In the event that the property of the insurer does not contain sufficient cash or liquid assets to defray the expenses incurred, the commissioner may advance funds from the account established under Section 443.304(c). Any amounts advanced shall be repaid to the account out of the first available money of the insurer.

(a) Not later than the 120th day after the date of entry of an order of receivership by the receivership court, and at least quarterly after that date, the receiver shall file a financial report with the receivership court. A financial report filed under this subsection at a minimum, must include:

- (1) a statement of the assets and liabilities of the

insurer;

(2) the changes in those assets and liabilities; and

(3) all funds received or disbursed by the receiver during the period covered by the report.

(b) The receivership court shall require a financial report filed under Subsection (a) to comply with all receivership financial reporting requirements specified by the National Association of Insurance Commissioners and adopted in this state by rule by the commissioner.

(c) Not later than the 120th day after the date of entry of an order of liquidation by the receivership court, and at least quarterly after that date, or at other intervals as may be agreed to between the liquidator and the guaranty associations, but in no event less than annually, each affected guaranty association shall file reports with the liquidator. Sec. 443.017. RECORDS. (a) Upon entry of an order of rehabilitation or liquidation, the receiver is vested with title to all of the books, documents, papers, policy information, and claim files, and all other records of the insurer, of whatever nature, in whatever medium, and wherever located, regardless of whether the records are in the custody and control of a third-party administrator, managing general agent, attorney, or other representative of the insurer. The receiver may immediately take possession and control of all of the records of the insurer, and of the premises where the records are located. A third-party administrator, managing general agent, attorney, or other

representative of the insurer shall release all records described by this subsection to the receiver, or the receiver's designee, at the request of the receiver. A guaranty association that has or may have obligations under a policy issued by the insurer has the right, with the receiver's approval, to take actions as are necessary to obtain directly from any third-party administrator, managing general agent, attorney, or other representative of the insurer all records described by this section that pertain to the insurer's business and that are appropriate or necessary for the guaranty association to fulfill the association's statutory obligations.

(b) The receiver has the authority to certify the records of a delinquent insurer described by Subsection (a) and the records of the receiver's office created and maintained in connection with a delinquent insurer, as follows:

(1) records of a delinquent insurer may be certified by the receiver in an affidavit stating that the records:

(A) are true and correct copies of records of the insurer; and

(B) were received from the custody of the insurer or found among its effects; and

(2) records created by or filed with the receiver's office in connection with a delinquent insurer may be certified by the receiver's affidavit stating that the records are true and correct copies of records maintained by the receiver's office.

(c) Original books, documents, papers, and other records, or copies of original records certified under Subsection (b), when admitted in evidence, are prima facie evidence of the facts disclosed.

(d) The records of a delinquent insurer held by the receiver may not be considered records of the department for any purposes, and Chapter 552, Government Code, does not apply to those records.

SUBCHAPTER B. PROCEEDINGS

Sec. 443.051. RECEIVERSHIP COURT'S SEIZURE ORDER. (a) The commissioner may file in a district court of Travis County a petition with respect to an insurer domiciled in this state, an unauthorized insurer, or, pursuant to Section 443.401, a foreign insurer:

(1) alleging that grounds exist that would justify a court order for a formal delinquency proceeding against the insurer under this chapter;

(2) alleging that the interests of policyholders, creditors, or the public will be endangered by delay; and

(3) setting forth the contents of a seizure order deemed to be necessary by the commissioner.

(b) Upon a filing under Subsection (a), the receivership court may issue, ex parte and without notice or hearing, the requested seizure order directing the commissioner to take possession and control of all or a part of the property, books, accounts, documents, and other records of an insurer, and of the premises occupied by it for transaction of its business, and until further order of the receivership court, enjoining the insurer and its officers, managers, agents, and employees from disposition of its property and from the transaction of its business except with the written consent of the commissioner. Any person having possession or control of and refusing to deliver any of the books, records, or assets of a person against whom a seizure order has been issued commits an offense. An offense under this subsection is punishable in the manner described by Section 443.010(e).

(c) A petition that prays for injunctive relief must be verified by the commissioner or the commissioner's designee, but need not plead or prove irreparable harm or inadequate remedy at law. The commissioner shall provide only the notice as the receivership court may require.

(d) The receivership court shall specify in the seizure order the duration of the seizure order, which shall be a period the receivership court deems necessary for the commissioner to ascertain the condition of the insurer. On motion of the commissioner or the insurer, or the court's own motion, the receivership court may, from time to time, hold hearings as it deems desirable after notice as it deems appropriate, and may extend, shorten, or modify the terms of

the seizure order. The receivership court shall vacate the seizure order if the commissioner fails to commence a formal delinquency proceeding under this chapter after having had a reasonable opportunity to do so. An order of the receivership court pursuant to a formal proceeding under this chapter vacates the seizure order.

(e) Entry of a seizure order under this section does not constitute a breach or an anticipatory breach of any contract of the insurer.

(f) An insurer subject to an ex parte seizure order under this section may petition the receivership court at any time after the issuance of a seizure order for a hearing and review of the seizure order. The receivership court shall hold the hearing and conduct the review not later than the 15th day after the date of the request. A hearing under this subsection may be held privately in chambers, and a hearing shall be held privately in chambers if the insurer proceeded against so requests.

(g) If, at any time after the issuance of a seizure order, it appears to the receivership court that any person whose interest is or will be substantially affected by the seizure order did not appear at the hearing and has not been served, the receivership court may order that notice be given to the person. An order that notice be given does not stay the effect of any seizure order previously issued by the receivership court.

(h) Whenever the commissioner makes any seizure as provided by Subsection (b), on the demand of the commissioner, the sheriff of any county and the police department of any municipality shall furnish the commissioner with the deputies, patrolmen, or officers as may be necessary to assist the commissioner in making and enforcing the seizure order.

(i) In all proceedings and judicial reviews under this section, all records of the insurer, department files, court records and papers, and other documents, so far as they pertain to or are a part of the record of the proceedings, are confidential, and all papers filed with the clerk of the court shall be held by the clerk in a confidential file as permitted by law, except to the extent necessary to obtain compliance with any order entered in connection with the proceedings, unless and until:

(1) the court, after hearing argument in chambers, orders otherwise;

(2) the insurer requests that the matter be made public; or

(3) the commissioner applies for an order under Section 443.057.

Sec. 443.052. COMMENCEMENT OF FORMAL DELINQUENCY PROCEEDING.

(a) Except as authorized by Section 203(e)(3), Pub. L. No. 111-203, any formal delinquency proceeding against a person shall be commenced by filing a petition in the name of the commissioner or department.

(b) The petition must state the grounds upon which the proceeding is based and the relief requested and may include a prayer for restraining orders and injunctive relief as described in Section 443.008. On the filing of the petition or order, a copy shall be forwarded by first class mail or electronic communication as permitted by the receivership court to the insurance regulatory officials and guaranty associations in states in which the insurer did business.

(c) Any petition that prays for injunctive relief must be verified by the commissioner or the commissioner's designee, but need not plead or prove irreparable harm or inadequate remedy at law. The commissioner shall provide only the notice as the receivership court may require.

(d) If any temporary restraining order is prayed for:

(1) the receivership court may issue an initial order containing the relief requested;

(2) the receivership court shall set a time and date for

the return of summons, not later than 10 days after the time and date of the issuance of the initial order, at which time the person proceeded against may appear before the receivership court for a summary hearing;

(3) the order must state the time and date of its issuance; and

(4) the order may not continue in effect beyond the time and date set for the return of summons, unless the receivership court expressly enters one or more orders extending the restraining order.

(e) If a temporary restraining order is not requested, the receivership court shall cause summons to be issued. The summons must specify a return date not later than the 30th day after the date of issuance and that an answer must be filed at or before the return date.

Sec. 443.053. RETURN OF SUMMONS AND SUMMARY HEARING. (a) The receivership court shall hold a summary hearing at the time and date for the return of summons on a petition to commence a formal delinquency proceeding.

(b) If a person is not served with summons on a petition to commence a formal delinquency proceeding and fails to appear for the summary hearing, the receivership court shall:

- (1) continue the summary hearing not more than 10 days;
- (2) provide for alternative service of summons upon the person; and
- (3) extend any restraining order.

(c) Upon a showing of good faith efforts to effect personal service upon a person who has failed to appear for a continued summary hearing, the receivership court shall order notice of the petition to commence a formal delinquency proceeding to be published. The order and notice shall specify a return date not less than 10 or later than 20 days after the date of publication and that the restraining order has been extended to the continued hearing date.

(d) If a person fails to appear for a summary hearing on a petition to commence a formal delinquency proceeding after service of summons, the receivership court shall enter judgment in favor of the commissioner against that person.

(e) A person who appears for the summary hearing on a petition to commence a formal delinquency proceeding shall file the person's answer at the hearing, and the receivership court shall:

- (1) determine whether to extend any temporary restraining orders pending final judgment; and
- (2) set the case for trial on a date not later than 10 days after the date of the summary hearing.

(f) The receivership court may not grant a continuance for filing an answer.

Sec. 443.054. PROCEEDINGS FOR EXPEDITED TRIAL: CONTINUANCES, DISCOVERY, EVIDENCE. (a) The receivership court shall proceed to hear the case on the petition to commence a formal delinquency proceeding at the time and date set forth for trial. To the extent practicable, the receivership court shall give precedence to the

matter over all other matters. To the extent authorized by law, the receivership court may assign the matter to other judges if necessary to comply with the need for expedited proceedings under this chapter.

(b) Continuances for trial may be granted only in extreme circumstances.

(c) The receivership court shall admit into evidence, as self-authenticated, certified copies of any of the following when offered by the commissioner:

(1) the financial statements made by the insurer or an affiliate;

(2) examination reports of the insurer or an affiliate made by or on behalf of the commissioner; and

(3) any other document filed with any insurance department by the insurer or an affiliate.

(d) The facts contained in any examination report of the insurer or an affiliate made by or on behalf of the commissioner are presumed to be true as of the date of the hearing if the examination was made as of a date not more than 270 days before the date the petition was filed. The presumption is rebuttable, and shifts the burden of production and persuasion to the insurer.

(e) Discovery is limited to grounds alleged in the petition and shall be concluded on an expedited basis.

Sec. 443.055. DECISION AND APPEALS. (a) The receivership court shall enter judgment on the petition to commence formal delinquency proceedings not later than the 15th day after the date of conclusion of the evidence.

(b) The judgment is final when entered. Any appeal must be prosecuted on an expedited basis and must be taken not later than the fifth day after the date of entry of the judgment. A request for

reconsideration, review, or appeal, or posting of a bond does not dissolve or stay the judgment.

Sec. 443.056. CONFIDENTIALITY. (a) The commissioner, rehabilitator, or liquidator may share documents, materials, or other information in the possession, custody, or control of the department without regard to the confidentiality of those documents, materials, or information, pertaining to an insurer that is the subject of a proceeding under this chapter with other state, federal, and international regulatory agencies, with the National Association of Insurance Commissioners and its affiliates and subsidiaries, with state, federal, and international law enforcement authorities, with an auditor appointed by the receivership court in accordance with Section 443.355, and, pursuant to Section 443.105, with representatives of guaranty associations that may have statutory obligations as a result of the insolvency of the insurer, provided that the recipient agrees to maintain the confidentiality, if any, of the documents, material, or other information. Nothing in this section limits the power of the commissioner to disclose information under other applicable law.

(b) A domiciliary receiver shall permit a commissioner of another state or a guaranty association to obtain a listing of policyholders and certificate holders residing in the requestor's state, including current addresses and summary policy information, provided that the commissioner of the other state or the guaranty association agrees to maintain the confidentiality of the records and agrees that the records will be used only for regulatory or guaranty association purposes. Access to records may be limited to normal business hours. In the event that the domiciliary receiver believes that certain information is sensitive and that disclosure may cause a

diminution in recovery, the receiver may apply for a protective order imposing additional restrictions on access.

(c) The Texas Workers' Compensation Commission shall report to the department any information that a workers' compensation insurer has committed acts that indicate that the insurer is impaired or insolvent. A report made under this subsection is confidential under this section.

(d) The confidentiality obligations imposed by this section end upon the entry of an order of liquidation against the insurer, unless otherwise agreed to by the parties or pursuant to an order of the receivership court.

(e) A waiver of any applicable privilege or claim of confidentiality does not occur as a result of any disclosure, or any sharing of documents, materials, or other information, made pursuant to this section.

Sec. 443.057. GROUNDS FOR CONSERVATION, REHABILITATION, OR LIQUIDATION. A petition with respect to an insurer domiciled in this state or an unauthorized insurer for an order of rehabilitation or liquidation may be filed on any one or more of the following grounds:

- (1) the insurer is impaired;
- (2) the insurer is insolvent;
- (3) the insurer is about to become insolvent, with "about to become insolvent" being defined as reasonably anticipated that the

insurer will not have liquid assets to meet its next 90 days' current obligations;

(4) the insurer has neglected or refused to comply with an order of the commissioner to make good within the time prescribed by law any deficiency, whenever its capital and minimum required surplus, if a stock company, or its surplus, if a company other than stock, has become impaired;

(5) the insurer, its parent company, its subsidiaries, or its affiliates have converted, wasted, or concealed property of the insurer or have otherwise improperly disposed of, dissipated, used, released, transferred, sold, assigned, hypothecated, or removed the property of the insurer;

(6) the insurer is in a condition such that it could not meet the requirements for organization and authorization as required by law, except as to the amount of the original surplus required of a stock company under Title 6, and except as to the amount of the surplus required of a company other than a stock company in excess of the minimum surplus required to be maintained;

(7) the insurer, its parent company, its subsidiaries, or its affiliates have concealed, removed, altered, destroyed, or failed to establish and maintain books, records, documents, accounts, vouchers, and other pertinent material adequate for the determination of the financial condition of the insurer by examination under Chapter 401 or has failed to properly administer claims or maintain claims records that are adequate for the determination of its outstanding claims liability;

(8) at any time after the issuance of an order under Section 404.003 or Chapter 441, or at the time of instituting any proceeding under this chapter, it appears to the commissioner that, upon good cause shown, it would not be in the best interest of the policyholders, creditors, or the public to proceed with the conduct of the business of the insurer;

(9) the insurer is in a condition such that the further transaction of business would be hazardous financially, according to Subchapter A, Chapter 404, or otherwise, to its policyholders, creditors, or the public;

(10) there is reasonable cause to believe that there has been embezzlement from the insurer, wrongful sequestration or diversion of the insurer's property, forgery or fraud affecting the insurer, or other illegal conduct in, by, or with respect to the

insurer that, if established, would endanger assets in an amount threatening the solvency of the insurer;

(11) control of the insurer is in a person who is:

(A) dishonest or untrustworthy; or

(B) so lacking in insurance company managerial experience or capability as to be hazardous to policyholders, creditors, or the public;

(12) any person who in fact has executive authority in the insurer, whether an officer, manager, general agent, director, trustee, employee, shareholder, or other person, has refused to be examined under oath by the commissioner concerning the insurer's affairs, whether in this state or elsewhere or if examined under oath, refuses to divulge pertinent information reasonably known to the person; and after reasonable notice of the fact, the insurer has failed promptly and effectively to terminate the employment and status of the person and all the person's influence on management;

(13) after demand by the commissioner under Chapter 401 or under this chapter, the insurer has failed promptly to make available for examination any of its own property, books, accounts, documents, or other records, or those of any subsidiary or related company within the control of the insurer or of any person having executive authority in the insurer, so far as they pertain to the insurer;

(14) without first obtaining the written consent of the commissioner, the insurer has transferred, or attempted to transfer, in a manner contrary to Chapter 823 or any law relating to bulk reinsurance, substantially its entire property or business, or has entered into any transaction the effect of which is to merge, consolidate, or reinsure substantially its entire property or business in or with the property or business of any other person;

(15) the insurer or its property has been or is the subject of an application for the appointment of a receiver, trustee, custodian, conservator, sequestrator, or similar fiduciary of the insurer or its property otherwise than as authorized under the insurance laws of this state;

(16) within the previous five years, the insurer has wilfully and continuously violated its charter, articles of incorporation or bylaws, any insurance law of this state, or any valid order of the commissioner;

(17) the insurer has failed to pay within 60 days after the due date any obligation to any state or political subdivision of a

state or any judgment entered in any state, if the court in which the judgment was entered had jurisdiction over the subject matter, except that nonpayment is not a ground until 60 days after any good faith effort by the insurer to contest the obligation has been terminated, whether it is before the commissioner or in the courts;

(18) the insurer has systematically engaged in the practice of reaching settlements with and obtaining releases from claimants, and then unreasonably delayed payment, failed to pay the agreed-upon settlements, or systematically attempted to compromise with claimants or other creditors on the ground that it is financially unable to pay its claims or obligations in full;

(19) the insurer has failed to file its annual report or other financial report required by statute within the time allowed by law;

(20) the board of directors or the holders of a majority of the shares entitled to vote, or a majority of those individuals entitled to the control of those entities specified by Section 443.003, request or consent to rehabilitation or liquidation under this chapter;

(21) the insurer does not comply with its domiciliary state's requirements for issuance to it of a certificate of authority, or its certificate of authority has been revoked by its state of domicile;

(22) when authorized by department rules; or

(23) a court has made a determination described by Section 202(a)(1)(A)(iv)(I), Pub. L. No. 111-203.

SUBCHAPTER C. REHABILITATION

Sec. 443.101. REHABILITATION ORDERS. (a) An order to rehabilitate the business of an insurer must appoint the commissioner and the commissioner's successors in office as the rehabilitator and must direct the rehabilitator to take possession of the property of the insurer wherever located and to administer it subject to this chapter. The rehabilitator is entitled to request the receivership

court to appoint a single judge to supervise the rehabilitation and hear any cases or controversies arising out of or related to the rehabilitation. Rehabilitation proceedings are exempt from any dormancy or similar program maintained by the receivership court for the early closure of civil actions. The filing or recording of the order with the clerk of the court or recorder of deeds of the county in which the principal business of the company is conducted, or, in the case of real estate, the county in which its principal office or place of business is located, imparts the same notice as a deed, bill of sale, or other evidence of title filed or recorded with the recorder of deeds would impart. The order to rehabilitate the insurer must, by operation of law, vest title to all property of the insurer in the rehabilitator.

(b) Any order issued under this section must require accountings to the receivership court by the rehabilitator. Accountings must be at the intervals specified by the receivership court in its order, but not less frequently than semi-annually. Each accounting must include a report concerning the rehabilitator's opinion as to the likelihood that a plan under Section 443.103 will be prepared by the rehabilitator and the timetable for doing so.

(c) In recognition of the need for a prompt and final resolution for all persons affected by a plan of rehabilitation, any appeal from an order of rehabilitation or an order approving a plan of rehabilitation must be heard on an expedited basis. A stay of an order of rehabilitation or an order approving a plan of rehabilitation may not be granted unless the appellant demonstrates that extraordinary circumstances warrant delaying the recovery under the plan of rehabilitation of all other persons, including policyholders. If the plan provides an appropriate mechanism for adjustment in the event of any adverse ruling from an appeal, a stay may not be granted.

Sec. 443.102. POWERS AND DUTIES OF REHABILITATOR. (a) The rehabilitator may appoint one or more special deputies. A special deputy serves at the pleasure of the rehabilitator and has all the powers and responsibilities of the rehabilitator granted under this section, unless specifically limited by the rehabilitator. The rehabilitator may employ or contract with legal counsel, actuaries, accountants, appraisers, consultants, clerks, assistants, and other personnel as may be deemed necessary. Any special deputy or any other person with whom the rehabilitator contracts under this subsection may act on behalf of the commissioner only in the commissioner's capacity as rehabilitator. Any person with whom the rehabilitator contracts under this subsection is not considered an agent of the state, and any contract entered into under this subsection does not constitute a contract with the state. The provisions of any law governing the procurement of goods and services by the state does not apply to any contract entered into by the commissioner as rehabilitator. The compensation of any special deputies, employees, and contractors and all expenses of taking possession of the insurer and of conducting the rehabilitation shall be fixed by the rehabilitator, with the approval of the receivership court in accordance with Section 443.015, and shall be paid out of the property of the insurer. The persons appointed under this subsection serve at the pleasure of the rehabilitator. If the rehabilitator deems it necessary to the proper performance of the rehabilitator's duties under this chapter, the rehabilitator may appoint an advisory committee of policyholders, claimants, or other creditors, including guaranty associations. The advisory committee serves at the pleasure of the rehabilitator and without compensation or reimbursement for expenses. The rehabilitator or the receivership court in rehabilitation proceedings conducted under this chapter may not appoint another committee of any nature.

(b) The rehabilitator may take action as the rehabilitator

deems necessary or appropriate to reform and revitalize the insurer, including canceling policies, insurance and reinsurance contracts other than life or health insurance or annuities, or surety bonds or surety undertakings or transferring policies, insurance and reinsurance contracts, or surety bonds or surety undertakings to a solvent assuming insurer, with court approval. The rehabilitator has all the powers of the directors, officers, and managers of the insurer, whose authority is suspended, except as redelegated by the rehabilitator. The rehabilitator has full power to direct and manage, hire and discharge employees, and deal with the property and business of the insurer.

(c) If it appears to the rehabilitator that there has been criminal or tortious conduct or breach of any contractual or fiduciary obligation detrimental to the insurer by any officer, manager, agent, broker, employee, affiliate or other person, the rehabilitator may pursue all appropriate legal remedies on behalf of the insurer.

(d) The rehabilitator may assert all defenses available to the insurer as against third persons, including statutes of limitations, statutes of frauds, and the defense of usury. A waiver of any defense by the insurer after a petition under this chapter has been filed does not bind the rehabilitator.

(e) The enumeration, in this section, of the powers and authority of the rehabilitator may not be construed as a limitation upon the rehabilitator, nor shall it exclude in any manner the right to do other acts not specifically enumerated or otherwise provided for, as may be necessary or appropriate for the accomplishment of or in aid of the purpose of rehabilitation.

(f) The rehabilitator may exercise all powers:

(1) possessed on August 31, 2005, by a receiver appointed for the purpose of rehabilitating an insurer; or

(2) conferred on a rehabilitator after that date by the laws of this state that are not inconsistent with this chapter.

Sec. 443.103. REHABILITATION PLANS. (a) The rehabilitator shall prepare and file a plan to effect rehabilitation with the receivership court not later than the first anniversary of the entry of the rehabilitation order or another further time as the receivership court may allow. Upon application of the rehabilitator for approval of the plan, and after the notice and hearings the receivership court may prescribe, the receivership court may approve or disapprove the proposed plan or may modify it and approve it as modified. Any plan approved under this section must be, in the judgment of the receivership court, fair and equitable to all parties concerned. If the plan is approved, the rehabilitator shall carry out the plan. A plan for a life insurer may propose imposition of a moratorium upon loan and cash surrender rights under policies, for a period not to exceed one year from the entry of the rehabilitation order approving the rehabilitation plan, unless the receivership court, for good cause shown, extends the moratorium.

(b) Once a plan has been filed, any party in interest may object to the plan.

(c) A plan must:

(1) except as provided by Subsection (e), provide no less favorable treatment of a claim or class of claims than would occur in liquidation, unless the holder of a particular claim or interest agrees to a less favorable treatment of that particular claim or interest;

(2) provide adequate means for the plan's implementation;

(3) contain information concerning the financial condition of the insurer and the operation and effect of the plan, as far as is reasonably practicable in light of the nature and history of the

insurer, the condition of the insurer's books and records, and the nature of the plan; and

(4) provide for the disposition of the books, records, documents, and other information relevant to the duties and obligations covered by the plan.

(d) A plan may include any other provision not inconsistent with the provisions of this chapter, including:

(1) payment of distributions;

(2) assumption or reinsurance of all or a portion of the insurer's remaining liabilities by, and transfer of assets and related books and records to, an authorized insurer or other entity;

(3) to the extent appropriate, application of insurance company regulatory market conduct standards to any entity administering claims on behalf of the receiver or assuming direct liabilities of the insurer;

(4) contracting with a state guaranty association or any other qualified entity to perform the administration of claims;

(5) annual independent financial and performance audits of any entity administering claims on behalf of the receiver that is not otherwise subject to examination pursuant to state insurance law; and

(6) termination of the insurer's liabilities other than those under policies of insurance as of a date certain.

(e) A plan may designate and separately treat one or more separate subclasses of claims consisting only of claims within the subclasses that are for or reduced to de minimis amounts. For purposes of this subsection, a "de minimis amount" means any amount equal to or less than a maximum de minimis amount approved by the receivership court as being reasonable and necessary for administrative convenience.

Sec. 443.104. TERMINATION OF REHABILITATION. (a) When the rehabilitator believes further attempts to rehabilitate an insurer would substantially increase the risk of loss to creditors, policyholders, or the public or would be futile, the rehabilitator may move for an order of liquidation. In accordance with Section 443.105, the rehabilitator or the rehabilitator's designated representative shall coordinate with the guaranty associations that may become liable as a result of the liquidation and any national association of guaranty associations to plan for transition to liquidation.

(b) Because the protection of the interests of insureds, claimants, and the public requires the timely performance of all insurance policy obligations, if the payment of policy obligations is suspended in substantial part for a period of six months at any time after the appointment of the rehabilitator and the rehabilitator has not filed an application for approval of a plan under Section 443.103, the rehabilitator shall petition the receivership court for an order of liquidation.

(c) The rehabilitator or the directors of the insurer may at any time petition the receivership court for, or the receivership court on its own motion may enter, an order terminating rehabilitation of an insurer. Subject to the provisions of Section 443.351, if the receivership court finds that rehabilitation has been accomplished and that grounds for rehabilitation under Section 443.057 no longer exist, it shall order that the insurer be restored to title and possession of its property and the control of the business.

Sec. 443.105. COORDINATION WITH GUARANTY ASSOCIATIONS. (a)

The receiver shall notify any potentially obligated guaranty association or the guaranty association's representative concerning the entry of a rehabilitation order and shall update the guaranty association or its representative regarding significant developments that impact efforts to rehabilitate the insurer. On a determination by the rehabilitator that rehabilitation efforts may not be successful, the rehabilitator shall participate in cooperative efforts with the potentially obligated guaranty associations. To facilitate an orderly transition to liquidation, the rehabilitator shall make available to the guaranty associations the information necessary to discharge their responsibilities upon becoming statutorily obligated. To the extent that information is available, or as it becomes available, the rehabilitator shall provide appropriate information to guaranty associations in the states in which the insurer transacted business.

(b) For the purposes of Subsection (a), "appropriate information" may include the following for lines of business written by the insurer, whether covered or not covered by guaranty associations:

- (1) a general description of the different types of business written or assumed by the insurer;
- (2) claim counts and policy counts by state and by line of business;
- (3) claim and policy reserves;
- (4) account values and cash surrender values;
- (5) policy loans;
- (6) interest crediting history;
- (7) premiums and mode of payment;
- (8) unpaid claims and amounts;
- (9) sample policies and endorsements;
- (10) a listing of different locations of claim files;
- (11) if third-party administrators were used, copies of executed contracts and a description of the contractual arrangements; and
- (12) information concerning claims in litigation or dispute, including a listing of claims with assigned defense counsel for those claims going to trial in the near future after a possible liquidation date.

(c) For the purposes of Subsection (a), "appropriate information" also includes information concerning states in which the

insurer is or was licensed and periods for which the insurer is or was licensed and other information reasonably requested by a guaranty association necessary for the guaranty association to fulfill its statutory duties.

(d) In the case of a property and casualty insurer, the rehabilitator, in cooperation with the guaranty associations, shall make all reasonable efforts to prepare the insurer's electronic policy and claims data so that, upon the entry of an order of liquidation, the data will be ready for transmission using the Uniform Data Standards as promulgated by the National Association of Insurance Commissioners.

(e) The list of what appropriate information includes under Subsections (b) and (c) is not necessarily an exclusive list. Other information may be necessary to ensure that an orderly transition to liquidation occurs, and that information may be appropriately provided by the receiver.

SUBCHAPTER D. LIQUIDATION

Sec. 443.151. LIQUIDATION ORDERS. (a) An order to liquidate the business of an insurer shall appoint the commissioner and any successor in office as the liquidator and shall direct the liquidator to take possession of the property of the insurer and to administer it subject to this chapter. The liquidator is entitled to request the receivership court to appoint a single judge to supervise the liquidation and to hear any cases or controversies arising out of or related to the liquidation. Liquidation proceedings are exempt from any dormancy or similar program maintained by the receivership court for the early closure of civil actions. As of the entry of the final order of liquidation, the liquidator is vested by operation of law with the title to all of the property, contracts, rights of action,

and books and records of the insurer ordered liquidated, wherever located. The filing or recording of the order with the clerk of the court and the recorder of deeds of the county in which the insurer's principal office or place of business is located or, in the case of real estate, the county where the property is located, imparts the same notice as a deed, bill of sale, or other evidence of title filed or recorded with that recorder of deeds would impart.

(b) Upon issuance of the order of liquidation, the rights and liabilities of the insurer and of its creditors, policyholders, shareholders, members, and all other persons interested in its estate become fixed as of the date of entry of the order of liquidation, except as provided by Sections 443.152 and 443.255, unless otherwise fixed by the court.

(c) An order to liquidate the business of an alien insurer in this state must be in the same terms and has the same legal effect as an order to liquidate a domestic insurer.

(d) At the time of petitioning for an order of liquidation, or at any time after petitioning, the commissioner may petition the receivership court for a judicial declaration of insolvency. After providing the notice and hearing as it deems proper, the receivership court may make the declaration of insolvency.

(e) In the event an order of liquidation is set aside on appeal, the company may not be released from delinquency proceedings except in accordance with Section 443.351.

Sec. 443.152. CONTINUANCE OF COVERAGE. (a) Notwithstanding any policy or contract language or any other statute, all reinsurance contracts by which the insurer has assumed the insurance obligations of another insurer are canceled upon entry of an order of liquidation.

(b) Notwithstanding any policy or contract language or any other statute, all policies, insurance contracts other than reinsurance by which the insurer has ceded insurance obligations to another person, and surety bonds or surety undertakings, other than life or health insurance or annuities, in effect at the time of issuance of an order of liquidation, unless further extended by the receiver with the approval of the receivership court, continue in force only until the earlier of:

- (1) the 30th day after the date of entry of the liquidation order;
- (2) the date of expiration of the policy coverage;
- (3) the date the insured has replaced the insurance coverage with equivalent insurance with another insurer or otherwise terminated the policy;
- (4) the date the liquidator has effected a transfer of the policy obligation pursuant to Section 443.154(h); or
- (5) the date proposed by the liquidator and approved by the receivership court to cancel coverage.

(c) An order of liquidation under Section 443.151 must terminate coverages at the time specified by Subsections (a) and (b) for purposes of any other statute.

(d) Policies of life or health insurance or annuities covered by a guaranty association and any portion of policies of life or health insurance or annuities covered by a guaranty association continue in force for the period and under the terms provided for by any applicable guaranty association law. Policies of life or health insurance or annuities not covered by a guaranty association and any portion of policies of life or health insurance or annuities not covered by a guaranty association terminate under Subsection (b), except to the extent the liquidator proposes and the receivership court approves the use of property of the estate, consistent with Section 443.301, for the purpose of continuing the contracts or coverage by transferring them to an assuming reinsurer.

(e) The cancellation of any bond or surety undertaking does not release any cosurety or guarantor.

(f) The obligations of the insolvent insurer's reinsurers are not released or discharged by a cancellation under this section.

Sec. 443.153. SALE OR DISSOLUTION OF INSURER'S CORPORATE ENTITY. (a) Notwithstanding the entry of a liquidation order, the liquidator may apply for an order to sell or dissolve the corporate entity or charter of a domestic insurer or the United States branch of an alien insurer domiciled in this state at any time after an order of liquidation of the insurer has been granted, consistent with the provisions of this section.

(b) Upon an application to sell the corporate entity or charter, with notice as prescribed in this chapter, the receivership court may enter an order:

(1) separating the corporate entity or charter, together with any of its licenses to do business and the assets the liquidator deems appropriate to the transaction, from the remaining estate in liquidation and all of the remaining estate's assets and the claims or interests of all claimants, creditors, policyholders, and stockholders;

(2) canceling all outstanding stock and other securities of and other equity interests in the corporate entity or charter, provided that the cancellation may not affect any claim against the estate by a holder of an equity interest;

(3) authorizing the issuance and sale of new stock or other

securities for the purpose of transferring to one or more buyers control and ownership of the corporate entity or charter; and

(4) authorizing the sale of the corporate entity or charter, together with any of its authorizations or licenses to do business and the general assets of the estate the liquidator deems to be appropriate to the transaction, free and clear from the claims or interest of all claimants, creditors, policyholders, and stockholders.

(c) The sale of the corporate entity or charter may be made in the manner and on the terms and conditions applied for by the liquidator and ordered by the receivership court. Any sale is subject to the domiciliary state's laws regarding acquisition of an insurer, Chapter 823, and any other law regarding the transfer of control of insurers. The proceeds from the sale of the corporate entity or charter become a part of the property of the estate in liquidation. The separate corporate entity or charter, together with any of its authorizations or licenses to do business and such assets as the liquidator deems appropriate to the transaction, are, following the sale of the corporate entity or charter, free and clear from the claims or interest of all claimants, creditors, policyholders, and stockholders of the corporation in liquidation.

(d) This section shall be liberally construed to accomplish its purposes to:

(1) provide an expeditious and effective procedure to realize the maximum proceeds possible from the sale of a corporate entity or charter separated from an estate in liquidation; and

(2) ensure that the purchasers receive clear and marketable titles.

(e) If permission to sell the corporate entity or charter is not granted prior to discharge of the liquidator, in accordance with this section or otherwise with receivership court approval:

(1) the receivership court may order dissolution of the corporate entity or charter;

(2) dissolution shall be deemed complete by operation of law upon the discharge of the liquidator if the insurer is insolvent; or

(3) dissolution may be ordered by the receivership court upon the discharge of the liquidator if the insurer is under a liquidation order for some other reason.

Sec. 443.154. POWERS OF LIQUIDATOR. (a) The liquidator may appoint a special deputy or deputies to act for the liquidator under this chapter and employ or contract with legal counsel, actuaries, accountants, appraisers, consultants, clerks, assistants, and other personnel the liquidator may deem necessary to assist in the liquidation. A special deputy has all powers of the liquidator granted by this section, unless specifically limited by the liquidator, and serves at the pleasure of the liquidator. A special deputy or any other person with whom the liquidator contracts under this subsection may act on behalf of the commissioner only in the commissioner's capacity as liquidator. Any person with whom the liquidator contracts is not considered to be an agent of the state and any contract under this subsection is not a contract with the state. The provisions of any law governing the procurement of goods and services by the state do not apply to any contract entered into by the commissioner as liquidator. This subsection does not waive any immunity granted by Section 443.014 or create any cause of action against the state.

(b) The liquidator may determine the reasonable compensation for any special deputies, employees, or contractors retained by the liquidator as provided in Subsection (a) and pay compensation in accordance with Section 443.015.

(c) The liquidator may appoint, with the approval of the receivership court, an advisory committee of policyholders, claimants, or other creditors, including guaranty associations, if the committee be deemed necessary. The advisory committee serves at the pleasure of the liquidator, and the decision to appoint an advisory committee is at the sole discretion of the liquidator. The advisory committee serves without compensation or reimbursement for expenses. The liquidator or the receivership court in liquidation

proceedings conducted under this chapter may not appoint another committee of any nature.

(d) The liquidator may hold hearings, subpoena witnesses to compel their attendance, administer oaths, examine any person under oath, compel any persons to subscribe to their testimony after it has been correctly reduced to writing, and, in connection with a power under this subsection, require the production of any books, papers, records, or other documents that the liquidator deems relevant to the inquiry.

(e) The liquidator may audit the books and records of all agents of the insurer to the extent that those books and records relate to the business activities of the insurer.

(f) The liquidator may collect all debts and moneys due and claims belonging to the insurer, wherever located, and may:

(1) institute action in other jurisdictions, in order to forestall garnishment and attachment proceedings against the debts;

(2) do other acts as necessary or expedient to collect, conserve, or protect the insurer's property, including the power to sell, compromise, or assign debts for purposes of collection upon such terms and conditions as the liquidator deems consistent with this chapter; and

(3) pursue any creditor's remedies available to enforce the insurer's claims.

(g) The liquidator may conduct public and private sales of the property of the insurer.

(h) The liquidator may use property of the estate of an insurer under a liquidation order to transfer to a solvent assuming insurer policy obligations or the insurer's obligations under surety bonds and surety undertakings as well as collateral held by the insurer with respect to the reimbursement obligations of the principals under those surety bonds and surety undertakings, if the transfer can be arranged without prejudice to applicable priorities under Section 443.301. If all insureds, principals, third-party claimants, and obligees under the policies, surety bonds, and surety undertakings consent or if the receivership court so orders, the estate has no further liability under the transferred policies, surety bonds, or surety undertakings after the transfer is made.

(i) The liquidator may, subject to Subsection (y), acquire, hypothecate, encumber, lease, improve, sell, transfer, abandon, or otherwise dispose of or deal with any property of the estate at its

market value or upon terms and conditions that are fair and reasonable. The liquidator also has the power to execute, acknowledge, and deliver any and all deeds, assignments, releases, and other instruments necessary or proper to effectuate any sale of property or other transaction in connection with the liquidation.

(j) The liquidator may borrow money on the security of the property of the estate or without security and execute and deliver all documents necessary to that transaction for the purpose of facilitating the liquidation. Any funds borrowed under this subsection may be repaid as an administrative expense and have priority over any other claims in Class 1 under the priority of distribution.

(k) The liquidator may enter into contracts as necessary to carry out the order to liquidate and, subject to the provisions of Section 443.013, may assume or reject any executory contract or unexpired lease to which the insurer is a party.

(l) The liquidator may continue to prosecute and institute in the name of the insurer or in the liquidator's own name any and all suits and other legal proceedings, in this state or elsewhere, and abandon the prosecution of claims the liquidator deems unprofitable to pursue further. If the insurer is dissolved under Section 443.153, the liquidator has the power to apply to any court in this state or elsewhere for leave to substitute the liquidator for the insurer as a party.

(m) The liquidator may prosecute any action that may exist on behalf of the creditors, members, policyholders, shareholders of the insurer, or the public against any person, except to the extent that a claim is personal to a specific creditor, member, policyholder, or shareholder and recovery on such claim would not inure to the benefit of the estate. This subsection does not infringe or impair any of the rights provided to a guaranty association pursuant to its enabling statute or otherwise.

(n) The liquidator may take possession of the records and property of the insurer as may be convenient for the purposes of efficient and orderly execution of the liquidation. Guaranty associations must be allowed reasonable access to the records of the insurer as is necessary for the guaranty associations to carry out their statutory obligations.

(o) The liquidator may deposit in one or more banks in this state the amounts that are required for meeting current

administration expenses and dividend distributions.

(p) The liquidator may invest all amounts not currently needed, unless the receivership court orders otherwise.

(q) The liquidator may file any necessary documents for record in the office of any recorder of deeds or record office in this state or elsewhere where property of the insurer is located.

(r) The liquidator may assert all defenses available to the insurer as against third persons, including statutes of limitation, statutes of frauds, and the defense of usury. A waiver of any defense by the insurer after a petition is filed under this chapter does not bind the liquidator. When a guaranty association has an obligation to defend any suit, the liquidator shall defer to the association's obligation.

(s) The liquidator may exercise and enforce all the rights, remedies, and powers of any creditor, shareholder, policyholder, or member, including any power to avoid any transfer or lien that may be avoidable under this chapter or otherwise.

(t) The liquidator may intervene in any proceeding wherever instituted that might lead to the appointment of a receiver or trustee and act as the receiver or trustee whenever the appointment is offered.

(u) The liquidator may enter into agreements with any receivers or commissioners of any other states.

(v) The liquidator may exercise all powers held by receivers on August 31, 2005, or conferred on receivers after that date by the laws of this state not inconsistent with this chapter.

(w) The liquidator is vested with all the rights of the entity or entities in receivership.

(x) The enumeration, in this section, of the powers and authority of the liquidator may not be construed as a limitation upon the liquidator, nor may it exclude in any manner the right to do other acts not specifically enumerated or otherwise provided for, to the extent necessary or appropriate for the accomplishment of or in aid of the purpose of liquidation.

(y) The liquidator may hypothecate, encumber, lease, sell, transfer, abandon, or otherwise dispose of or deal with any property of the insurer, settle or resolve any claim brought by the liquidator on behalf of the insurer, or commute or settle any claim of reinsurance under any contract of reinsurance, as follows:

- (1) if the property or claim has a market or settlement

value that does not exceed the lesser of \$1 million or 10 percent of the general assets of the estate as shown on the receivership's financial statements, the liquidator may take action at the liquidator's discretion, provided that the receivership court may, upon petition of the liquidator, increase the threshold upon a showing that compliance with this requirement is burdensome to the liquidator in administering the estate and is unnecessary to protect the material interests of creditors;

(2) in all instances other than those described in Subdivision (1), the liquidator may take the action only after obtaining approval of the receivership court as provided by Section 443.007;

(3) the liquidator may, at the liquidator's discretion, request the receivership court to approve a proposed action as provided by Section 443.007 if the value of the property or claim appears to be less than the threshold provided by Subdivision (1) but cannot be ascertained with certainty, or for any other reason as determined by the liquidator; and

(4) after obtaining approval of the receivership court as provided in Section 443.007, the liquidator may, subject to Subsection (z), transfer rights to payment under ceding reinsurance agreements covering policies to a third-party transferee.

(z) The transferee of a right to payment under Subsection (y)(4) has the rights to collect and enforce collection of the reinsurance for the amount payable to the ceding insurer or to its receiver, without diminution because of the insolvency or because the receiver has failed to pay all or a portion of the claim, based on the amounts paid or allowed pursuant to Section 443.211. The transfer of the rights does not give rise to any defense regarding the reinsurer's obligations under the reinsurance agreement regardless of whether an agreement or other applicable law prohibits the transfer of rights under the reinsurance agreement. Except as provided in this subsection, any transfer of rights pursuant to Subsection (y)(4) does not impair any rights or defenses of the reinsurer that existed prior to the transfer or that would have existed in the absence of the transfer. Except as otherwise provided in this subsection, any transfer of rights pursuant to Subsection (y)(4) does not relieve the transferee or the liquidator from obligations owed to the reinsurer pursuant to the reinsurance or other agreement.

(aa) The liquidator is not obligated to defend any action against the insurer or insured. Any insureds not defended by a guaranty association may provide their own defense, and include the cost of the defense as part of their claims, if the defense was an obligation of the insurer. The right of the liquidator to contest coverage on a particular claim is preserved without the necessity for an express reservation of rights.

Sec. 443.155. NOTICE TO CREDITORS AND OTHERS. (a) Unless the receivership court otherwise directs, the liquidator shall give or cause to be given notice of the liquidation order as soon as possible:

(1) by first class mail or electronic communication as permitted by the receivership court to:

(A) any guaranty association that is or may become obligated as a result of the liquidation and any national association of guaranty associations;

(B) all the insurer's agents, brokers, or producers of record with current appointments or current licenses to represent the insurer and all other agents, brokers, or producers as the liquidator deems appropriate at their last known address; and

(C) all persons or entities known or reasonably

expected to have claims against the insurer, at their last known address as indicated by the records of the insurer, and all state and federal agencies with an interest in the proceeding; and

(2) by publication in a newspaper of general circulation in the county in which the insurer has its principal place of business and in any other locations as the liquidator deems appropriate.

(b) The notice of the entry of an order of liquidation must contain or provide directions for obtaining the following information:

(1) a statement that the insurer has been placed in liquidation;

(2) a statement that certain acts are stayed under Section 443.008 and describe any additional injunctive relief ordered by the receivership court;

(3) a statement whether, and to what extent, the insurer's policies continue in effect;

(4) to the extent applicable, a statement that coverage by state guaranty associations may be available for all or part of policy benefits in accordance with applicable state guaranty laws;

(5) a statement of the deadline for filing claims, if established, and the requirements for filing a proof of claim pursuant to Section 443.251 on or before that date;

(6) a statement of the date, time, and location of any initial status hearing scheduled at the time the notice is sent;

(7) a description of the process for obtaining notice of matters before the receivership court; and

(8) any other information the liquidator or the receivership court deems appropriate.

(c) If notice is given in accordance with this section, the distribution of property of the insurer under this chapter is conclusive with respect to all claimants, whether or not they received notice.

(d) Notwithstanding the other provisions of this section, the liquidator has no duty to locate any persons or entities if no address is found in the records of the insurer or if mailings are returned to the liquidator because of inability to deliver at the address shown in the insurer's books and records. In these circumstances the notice by publication as required by this chapter or actual notice received is sufficient notice. Written certification by the liquidator or other knowledgeable person acting

for the liquidator that the notices were deposited in the United States mail, postage prepaid, or that the notices have been electronically transmitted is prima facie evidence of mailing and receipt. All claimants shall keep the liquidator informed of any changes of address.

(e) Notwithstanding Subsection (a)(1)(C), upon application of the liquidator, the receivership court may:

(1) find that notice by publication as required in this section is sufficient notice to those persons holding an occurrence policy that expired more than four years prior to the entry of the order of liquidation and under which there are no pending claims; or

(2) order other notice to persons described by Subdivision (1) as it deems appropriate.

(f) The liquidator shall notify the Texas Workers' Compensation Commission upon the entry of the liquidation order if the insurer has issued workers' compensation coverage in effect in this state. Upon request of the liquidator, the Texas Workers' Compensation Commission shall submit a list of active cases pending before the commission that relate to workers' compensation coverage issued by the insurer.

Sec. 443.156. DUTIES OF AGENTS. (a) Every person who represented the insurer as an agent and receives notice in the form prescribed in Section 443.155 that the insurer is the subject of a liquidation order, not later than the 30th day after the date of the

notice, shall provide to the liquidator, in addition to the information the agent may be required to provide pursuant to Section 443.010, the information in the agent's records related to any policy issued by the insurer through the agent and any policy issued by the insurer through an agent under contract to the agent, including the name and address of any subagent. For purposes of this subsection, a policy is issued through an agent if the agent has a property interest in the expiration of the policy or if the agent has had in the agent's possession a copy of the declarations of the policy at any time during the life of the policy, except where the ownership of the expiration of the policy has been transferred to another.

(b) Any agent failing to provide information to the liquidator as required in Subsection (a) may be subject to payment of an administrative penalty under Chapter 84 of not more than \$1,000. In addition, the agent's license may be suspended under Chapter 4005.

SUBCHAPTER E. ASSET RECOVERY

Sec. 443.201. TURNOVER OF ASSETS. (a) If the receiver determines that funds or property in the possession of another person are rightfully the property of the estate, the receiver shall deliver to the person a written demand for immediate delivery of the funds or property, referencing this section by number and the court and docket number of the receivership action, and notifying the person that any claim of right to the funds or property by the person must be

presented to the receivership court not later than the 20th day after the date of the written demand. Any person who holds funds or other property belonging to an entity subject to an order of receivership under this chapter shall deliver the funds or other property to the receiver on demand. Should the person allege any right to retain the funds or other property, the person, not later than the 20th day after the date of receipt of the demand that the funds or property be delivered to the receiver, shall file with the receivership court a pleading setting out that right. The person shall serve a copy of the pleading on the receiver. The pleading must inform the receivership court as to the nature of the claim to the funds or property, the alleged value of the property or amount of funds held, and what action, pending determination of the dispute, has been taken by the person to preserve and protect the property or to preserve any funds. The relinquishment of possession of funds or property by any person who has received a demand pursuant to this section does not constitute a waiver of a right to make a claim in the receivership.

(b) If requested by the receiver, the receivership court shall hold a hearing to determine where and under what conditions the person shall hold the property or funds pending determination of the dispute. The receivership court may impose conditions as it may deem necessary or appropriate for the preservation of the property or funds until the receivership court can determine the validity of the person's claim to the property or funds. If any property or funds are allowed to remain in the possession of the person after demand made by the receiver, that person is strictly liable to the estate for any waste, loss, or damage to or diminution of value of the property or funds retained.

(c) If a person has filed a pleading alleging any right to retain funds or property as provided by Subsection (a), the receivership court shall hold a subsequent hearing to determine the entitlement of the person to the funds or property claimed by the receiver.

(d) If a person fails to deliver the funds or property or to file the pleading described by Subsection (a) within the period described by Subsection (a), the receivership court may, upon petition of the receiver and upon a copy of the petition being served by the receiver to that person, issue its summary order directing the immediate delivery of the funds or property to the receiver and finding that the person has waived all claims of right to the funds

or property.

Sec. 443.202. RECOVERY FROM AFFILIATES. (a) The receiver has a right to recover from any affiliate of the insurer any property of the insurer transferred to or for the benefit of the affiliate, or the property's value, if the transfer was made within the two years preceding the initial petition for receivership.

(b) A transfer is not recoverable under Subsection (a) if the affiliate shows that, when the transfer was made:

- (1) the insurer was solvent;
- (2) the transfer was lawful; and
- (3) neither the insurer nor the affiliate knew or

reasonably should have known that the transfer, under then-applicable statutory accounting standards, would:

(A) place the insurer:

(i) in violation of applicable capital or surplus requirements;

(ii) below the applicable minimum risk-based capital level; or

(iii) in violation of writing ratios under Article 1.32 or analogous requirements under Section 843.406; or

(B) cause the insurer's filed financial statements not to present fairly the capital and surplus of the insurer.

Sec. 443.203. UNAUTHORIZED POST-PETITION TRANSFERS. (a) Except as provided by this section, the receiver may avoid any transfer of an interest of the insurer in property or any obligation incurred by the insurer that:

(1) was made or occurred after the petition for receivership was filed; and

(2) is not authorized by the receiver and approved by the receivership court or otherwise authorized in accordance with this chapter.

(b) Except to the extent that a transfer or obligation avoidable under Subsection (a) is otherwise voidable under this chapter, a transferee or obligee of a transfer or obligation avoided under Subsection (a) that takes for value and in good faith, at the option of the receivership court, has a lien or may retain any interest transferred or enforce any obligation incurred, as applicable, to the extent that the transferee or obligee gave value to the insurer in exchange for the transfer or obligation.

Sec. 443.204. VOIDABLE PREFERENCES AND LIENS. (a) A "preference" is a transfer of any interest in property of an insurer that:

(1) is made to or for the benefit of a creditor and for or on account of an antecedent debt and is made or suffered by the insurer within two years preceding the filing of a successful petition commencing delinquency proceedings; and

(2) enables the creditor to receive more than the creditor would receive if the insurer were liquidated under this chapter, the

transfer had not been made, and the creditor was entitled to receive payment of the debt to the extent provided by this chapter.

(b) Any preference may be avoided by the receiver if:

(1) the insurer was insolvent at the time of the transfer;

(2) the transfer was made within 120 days before the date of filing of the petition commencing delinquency proceedings;

(3) the creditor receiving the transfer or to be benefited by the transfer, or the creditor's agent acting with reference to the transfer, had, at the time the transfer was made, reasonable cause to believe that the insurer was insolvent or was about to become insolvent; or

(4) the creditor receiving the transfer was:

(A) an officer or director of the insurer;

(B) an employee, attorney, or other person who was in fact in a position to effect a level of control or influence over the actions of the insurer comparable to that of an officer or director, without regard to whether the person held that position; or

(C) an affiliate.

(c) The receiver may not avoid a transfer under this section:

(1) to the extent that the transfer was:

(A) intended by the insurer and the creditor to or for whose benefit the transfer was made to be a contemporaneous exchange for new value given to the insurer and in fact was a substantially contemporaneous exchange; or

(B) made in the ordinary course of business or financial affairs between the insurer and the transferee and made according to ordinary business terms in payment of a debt incurred by the insurer in the ordinary course of business or financial affairs of the insurer and the transferee; or

(2) to or for the benefit of a creditor, to the extent that, after the transfer, the creditor gave new value to or for the benefit of the insurer that was:

(A) not secured by an otherwise unavoidable security interest; and

(B) on account of which new value the insurer did not make an otherwise unavoidable transfer to or for the benefit of the creditor.

(d) For purposes of this section:

(1) a transfer of property other than real property is deemed to be made or suffered at the time the transfer becomes so far

perfected that any subsequent lien obtainable by legal or equitable proceedings on a simple contract could not become superior to the rights of the transferee;

(2) a transfer of real property is deemed to be made or suffered when the transfer is so far perfected that a subsequent bona fide purchaser from the insurer could not obtain rights superior to the rights of the transferee;

(3) a transfer that creates an equitable lien is not deemed to be perfected if there are available means by which a legal lien could be created; and

(4) a transfer not perfected prior to the filing of a petition for receivership is deemed to be made immediately before the filing commencing delinquency proceedings.

(e) The provisions of this section apply without regard to whether there are or were creditors who might have obtained liens or persons who might have become bona fide purchasers.

(f) Within the meaning of Subsection (d), "a lien obtainable by legal or equitable proceedings on a simple contract" is a lien arising in the ordinary course of proceedings upon the entry or docketing of a judgment or decree, or upon attachment, garnishment, execution, or similar process, whether before, upon, or after judgment or decree and whether before or upon levy. The term does not include liens that under applicable law are given a special priority over other liens that are prior in time.

(g) Within the meaning of Subsection (d), a lien obtainable by legal or equitable proceedings could become superior to the rights of a transferee, or a purchaser could obtain rights superior to the rights of a transferee if the consequences would follow only from the lien or purchase itself, or from the lien or purchase followed by any step wholly within the control of the respective lienholder or purchaser, with or without the aid of ministerial action by public officials. A lien could not, however, become superior and a purchase could not create superior rights for the purpose of Subsection (d) through any acts subsequent to the obtaining of the lien or subsequent to the purchase that require the agreement or concurrence of any third party or that require any further judicial action or ruling.

(h) A transfer of property for or on account of a new and contemporaneous consideration that is deemed under Subsection (d) to be made or suffered after the transfer because of delay in perfecting

the transfer does not become a transfer for or on account of an antecedent debt if any acts required by the applicable law to be performed to perfect the transfer against liens or bona fide purchasers' rights are performed within 21 days or any period expressly allowed by the law, whichever is less. A transfer to secure a future loan, if the loan is actually made, or a transfer that becomes security for a future loan, has the same effect as a transfer for or on account of a new and contemporaneous consideration.

(i)(1) If any lien deemed voidable under Subsection (b) has been dissolved by the furnishing of a bond or other obligation, the surety on which has been indemnified directly or indirectly by the transfer of or the creation of a lien upon any property of an insurer before the filing of a petition commencing delinquency proceedings under this chapter, the indemnifying transfer or lien is also deemed voidable.

(2) The property affected by any lien deemed voidable under Subsection (b) and Subdivision (1) is discharged from the lien, and that property and any of the indemnifying property transferred to or for the benefit of a surety passes to the receiver, except that the receivership court may on due notice order any lien deemed voidable under this section to be preserved for the benefit of the estate and may direct that a conveyance be executed as may be proper or adequate to evidence the title of the receiver.

(3) Reasonable notice of any hearing in the proceeding shall be given to all parties as required by law, including the obligee of a releasing bond or other like obligation. If an order is entered for the recovery of indemnifying property in kind or for the avoidance of an indemnifying lien, the receivership court may in the same proceeding ascertain the value of the property or lien. If the value of the property or lien is less than the amount for which the property is indemnified or than the amount of the lien, the transferee or lienholder may elect to retain the property or lien upon payment to the receiver of its value, as determined by the receivership court, within a reasonable time determined by the receivership court.

(4) The liability of the surety under a releasing bond or other similar obligation shall be discharged to the extent of the value of the indemnifying property recovered or the indemnifying lien nullified and avoided by the receiver, or if the property is retained

under Subdivision (3) to the extent of the amount paid to the receiver.

(j) This section may not be construed to prejudice any other claim by the receiver against any person.

Sec. 443.205. FRAUDULENT TRANSFERS AND OBLIGATIONS. (a) The receiver may avoid any transfer of an interest of the insurer in property, any reinsurance transaction, or any obligation incurred by an insurer that was made or incurred on or within two years before the date of the initial filing of a petition commencing delinquency proceedings under this chapter, if the insurer voluntarily or involuntarily:

(1) made the transfer or incurred the obligation with actual intent to hinder, delay, or defraud any person to which it was or became indebted on or after the date that the transfer was made or the obligation was incurred; or

(2) received less than a reasonably equivalent value in exchange for the transfer or obligation.

(b) Except to the extent that a transfer or obligation voidable under this section is voidable under other provisions of this chapter, a transferee or obligee that takes for value and in good faith a voidable transfer or obligation has a lien on or may retain any interest transferred or may enforce any obligation incurred, as the case may be, to the extent that the transferee or obligee gave value to the insurer in exchange for the transfer or obligation.

(c) For purposes of this section, a transfer is made when the transfer is so perfected that a subsequent bona fide purchaser from the insurer cannot acquire an interest in the property transferred that is superior to the interest in the property of the transferee, but if the transfer is not so perfected before the commencement of

the delinquency proceeding, the transfer is deemed to have been made immediately before the date of the initial filing of the petition commencing delinquency proceedings.

(d) For purposes of this section, "value" means property or satisfaction or securing of a present or antecedent debt of the insurer.

Sec. 443.206. RECEIVER AS LIEN CREDITOR. (a) The receiver may avoid any transfer of or lien upon the property of, or obligation incurred by, an insurer that the insurer or a policyholder, creditor, member, or stockholder of the insurer may have avoided without regard to any knowledge of the receiver, the commissioner, the insurer, or any policyholder, creditor, member, or stockholder of the insurer regardless of whether such a policyholder, creditor, member, or stockholder exists.

(b) The receiver is deemed a creditor without knowledge for purposes of pursuing claims under the Uniform Fraudulent Transfer Act, the Uniform Fraudulent Conveyance Act, or similar provisions of state or federal law.

Sec. 443.207. LIABILITY OF TRANSFEREE. (a) Except as

otherwise provided in this section, to the extent that the receiver obtains an order under Section 443.201 or avoids a transfer under Section 443.202, 443.203, 443.204, 443.205, or 443.206, the receiver may recover the property transferred, or the value of the property, from:

(1) the initial transferee of the transfer or the entity for whose benefit the transfer was made; or

(2) any immediate or mediate transferee of the initial transferee.

(b) The receiver may not recover under Subsection (a)(2) from:

(1) a transferee that takes for value, including satisfaction or securing of a present or antecedent debt, in good faith, and without knowledge of the voidability of the transfer avoided; or

(2) any immediate or mediate good faith transferee of the transferee.

(c) Any transfer avoided in accordance with this chapter is preserved for the benefit of the receivership estate, but only with respect to property of the insurer.

(d) In addition to the remedies specifically provided under Sections 443.201-443.206 and Subsection (a), if the receiver is successful in establishing a claim to the property or any part of the property, the receiver is entitled to recover judgment for:

(1) rental for the use of the tangible property from the later of the entry of the receivership order or the date of the transfer;

(2) in the case of funds or intangible property, the greater of:

(A) the actual interest or income earned by the property; or

(B) interest at the statutory rate for judgments from the later of the date of the entry of the receivership order or the date of the transfer; and

(3) except as to recoveries from guaranty associations, all costs, including investigative costs and other expenses necessary to the recovery of the property or funds, and reasonable attorney's fees.

(e) In any action under this section, the receivership court may allow the receiver to seek recovery of the property involved or the property's value.

(f) In any action under Sections 443.201-443.206, the receiver has the burden of proving the avoidability of a transfer, and the person against whom recovery or avoidance is sought has the burden of proving the nature and extent of any affirmative defense.

Sec. 443.208. CLAIMS OF HOLDERS OF VOID OR VOIDABLE RIGHTS.

(a) A claim of a creditor who has received or acquired a preference, lien, conveyance, transfer, assignment, or encumbrance voidable under this chapter may not be allowed unless the creditor surrenders the preference, lien, conveyance, transfer, assignment, or encumbrance. If the avoidance is effected by a proceeding in which a final judgment has been entered, the claim may not be allowed unless the money is paid or the property is delivered to the receiver not later than the 30th day after the date of the entering of the final judgment, except that the receivership court may allow further time if there is an appeal or other continuation of the proceeding.

(b) A claim allowable under Subsection (a) by reason of the avoidance, whether voluntary or involuntary, or a preference, lien, conveyance, transfer, assignment, or encumbrance, may be filed as an excused late filing under Section 443.251(b) if filed not later than the 30th day after the date of the avoidance, or within the further time allowed by the receivership court under Subsection (a).

Sec. 443.209. SETOFFS. (a) All mutual debts or mutual credits, whether arising out of one or more contracts between the insurer and another person in connection with any action or proceeding under this chapter, must be set off and only the balance shall be allowed or paid, except as provided by Subsection (b).

(b) A setoff may not be allowed in favor of any person if:

(1) the obligation of the insurer to the person:

(A) would not, at the date of the commencement of the delinquency proceeding, entitle the person to share as a claimant in the assets of the insurer; or

(B) was purchased by or transferred to the person:

(i) after the commencement of the delinquency proceeding; or

(ii) for the purpose of increasing setoff rights;

(2) the obligation of the insurer is owed to an affiliate of the person, or any other entity or association other than the person;

(3) the obligation of the person:

(A) is as a trustee or fiduciary; or

(B) is to pay:

(i) an assessment levied against the members of a mutual insurer, reciprocal or interinsurance exchange, or Lloyd's plan; or

(ii) a balance upon a subscription to the capital stock of a capital stock insurance company; or

(4) the obligations between the person and the insurer

arise from reinsurance transactions in which either the person or the insurer has assumed risks and obligations from the other party and then has ceded back to that party substantially the same risks and obligations.

(c) The receiver shall provide an interested person with accounting statements identifying all debts that are due and payable. If a person owes the insurer amounts that are due and payable against which the person asserts a setoff of mutual credits that, in the future, may become due and payable from the insurer, the person shall promptly pay the amounts due and payable to the receiver. Notwithstanding any other provision of this chapter, the receiver shall promptly and fully refund, to the extent of a person's prior payments under this section, any mutual credits that become due and payable to the person by the insurer.

Sec. 443.210. ASSESSMENTS. (a) As soon as practicable, but not later than the fourth anniversary of the date of an order of receivership of an insurer issuing assessable policies, the receiver shall make a report to the receivership court setting forth:

- (1) the reasonable value of the assets of the insurer;
- (2) the insurer's probable total liabilities;
- (3) the probable aggregate amount of the assessment necessary to pay all claims of creditors and expenses in full, including expenses of administration and costs of collecting the assessment; and
- (4) a recommendation as to whether an assessment should be made and in what amount.

(b) Upon the basis of the report provided in Subsection (a), including any supplements and amendments to the report, the receivership court may approve, solely on application by the

receiver, one or more assessments against all members of the insurer who are subject to assessment. The order approving the assessment shall provide instructions regarding notice of the assessment, deadlines for payment, and other instructions to the receiver regarding collection of the assessment.

(c) Subject to any applicable legal limits on ability to assess, the aggregate assessment must be for the amount that the sum of the probable liabilities, the expenses of administration, and the estimated cost of collection of the assessment, exceeds the value of existing assets, with due regard being given to assessments that cannot be collected economically.

(d) After levy of assessment under Subsection (b), the receiver shall petition the receivership court for an order directing each member who has not paid the assessment pursuant to the levy to show cause why a judgment for the assessment should not be entered.

(e) At least 20 days before the return day of the order to show cause, the receiver shall give notice of the order to show cause to each member liable on the assessment. Notice must be given by first class mail mailed to the member's last known address as it appears on the insurer's records, by publication, or by another method of notification as directed by the receivership court. Failure of the member or subscriber to receive the notice of the assessment or of the order, within the time specified in the assessment or order or at all, is not a defense in a proceeding to collect the assessment.

(f) If a member does not appear and serve verified objections upon the receiver on or before the return day of the order to show cause under Subsection (d), the receivership court shall make an order adjudging the member liable for the amount of the assessment against the member under Subsection (d) together with costs, and the receiver shall have a judgment against the member for the amount of the assessment and costs in the order.

(g) If on or before the return day of the order to show cause, the member appears and serves verified objections upon the receiver, the receivership court may hear and determine the matter or may appoint a referee to hear it and make an order as the facts warrant. In the event that the receiver determines that the objections do not warrant relief from assessment, the member may request the receivership court to review the matter and vacate the order to show cause.

(h) The receiver may enforce any order or collect any judgment

under Subsection (f) by any lawful means.

(i) Any assessment of a subscriber or member of an insurer made by the receiver pursuant to the order of receivership court fixing the aggregate amount of the assessment against all members or subscribers and approving the classification and formula made by the receiver under this section is prima facie correct.

(j) Any claim filed by an assessee who fails to pay an assessment, after the conclusion of any legal action by the assessee objecting to the assessment, is deemed a late filed claim under Section 443.251.

Sec. 443.211. REINSURER'S LIABILITY. (a) If the receiver has claims under policies covered by reinsurance, the liability of the reinsurer to the receiver under the policies reinsured may not be diminished because of the insolvency of the insurer, regardless of any provisions in the reinsurance contract to the contrary, except under the following circumstances:

(1) a contract or other written agreement entered into before the delinquency proceeding that is otherwise permitted by law specifically provides another payee of the reinsurance in the event of the insolvency of the ceding insurer;

(2) the assuming insurer, under an assumption reinsurance agreement and with the consent of the direct insured, has assumed, as direct obligations of the assuming insurer, the policy obligations of

the ceding insurer to the payees under policies and in substitution for the obligations of the ceding insurer to those payees; or

(3) a life and health insurance guaranty association has made the election to succeed to the rights and obligations of the insolvent insurer under a contract of reinsurance in accordance with the life and health guaranty association laws of this state or its domiciliary state or another applicable law, rule, order, or assignment contract, in which case payments shall be made directly to or at the direction of the guaranty association.

(b) Except as provided by Subsection (a), any reinsurance shall be payable to the receiver under a policy reinsured by the assuming insurer on the basis of claims:

(1) allowed under Section 443.253; or

(2) paid under:

(A) Chapter 462, 463, or 2602; or

(B) the guaranty associations of other states.

(c) The liquidator or receiver, as applicable, shall give written notice to affected reinsurers of the pendency of a claim against the receiver under a reinsured policy within a reasonable time after the claim is filed in the delinquency proceeding. During the pendency of the claim any affected reinsurer may:

(1) investigate the claim; and

(2) intervene, at the reinsurer's own expense, in any proceeding where the claim is to be adjusted and assert any defense or defenses which it may deem available to the delinquent company, the liquidator, or the receiver.

(d) Subject to court approval, an expense incurred under Subsection (c)(1) or (2) shall be chargeable against the delinquent company as part of the expense of liquidation, to the extent of a proportionate share of the benefit which may accrue to the delinquent company solely as a result of the defense undertaken by the assuming insurer.

(e) If two or more assuming insurers are involved in the same claim and a majority in interest elect to intervene and assert a defense to a claim described by Subsection (c), an expense incurred under Subsection (c)(1) or (2) shall be apportioned in accordance with the terms of the reinsurance agreement as though the expense had been incurred by the ceding insurer.

(f) Nothing in this chapter shall be construed as authorizing the receiver, or other entity, to compel payment from a non-life

reinsurer on the basis of estimated incurred but not reported losses or outstanding reserves, except outstanding reserves with respect to claims made pursuant to Section 443.255 and approved workers compensation claims filed under Section 443.252(d).

Sec. 443.212. RECOVERY OF PREMIUMS OWED. (a) An insured shall pay, either directly to the receiver or to any agent that has paid or is obligated to pay the receiver on behalf of the insured, any unpaid earned premium or retrospectively rated premium due the insurer based on the termination of coverage under Section 443.152. Premium on surety business is deemed earned at inception if a policy term cannot be determined. All other premium is deemed earned and is prorated equally over the determined policy term, regardless of any provision in the bond, guaranty, contract or other agreement.

(b) Any person, other than the insured, shall turn over to the receiver any unpaid premium due and owing as shown on the records of the insurer, including any amount representing commissions, for the full policy term due the insurer at the time of the entry of the receivership order, whether earned or unearned, based on the termination of coverage under Section 443.152. The unpaid premium due the receiver from any person other than the insured excludes any premium not collected from the insured and not earned based on the

termination of coverage under Section 443.152.

(c) Any person, other than the insured, responsible for the remittance of a premium, shall turn over to the receiver any unearned commission of the person based on the termination of coverage under Section 443.152. Credits, setoffs, or both may not be allowed to an agent, broker, premium finance company, or any other person for any amounts advanced to the insurer by the person on behalf of, but in the absence of a payment by, the insured, or for any other amount paid by the person to any other person after the entry of the order of receivership.

(d) Persons that collect premium or finance premium under a premium finance contract that is due the insurer in receivership are deemed to hold that premium in trust as fiduciaries for the benefit of the insurer and to have availed themselves of the laws of this state, regardless of any provision to the contrary in any agency contract or other agreement.

(e) Any premium finance company is obligated to pay any amounts due the insurer from premium finance contracts, whether the premium is earned or unearned. The receiver has the right to collect any unpaid financed premium directly from the premium finance company or directly from the insured that is a party to the premium finance contract.

(f) Upon satisfactory evidence of a violation of this section by a person other than an insured, the commissioner may pursue one or more of the following courses of action:

(1) suspend, revoke, or refuse to renew the licenses of the offending party or parties; and

(2) impose:

(A) an administrative penalty under Chapter 84 of not more than \$1,000 for each act in violation of this section by the party or parties; and

(B) any other sanction or penalty authorized by Chapter 82.

Sec. 443.213. ADMINISTRATION OF DEDUCTIBLE AGREEMENTS AND POLICYHOLDER COLLATERAL. (a) Any collateral held to secure the obligations of a policyholder under a deductible agreement with an insurer subject to a delinquency proceeding under this chapter must be maintained and administered as provided in this section. For purposes of this section, a "deductible agreement" is any combination of one or more policies, endorsements, contracts, or security agreements that:

(1) provide for the policyholder to bear the risk of loss within a specified amount per claim or occurrence covered under a policy of insurance; and

(2) may be subject to an aggregate limit of policyholder reimbursement obligations.

(b) This section applies to any collateral described by Subsection (a), regardless of whether the collateral is held by, for the benefit of, or assigned to the insurer under a deductible agreement. The collateral shall be used to secure the policyholder's obligation to fund or reimburse claims payments within the agreed deductible amount, subject to this section.

(c) If the contract between the policyholder and the insurer allows the policyholder to fund claims within the deductible amount through a third-party administrator or otherwise, the receiver shall allow that funding arrangement to continue, except as prohibited by Title 5, Labor Code. If a policyholder funds claims within the deductible amount, the receiver or any guaranty association has no obligation to pay claims for the amount funded by the policyholder, and the policyholder or its third-party administrator is not obligated to reimburse a guaranty association for any amount funded. A charge of any kind may not be made against a guaranty association based on the funding of claims payments by a policyholder under this

subsection.

(d) If the receiver is holding collateral provided by a policyholder to secure both a deductible agreement and other obligations of the policyholder, the receiver shall:

(1) allocate the collateral among these obligations in accordance with the deductible agreement; or

(2) in the absence of an allocation provision in the deductible agreement and with the approval of the receivership court, allocate the collateral equitably among these obligations.

(e) If, under Subsection (d), the collateral secures reimbursement obligations under more than one line of insurance, the receiver shall equitably allocate the collateral among the various lines based on the estimated ultimate exposure within the deductible amount for each line.

(f) If a guaranty association is obligated to pay claims under a policy under Subsection (d), the receiver shall give notice to the guaranty associations of any allocation under this section.

(g) Once all claims covered by the collateral have been paid and the receiver is satisfied that no new claims may be presented, the receiver shall release any remaining collateral to the policyholder in accordance with the provisions of the contract and of this chapter.

(h) To the extent a guaranty association is required by applicable law to pay any claims for which the insurer would have been entitled to reimbursement from the policyholder, the following provisions apply:

(1) The receiver shall promptly invoice the policyholder for the reimbursement due under the agreement, and the policyholder is obligated to pay the amount invoiced to the receiver for the benefit of the guaranty associations that paid the claims. Neither the insolvency of the insurer nor the insurer's inability to perform any obligations under the deductible agreement is a defense to the policyholder's reimbursement obligation under the deductible agreement. At the time the policyholder reimbursements are collected, the receiver shall promptly forward those amounts to the guaranty association, based on the claims paid by the guaranty association that were subject to the deductible.

(2) If the collateral is insufficient to reimburse the guaranty association for claims paid within the deductible, the receiver shall use any existing collateral to make a partial

reimbursement to the guaranty association, subject to any allocation under Subsection (d), (e), or (f). If more than one guaranty association has a claim against the same collateral, the receiver shall prorate payments to each guaranty association based on the amount of the claims each guaranty association has paid.

(3) The receiver is entitled to deduct from reimbursements owed to a guaranty association or collateral to be returned to a policyholder reasonable actual expenses incurred in fulfilling the receiver's responsibilities under this section. Expenses incurred to collect reimbursements for the benefit of a guaranty association are subject to the approval of the guaranty association. Any remaining expenses that are not deducted from the reimbursements are payable subject to Section 443.015.

(4) The receiver shall provide any affected guaranty associations with a complete accounting of the receiver's deductible billing and collection activities on a quarterly basis, or at other intervals as may be agreed to between the receiver and the guaranty associations. Accountings under this subdivision must include copies of the policyholder billings, the reimbursements collected, the available amounts and use of collateral for each account, and any prorating of payments.

(5) If the receiver fails to make a good faith effort to collect reimbursements due from a policyholder under a deductible agreement within 120 days of receipt of claims payment reports from a guaranty association, the guaranty association may, after notice to the receiver, collect the reimbursements that are due, and, in so doing, the guaranty association shall have the same rights and remedies as the receiver. A guaranty association shall report any amounts collected under this subdivision and expenses incurred in collecting those amounts to the receiver.

(6) The receiver shall periodically adjust the collateral held as the claims subject to the deductible agreement are paid, provided that adequate collateral is maintained. The receiver is not required to adjust the collateral more than once a year. The receiver shall inform the guaranty associations of all collateral reviews, including the basis for the adjustment.

(7) Reimbursements received or collected by a guaranty association under this section may not be considered a distribution of the insurer's assets. A guaranty association shall provide the receiver with an accounting of any amounts it has received or

collected under this section and any expenses incurred in connection with that receipt or collection. The amounts received, net of any expenses incurred in connection with collection of the amounts, must be set off against the guaranty association's claim filed under Section 443.251 for the payments that were reimbursed.

(8) To the extent that a guaranty association pays a claim within the deductible amount that is not reimbursed by either the receiver or by policyholder payments, the guaranty association has a claim for those amounts in the delinquency proceeding in accordance with Section 443.251.

(9) Nothing in this section limits any rights of a guaranty association under applicable law to obtain reimbursement for claims payments made by the guaranty association under policies of the insurer or for the association's related expenses.

(i) If a claim that is subject to a deductible agreement and secured by collateral is not covered by any guaranty association, the following provisions apply:

(1) The receiver is entitled to retain as an asset of the estate any collateral or deductible reimbursements obtained by the receiver.

(2) If a policyholder fails to assume an obligation under a deductible agreement to pay a claim, the receiver shall use the collateral to adjust and pay the claim to the extent that the available collateral, after any allocation under Subsection (d), (e), or (f), is sufficient to pay all outstanding and anticipated claims within the deductible. If the collateral is exhausted and all reasonable means of collection against the insured have been exhausted, the remaining claims shall be subject to the provisions of Sections 443.251 and 443.301.

(3) The receiver is entitled to deduct from collateral reasonable actual expenses incurred in fulfilling the receiver's responsibilities under this section. Any remaining expenses that are not deducted from the reimbursements are payable subject to Section 443.015.

SUBCHAPTER F. CLAIMS

Sec. 443.251. FILING OF CLAIMS. (a) Except as provided by this subsection, proof of all claims must be filed with the liquidator in the form required by Section 443.252 on or before the last day for filing specified in the notice required under Section 443.155, which date may not be later than 18 months after entry of the order of liquidation, unless the receivership court, for good cause shown, extends the time, except that proofs of claims for cash surrender values or other investment values in life insurance and annuities and for any other policies insuring the lives of persons need not be filed unless the liquidator expressly so requires. The receivership court, only upon application of the liquidator, may allow alternative procedures and requirements for the filing of proofs of claim or for allowing or proving claims. Upon application, if the receivership court dispenses with the requirements of filing a proof of claim by a person or a class or group of persons, a proof of claim for the person, class, or group is deemed to have been filed for all purposes, except that the receivership court's waiver of proof of claim requirements does not impact guaranty association proof of claim filing requirements or coverage determinations to the extent the guaranty fund statute or filing requirements are inconsistent with the receivership court's waiver of proof.

(b) The liquidator shall permit a claimant that makes a late filing to share ratably in distributions, whether past or future, as if the claim were not filed late, to the extent that the payment will not prejudice the orderly administration of the liquidation, under the following circumstances:

(1) the eligibility to file a proof of claim was not known to the claimant, and the claimant filed a proof of claim not later

than the 90th day after the date of first learning of the eligibility;

(2) a transfer to a creditor was avoided under Section 443.202, 443.203, 443.204, or 443.206, or was voluntarily surrendered under Section 443.208, and the filing satisfies the conditions of Section 443.208; or

(3) the valuation under Section 443.260, of security held by a secured creditor shows a deficiency, and the claim for the deficiency is filed not later than the 30th day after the valuation.

(c) The liquidator may petition the receivership court to set a date before which all late claims under Subsection (b) must be filed.

(d) The liquidator shall permit guaranty associations to file claims late and to receive a ratable share of distributions, whether past or future, as if the claims were not late.

(2) the identity and amount of the security on the claim;

(3) the payments, if any, made on the debt;

(4) that the sum claimed is justly owing and that there is no setoff, counterclaim, or defense to the claim;

(5) any right of priority of payment or other specific right asserted by the claimant;

(6) the name and address of the claimant and the attorney, if any, who represents the claimant; and

(7) the claimant's social security or federal employer identification number.

(b) The liquidator may require that:

(1) a prescribed form be used; and

(2) other information and documents be included.

(c) At any time the liquidator may:

(1) require the claimant to present information or evidence supplementary to that required under Subsection (a); and

(2) take testimony under oath, require production of affidavits or depositions, or otherwise obtain additional information or evidence.

(d) Any guaranty association must be permitted to file a single omnibus proof of claim for all claims of the association in connection with payment of claims of the insurer. The omnibus proof of claim may be periodically updated by the association, and the association may be required to submit a reasonable amount of documentation in support of the claim. A guaranty association's claim under this subsection may include amounts for anticipated payments after the closing of the receivership including incurred but not reported claims.

Sec. 443.253. ALLOWANCE OF CLAIMS. (a) Except as provided in Subsections (i) and (l), the liquidator shall review all claims duly filed in the liquidation proceeding and shall further investigate as the liquidator considers necessary. Consistent with the provisions of this chapter, the liquidator may allow, disallow, or compromise

the amount for which claims will be recommended to the receivership court, unless the liquidator is required by law to accept claims as settled by a person or organization, including a guaranty association, subject to any statutory or contractual rights of the affected reinsurers to participate in the claims allowance process. No claim under a policy of insurance may be allowed for an amount in excess of the applicable policy limits.

(b) Pursuant to the review, the liquidator shall provide written notice of the claim determination by any means authorized by Section 443.007 to the claimant or the claimant's attorney and may provide notice to any reinsurer that is or may be liable in respect of the claim. The notice must set forth the amount of the claim allowed by the liquidator, if any, and the priority class of the claim as established in Section 443.301.

(c) Not later than the 45th day after the mailing of the notice as set forth in Subsection (b), those noticed may submit written objections to the liquidator. Any submitted objections must clearly set out all facts and the legal basis, if any, for the objections and the reasons why the claim should be allowed at a different amount or in a different priority class. If no timely objection is filed, the determination is final.

(d) A claim that has not become mature as of the coverage termination date established under Section 443.201 because payment on the claim is not yet due may be allowed as if it were mature. A claim that is allowed under this subsection may be discounted to present value based upon a reasonable estimated date of the payment, if the liquidator determines that the present value of the payment is materially less than the amount of the payment.

(e) A judgment or order against an insured or the insurer entered after the date of the initial filing of a successful petition for receivership, or within 120 days before the initial filing of the petition, or a judgment or order against an insured or the insurer entered at any time by default or by collusion need not be considered as evidence of liability or of the amount of damages.

(f) Claims under employment contracts by directors, officers, or persons in fact performing similar functions or having similar powers are limited to payment for services rendered prior to any order of receivership, unless explicitly approved in writing by:

- (1) the commissioner prior to an order of receivership;
- (2) the rehabilitator before the entry of an order of

liquidation; or

(3) the liquidator after the entry of an order of liquidation.

(g) The total liability of the insurer to all claimants arising out of the same act or policy may not be greater than the insurer's total liability would have been were the insurer not in liquidation.

(h) The liquidator shall disallow claims for de minimis amounts as determined by the receivership court as being reasonable and necessary for administrative convenience.

(i) A claim that does not contain all the applicable information required by Section 443.252 need not be further reviewed or adjudicated, and may be denied or disallowed by the liquidator subject to the notice and objection procedures in this section.

(j) The liquidator may reconsider a claim on the basis of additional information and amend the recommendation to the receivership court. The claimant must be afforded the same notice and opportunity to be heard on all changes in the recommendation as in its initial determination. The receivership court may amend its allowance or disallowance as appropriate.

(k) The liquidator is not required to process claims for any class until it appears reasonably likely that property will be available for a distribution to that class. If there are insufficient assets to justify processing all claims for any class listed in Section 443.301, the liquidator shall report the facts to the receivership court and make such recommendations as may be appropriate for handling the remainder of the claims.

(l) Any claim by a lessor for damages resulting from the termination of a lease of real property shall be disallowed to the extent that the claim exceeds:

(1) the rent reserved by the lease, without acceleration, for the longer of one year or 15 percent of the remaining term of the lease, not to exceed three years, following the earlier of:

(A) the date of the filing of the petition; or

(B) the date on which the lessor repossessed or the lessee surrendered the leased property; and

(2) any unpaid rent due under the lease, without acceleration, on the earlier of the dates described by Subdivision (1).

(m) If a claim is fully covered by a guaranty association, the liquidator has no obligation to process the claim in accordance with

this section and may refuse to process the claim in accordance with this section.

Sec. 443.254. CLAIMS UNDER OCCURRENCE POLICIES, SURETY BONDS, AND SURETY UNDERTAKINGS. (a) Subject to the provisions of Section 443.253, any insured has the right to file a claim for the protection afforded under the insured's policy, regardless of whether a claim is known at the time of filing, if the policy is an occurrence policy.

(b) Subject to the provisions of Section 443.253, an obligee under a surety bond or surety undertaking has the right to file a claim for the protection afforded under the surety bond or surety undertaking issued by the insurer under which the obligee is the beneficiary, regardless of whether a claim is known at the time of filing.

(c) After a claim is filed under Subsection (a) or (b), at the time that a specific claim is made by or against the insured or by the obligee, the insured or the obligee shall supplement the claim, and the receiver shall treat the claim as a contingent or unliquidated claim under Section 443.255.

Sec. 443.255. ALLOWANCE OF CONTINGENT AND UNLIQUIDATED CLAIMS.

(a) A claim of an insured or third party may be allowed under Section 443.253, regardless of the fact that the claim was contingent or unliquidated, if any contingency is removed in accordance with Subsection (b) and the value of the claim is determined. For purposes of this section, a claim is contingent if:

(1) the accident, casualty, disaster, loss, event, or occurrence insured, reinsured, or bonded or reinsured against occurred on or before the date fixed under Section 443.151; and

(2) the act or event triggering the insurer's obligation to pay has not occurred as of the date fixed under Section 443.151.

(b) Unless the receivership court directs otherwise, a contingent claim may be allowed if the claimant has presented proof reasonably satisfactory to the liquidator of the insurer's obligation to pay or the claim was based on a cause of action against an insured of the insurer and:

(1) it may be reasonably inferred from proof presented upon the claim that the claimant would be able to obtain a judgment; and

(2) the person has furnished suitable proof, unless the receivership court for good cause shown otherwise directs, that no further valid claims can be made against the insurer arising out of the cause of action other than those already presented.

(c) The liquidator may petition the receivership court to set a date before which all claims under this section are final. In addition to the notice requirements of Section 443.007, the liquidator shall give notice of the filing of the petition to all claimants with claims that remain contingent or unliquidated under this section.

Sec. 443.256. SPECIAL PROVISIONS FOR THIRD-PARTY CLAIMS. (a) When any third party asserts a cause of action against an insured of an insurer in liquidation, the third party may file a claim with the liquidator on or before the last day for filing claims.

(b) Whether or not the third party files a claim, the insured may file a claim on the insured's own behalf in the liquidation.

(c) The liquidator may make recommendations to the receivership court for the allowance of an insured's claim after consideration of the probable outcome of any pending action against the insured on which the claim is based, the probable damages recoverable in the action, and the probable costs and expenses of defense. After allowance by the receivership court, the liquidator shall withhold any distribution payable on the claim, pending the outcome of litigation and negotiation between the insured and the third party. The liquidator may reconsider the claim as provided in Section 443.253(j). As claims against the insured are settled or barred, the insured or third party, as appropriate, shall be paid from the amount withheld the same percentage distribution as was paid on other claims of like priority, based on the lesser of the amount actually due from the insured by action or paid by agreement plus the reasonable costs and expense of defense, or the amount allowed on the claims by the receivership court. After all claims are settled or barred, any sum remaining from the amount withheld shall revert to the undistributed property of the insurer.

(d) If several claims founded upon one policy are timely filed under this section, whether by third parties or as claims by the insured, and the aggregate amount of the timely filed allowed claims

exceeds the aggregate policy limits, the liquidator may:

(1) apportion the policy limits ratably among the timely filed allowed claims; or

(2) give notice to the insured, known third parties, and affected guaranty associations that the aggregate policy limits have been exceeded. On and after the 30th day after the date of the liquidator's notice, further amounts may not be allowed, the policy limits shall be apportioned ratably among the timely filed allowed claims, and any additional claims shall be rejected.

(e) Claims by the insured under Subsection (d) must be evaluated as described by Subsection (c). If any insured's claim is subsequently reduced under Subsection (c), the amount freed by the reduction must be apportioned ratably among the claims which have been reduced under Subsection (d).

(f) A claim may not be allowed under this section to the extent the claim is covered by any guaranty association.

(g) A claimant may withdraw a proof of claim with the liquidator's approval. The liquidator may approve the withdrawal only upon a showing of good cause and after giving notice of the withdrawal to the insured.

(h) The filing of a proof of claim in connection with a claim against an insured has the following effect on the rights of the claimant and the insured:

(1) By filing a proof of claim, a claimant waives any right to pursue the personal assets of the insured with respect to the claim, to the extent of the coverage or policy limits provided by the insurer, and agrees that to the extent of the coverage or policy limits provided by the insurer, the claimant will seek satisfaction of the claim against the insured solely from distributions paid by the liquidator on the claim and from any payments that a guaranty association may pay on account of the claim, except as provided in this section.

(2) The waiver provided under this section is conditioned upon the cooperation of the insured with the liquidator and any applicable guaranty association in the defense of the claim. The waiver provided under this section does not operate to:

(A) discharge the guaranty association from any of the association's responsibilities and duties;

(B) release the insured with respect to any claim in excess of the coverage or policy limits provided by the insurer or

any other responsible party; or

(C) release the insured with respect to any claim by a guaranty association for reimbursement under the law applicable to the guaranty association.

(3) The waiver provided under this section is void if:

(A) a claimant withdraws the claimant's proof of claim under Subsection (g); or

(B) the liquidator avoids insurance coverage in connection with a proof of the claim.

(4) The liquidator shall provide, where applicable, notice of the election of remedies provision in this section on any proof of claim form the liquidator distributes. The notice must be inserted above the claimant's signature line in typeface not smaller than the typeface of the rest of the notice and, in any event not smaller than a 14-point font, and must include a statement substantially similar to the following: "I understand by filing this claim in the estate of the insurer I am waiving any right to pursue the personal assets of the insured to the extent that there are policy limits or coverage provided by the now insolvent insurer."

for a hearing pursuant to Section 443.007.

(b) The provisions of this section are not applicable to disputes with respect to coverage determinations by a guaranty association as part of the association's statutory obligations.

(c) The final disposition by the receivership court of a disputed claim is deemed a final judgment for purposes of appeal.

Sec. 443.260. SECURED CREDITORS' CLAIMS. (a) The value of any security held by a secured creditor must be determined in one of the following ways:

(1) by converting the same into money according to the terms of the agreement pursuant to which the security was delivered to the creditor; or

(2) by agreement or litigation between the creditor and the liquidator.

(b) If a surety has paid any losses or loss adjustment expenses under its own surety instrument before any petition initiating a delinquency proceeding is filed and the principal to the instrument has posted collateral that remains available to reimburse the losses or loss adjustment expenses at the time the petition is filed and that collateral has not been credited against the payments made, then the receiver has the first priority to use the collateral to reimburse the surety for any pre-petition losses and expenses.

(c) If the principal under a surety bond or surety undertaking has pledged any collateral, including a guaranty or letter of credit, to secure the principal's reimbursement obligation to the insurer issuing the bond or undertaking, the claim of any obligee, or subject to the discretion of the receiver, of any completion contractor under the surety bond or surety undertaking must be satisfied first out of the collateral or its proceeds.

(d) In making any distribution to an obligee or completion contractor under Subsection (c), the receiver shall retain a sufficient reserve for any other potential claim against that collateral.

(e) If collateral is insufficient to satisfy in full all potential claims against it under Subsections (c) and (g), the claims against the collateral must be paid on a pro rata basis, and an

obligee or completion contractor under Subsection (c) has a claim, subject to allowance under Section 443.253, for any deficiency.

(f) If the time to assert claims against a surety bond or a surety undertaking has expired, and all claims described by this section have been satisfied in full, any remaining collateral pledged under the surety bond or surety undertaking must be returned to the principal under the bond or undertaking.

(g) To the extent that a guaranty association has made a payment relating to a claim against a surety bond, the guaranty association shall first be reimbursed for that payment and related expenses out of the available collateral or proceeds related to the surety bond. To the extent that the collateral is sufficient, the guaranty association shall be reimbursed 100 percent of its payment. If the collateral is insufficient to satisfy in full all potential claims against the collateral under Subsection (c) and this subsection, a guaranty association that has paid claims on the surety bond is entitled to a pro rata share of the available collateral in accordance with Subsection (e), and the guaranty association has claims against the general assets of the estate in accordance with Section 443.253 for any deficiency. Any payment made to a guaranty association under this subsection from collateral may not be deemed early access or otherwise deemed a distribution out of the general assets or property of the estate, and the guaranty association receiving payment shall subtract any payment from the collateral from the association's final claims against the estate.

(h) An amount determined under Subsection (a) shall be credited upon the secured claim, and the claimant may file a proof of claim, subject to all other provisions of this chapter for any deficiency, which must be treated as an unsecured claim. If the claimant surrenders the claimant's security to the liquidator, the entire claim is treated as if unsecured.

(i) The liquidator may recover from property securing an allowed secured claim the reasonable, necessary costs and expenses of preserving or disposing of the property to the extent of any benefit to the holder of such claim.

Sec. 443.261. QUALIFIED FINANCIAL CONTRACTS. (a)

Notwithstanding any other provision of this chapter, including any other provision of this chapter permitting the modification of contracts, or other law of this state, a person may not be stayed or prohibited from exercising:

(1) a contractual right to terminate, liquidate, or close out any netting agreement or qualified financial contract with an insurer because of:

(A) the insolvency, financial condition, or default of the insurer at any time, provided that the right is enforceable under applicable law other than this chapter; or

(B) the commencement of a formal delinquency proceeding under this chapter;

(2) any right under a pledge, security, collateral, or guarantee agreement, or any other similar security arrangement or credit support document, relating to a netting agreement or qualified financial contract; or

(3) subject to any provision of Section 443.209(b), any right to set off or net out any termination value, payment amount, or other transfer obligation arising under or in connection with a netting agreement or qualified financial contract where the counterparty or its guarantor is organized under the laws of the United States or a state or foreign jurisdiction approved by the Securities Valuation Office of the National Association of Insurance Commissioners as eligible for netting.

(b) Upon termination of a netting agreement, the net or settlement amount, if any, owed by a nondefaulting party to an insurer against which an application or petition has been filed under

this chapter shall be transferred to, or on the order of the receiver for, the insurer, even if the insurer is the defaulting party and notwithstanding any provision in the netting agreement that may provide that the nondefaulting party is not required to pay any net or settlement amount due to the defaulting party upon termination. Any limited two-way payment provision in a netting agreement with an insurer that has defaulted is deemed to be a full two-way payment provision as against the defaulting insurer. Any such property or amount is, except to the extent it is subject to one or more secondary liens or encumbrances, a general asset of the insurer.

(c) In making any transfer of a netting agreement or qualified financial contract of an insurer subject to a proceeding under this chapter, the receiver shall either:

(1) transfer to one party, other than an insurer subject to a proceeding under this chapter, all netting agreements and qualified financial contracts between a counterparty or any affiliate of the counterparty and the insurer that is the subject of the proceeding, including:

(A) all rights and obligations of each party under each netting agreement and qualified financial contract; and

(B) all property, including any guarantees or credit support documents, securing any claims of each party under each netting agreement and qualified financial contract; or

(2) transfer none of the netting agreements, qualified financial contracts, rights, obligations, or property referred to in Subdivision (1), with respect to the counterparty and any affiliate of the counterparty.

(d) If a receiver for an insurer makes a transfer of one or more netting agreements or qualified financial contracts, the receiver shall use its best efforts to notify any person who is party to the netting agreements or qualified financial contracts of the transfer not later than noon, the receiver's local time, on the business day following the transfer. For purposes of this subsection, "business day" means a day other than a Saturday, a Sunday, or any day on which either the New York Stock Exchange or the Federal Reserve Bank of New York is closed.

(e) Notwithstanding any other provision of this chapter, a receiver may not avoid a transfer of money or other property arising under or in connection with a netting agreement or qualified financial contract, or any pledge, security, or collateral or

guarantee agreement or any other similar security arrangement or credit support document relating to a netting agreement or qualified financial contract, that is made before the commencement of a formal delinquency proceeding under this chapter. However, a transfer may be avoided under Section 443.205(a) if the transfer was made with actual intent to hinder, delay, or defraud the insurer, a receiver appointed for the insurer, or existing or future creditors.

(f) In exercising any of the receiver's powers under this chapter to disaffirm or repudiate a netting agreement or qualified financial contract, the receiver shall take action with respect to each netting agreement or qualified financial contract and all transactions entered into in connection with the agreement or contract in its entirety. Notwithstanding any other provision of this chapter, any claim of a counterparty against the estate arising from the receiver's disaffirmance or repudiation of a netting agreement or qualified financial contract that has not been previously affirmed in the liquidation or immediately preceding rehabilitation case must be determined and must be allowed or disallowed as if the claim had arisen before the date of the filing of the petition for liquidation or, if a rehabilitation proceeding is converted to a liquidation proceeding, as if the claim had arisen before the date of the filing of the petition for rehabilitation. The amount of the claim must be the actual direct compensatory damages determined as of the date of the disaffirmance or repudiation of the netting agreement or qualified financial contract. For purposes of this subsection, the term "actual direct compensatory damages" does not include punitive or exemplary damages, damages for lost profit or lost opportunity, or damages for pain and suffering but does include normal and reasonable costs of cover or other reasonable measures of damages utilized in the derivatives market for the contract and agreement claims.

(g) For purposes of this section, the term "contractual right" includes any right, whether or not evidenced in writing, arising under:

- (1) statutory or common law;
- (2) a rule or bylaw of a national securities exchange, national securities clearing organization, or securities clearing agency;
- (3) a rule, bylaw, or resolution of the governing body of a contract market or its clearing organization; or
- (4) law merchant.

(h) The provisions of this section do not apply to persons who are affiliates of the insurer that is the subject of the proceeding.

(i) All rights of counterparties under this chapter apply to netting agreements and qualified financial contracts entered into on behalf of the general account or separate accounts if the assets of each separate account are available only to counterparties to netting agreements and qualified financial contracts entered into on behalf of that separate account.

SUBCHAPTER G. DISTRIBUTIONS

Sec. 443.301. PRIORITY OF DISTRIBUTION. The priority of payment of distributions on unsecured claims must be in accordance with the order in which each class of claims is set forth in this section. Every claim in each class shall be paid in full, or adequate funds retained for their payment, before the members of the next class receive payment, and all claims within a class must be paid substantially the same percentage of the amount of the claim. Except as provided by Subsections (a)(2), (a)(3), (i), and (k), subclasses may not be established within a class. No claim by a shareholder, policyholder, or other creditor shall be permitted to circumvent the priority classes through the use of equitable remedies. The order of distribution of claims shall be:

(a) Class 1. (1) The costs and expenses of administration expressly approved or ratified by the liquidator, including the

following:

(A) the actual and necessary costs of preserving or recovering the property of the insurer;

(B) reasonable compensation for all services rendered on behalf of the administrative supervisor or receiver;

(C) any necessary filing fees;

(D) the fees and mileage payable to witnesses;

(E) unsecured loans obtained by the receiver; and

(F) expenses, if any, approved by the rehabilitator of the insurer and incurred in the course of the rehabilitation that are unpaid at the time of the entry of the order of liquidation.

(2) The reasonable expenses of a guaranty association, including overhead, salaries and other general administrative expenses allocable to the receivership to include administrative and claims handling expenses and expenses in connection with arrangements for ongoing coverage, other than expenses incurred in the performance of duties under Section 462.002(3), 463.108, 463.111, 463.113, 463.353, or 2602.113 or similar duties under the statute governing a similar organization in another state. In the case of the Texas Property and Casualty Insurance Guaranty Association and other property and casualty guaranty associations, the expenses shall include loss adjustment expenses, including adjusting and other expenses and defense and cost containment expenses. In the event that there are insufficient assets to pay all of the costs and expenses of administration under Subsection (a)(1) and the expenses of a guaranty association, the costs and expenses under Subsection (a)(1) shall have priority over the expenses of a guaranty association. In this event, the expenses of a guaranty association shall be paid on a pro rata basis after the payment of costs and expenses under Subsection (a)(1) in full.

(3) For purposes of Subsection (a)(1)(E), any unsecured loan obtained by the receiver, unless by its terms it otherwise provides, has priority over all other costs of administration. Absent agreement to the contrary, all claims in this subclass share pro rata.

(4) Except as expressly approved by the receiver, any expenses arising from a duty to indemnify the directors, officers, or employees of the insurer are excluded from this class and, if allowed, are Class 5 claims.

(b) Class 2. (1) All claims under policies of insurance,

including third-party claims; claims under annuity contracts, including funding agreements, guaranteed investment contracts, and synthetic guaranteed investment contracts; claims under nonassessable policies for unearned premium; claims of obligees and, subject to the discretion of the receiver, completion contractors, under surety bonds and surety undertakings other than bail bonds, mortgage or financial guaranties, or other forms of insurance offering protection against investment risk; claims by principals under surety bonds and surety undertakings for wrongful dissipation of collateral by the insurer or its agents; and claims incurred during the extension of coverage provided for in Section 443.152. For purposes of this subdivision, "annuity contract," "funding agreement," "guaranteed investment contract," and "synthetic guaranteed investment contract" have the meanings assigned by Section 1154.003.

(2) All other claims incurred in fulfilling the statutory obligations of a guaranty association not included in Class 1, including indemnity payments on covered claims and, in the case of the Life, Accident, Health, and Hospital Service Insurance Guaranty Association or another life and health guaranty association, all claims as a creditor of the impaired or insolvent insurer for all payments of and liabilities incurred on behalf of covered claims or covered obligations of the insurer and for the funds needed to reinsure those obligations with a solvent insurer.

(3) Claims for benefits under a health care plan issued by a health maintenance organization.

(4) Claims under insurance policies or contracts for benefits issued by an unauthorized insurer.

(5) Notwithstanding any provision of this chapter, the following claims are excluded from Class 2 priority:

(A) obligations of the insolvent insurer arising out of reinsurance contracts;

(B) obligations, excluding unearned premium claims on policies other than reinsurance agreements, incurred after:

(i) the expiration date of the insurance policy;

(ii) the policy has been replaced by the insured or canceled at the insured's request; or

(iii) the policy has been canceled as provided by this chapter;

(C) obligations to insurers, insurance pools, or underwriting associations and their claims for contribution,

indemnity, or subrogation, equitable or otherwise;

(D) any claim that is in excess of any applicable limits provided in the insurance policy issued by the insurer;

(E) any amount accrued as punitive or exemplary damages unless expressly covered under the terms of the policy;

(F) tort claims of any kind against the insurer and claims against the insurer for bad faith or wrongful settlement practices; and

(G) claims of the guaranty associations for assessments not paid by the insurer, which must be paid as claims in Class 5.

(c) Class 3. Claims of the federal government not included in Class 2.

(d) Class 4. Debts due employees for services or benefits to the extent that the debts do not exceed \$5,000 or two months salary, whichever is the lesser, and represent payment for services performed within one year before the entry of the initial order of receivership. This priority is in lieu of any other similar priority that may be authorized by law as to wages or compensation of employees.

(e) Class 5. Claims of other unsecured creditors not included in Classes 1 through 4, including claims under reinsurance contracts, claims of guaranty associations for assessments not paid by the insurer, and other claims excluded from Class 2.

(f) Class 6. Claims of any state or local governments, except those specifically classified elsewhere in this section. Claims of attorneys for fees and expenses owed them by an insurer for services rendered in opposing a formal delinquency proceeding. In order to prove the claim, the claimant must show that the insurer that is the subject of the delinquency proceeding incurred the fees and expenses based on its best knowledge, information, and belief, formed after reasonable inquiry, indicating opposition was in the best interests of the insurer, was well grounded in fact, and was warranted by existing law or a good faith argument for the extension, modification, or reversal of existing law, and that opposition was not pursued for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of the litigation.

(g) Class 7. Claims of any state or local government for a penalty or forfeiture, but only to the extent of the pecuniary loss sustained from the act, transaction, or proceeding out of which the penalty or forfeiture arose, with reasonable and actual costs

occasioned thereby. The balance of the claims must be treated as Class 9 claims under Subsection (i).

(h) Class 8. Except as provided in Sections 443.251(b) and (d), late filed claims that would otherwise be classified in Classes 2 through 7.

(i) Class 9. Surplus notes, capital notes or contribution notes or similar obligations, premium refunds on assessable policies, and any other claims specifically assigned to this class. Claims in this class are subject to any subordination agreements related to other claims in this class that existed before the entry of the liquidation order.

(j) Class 10. Interest on allowed claims of Classes 1 through 9, according to the terms of a plan proposed by the liquidator and approved by the receivership court.

(k) Class 11. Claims of shareholders or other owners arising out of their capacity as shareholders or other owners, or any other capacity, except as they may be qualified in Class 2, 5, or 10. Claims in this class are subject to any subordination agreements related to other claims in this class that existed before the entry of the liquidation order.

Sec. 443.302. PARTIAL AND FINAL DISTRIBUTIONS OF ASSETS. (a) With the approval of the receivership court, the liquidator may declare and pay one or more distributions to claimants whose claims have been allowed. Distributions paid under this subsection must be

paid at substantially the same percentage of the amount of the claim.

(b) In determining the percentage of distributions to be paid on these claims, the liquidator may consider the estimated value of the insurer's property, including estimated reinsurance recoverables in connection with the insurer's estimated liabilities for unpaid losses and loss expenses and for incurred but not reported losses and loss expenses, and the estimated value of the insurer's liabilities, including estimated liabilities for unpaid losses and loss expenses and for incurred but not reported losses and loss expenses.

(c) Distribution of property in kind may be made at valuations set by agreement between the liquidator and the creditor and approved by the receivership court.

(d) Notwithstanding the provisions of Subsection (a) and Subchapter D, the liquidator is authorized to pay benefits under a workers' compensation policy after the entry of the liquidation order if:

(1) the insurer has accepted liability and no bona fide dispute exists;

(2) payments under the policy commenced before the entry of the liquidation order; and

(3) future or past indemnity or medical payments are due under the policy.

(e) Claim payments made under Subsection (d) may continue until the date that a guaranty association assumes responsibility for claim payments under the policy.

(f) Any claim payments made under Subsection (d) and any related expenses must be treated as early access payments under Section 443.303 to the guaranty association responsible for the claims.

Sec. 443.303. EARLY ACCESS PAYMENTS. (a) For purposes of this section, "distributable assets" means all general assets of the liquidation estate less:

(1) amounts reserved, to the extent necessary and appropriate, for the entire Section 443.301(a) expenses of the liquidation through and after its closure; and

(2) to the extent necessary and appropriate, reserves for distributions on claims other than those of the guaranty associations falling within the priority classes of claims established in Section 443.301(b).

(b) Early access payments to guaranty associations must be made as soon as possible after the entry of a liquidation order and as frequently as possible after the entry of the order, but at least annually if distributable assets are available to be distributed to the guaranty associations, and must be in amounts consistent with this section. Amounts advanced to an affected guaranty association pursuant to this section shall be accounted for as advances against distributions to be made under Section 443.302. Where sufficient distributable assets are available, amounts advanced are not limited to the claims and expenses paid to date by the guaranty associations; however, the liquidator may not distribute distributable assets to the guaranty associations in excess of the anticipated entire claims of the guaranty associations falling within the priority classes of claims established in Sections 443.301(a) and (b).

(c) Within 120 days after the entry of an order of liquidation by the receivership court, and at least annually after the entry of the order, the liquidator shall apply to the receivership court for approval to make early access payments out of the general assets of the insurer to any guaranty associations having obligations arising in connection with the liquidation or shall report that there are no distributable assets at that time based on financial reporting as required in Section 443.016. The liquidator may apply to the receivership court for approval to make early access payments more frequently than annually based on additional information or the

recovery of material assets.

(d) Within 60 days after approval by the receivership court of the applications in Subsection (c), the liquidator shall make any early access payments to the affected guaranty associations as indicated in the approved application.

(e) Notice of each application for early access payments, or of any report required pursuant to this section, must be given in accordance with Section 443.007 to the guaranty associations that may have obligations arising from the liquidation. Notwithstanding the provisions of Section 443.007, the liquidator shall provide these guaranty associations with at least 30 days' actual notice of the filing of the application and with a complete copy of the application prior to any action by the receivership court. Any guaranty association that may have obligations arising in connection with the liquidation has:

(1) the right to request additional information from the liquidator, who may not unreasonably deny such request; and

(2) the right to object as provided by Section 443.007 to any part of each application or to any report filed by the liquidator pursuant to this section.

(f) In each application regarding early access payments, the liquidator shall, based on the best information available to the liquidator at the time, provide, at a minimum, the following:

(1) to the extent necessary and appropriate, the amount reserved for the entire expenses of the liquidation through and after its closure and for distributions on claims falling within the priority classes of claims established in Sections 443.301(b) and (c);

(2) the computation of distributable assets and the amount and method of equitable allocation of early access payments to each of the guaranty associations; and

(3) the most recent financial information filed with the National Association of Insurance Commissioners by the liquidator.

(g) Each guaranty association that receives any payments pursuant to this section agrees, upon depositing the payment in any account to its benefit, to return to the liquidator any amount of these payments that may be required to pay claims of secured creditors and claims falling within the priority classes of claims established in Section 443.301(a), (b), or (c). No bond may be required of any guaranty association.

(h) Nothing in this section affects the method by which a guaranty association determines the association's statutory coverage obligations.

(i) Without the consent of the affected guaranty associations or an order of the receivership court, the liquidator may not offset the amount to be dispersed to any guaranty association by the amount of any specific deposit or any other statutory deposit or asset of the insolvent insurer held in that state unless the association has actually received the deposit.

Sec. 443.304. UNCLAIMED AND WITHHELD FUNDS. (a) If any funds of the receivership estate remain unclaimed after the final distribution under Section 443.302, the funds must be placed in a segregated unclaimed funds account held by the commissioner. If the owner of any of the unclaimed funds presents proof of ownership satisfactory to the commissioner before the second anniversary of the date of the termination of the delinquency proceeding, the commissioner shall remit the funds to the owner. The interest earned on funds held in the unclaimed funds account may be used to pay any administrative costs related to the handling or return of unclaimed funds.

(b) If any amounts held in the unclaimed funds account remain

unclaimed on or after the second anniversary of the date of the termination of the delinquency proceeding, the commissioner may file a motion for an order directing the disposition of the funds in the court in which the delinquency proceeding was pending. Any costs incurred in connection with the motion may be paid from the unclaimed funds account. The motion shall identify the name of the insurer, the names and last known addresses of the persons entitled to the unclaimed funds, if known, and the amount of the funds. Notice of the motion shall be given as directed by the court. Upon a finding by the court that the funds have not been claimed before the second anniversary of the date of the termination of the delinquency proceeding, the court shall order that any claims for unclaimed funds and any interest earned on the unclaimed funds that has not been expended under Subsection (a) are abandoned and that the funds must be disbursed under one of the following methods:

(1) the amounts may be deposited in the general receivership expense account under Subsection (c);

(2) the amounts may be transferred to the comptroller, and deposited into the general revenue fund; or

(3) the amounts may be used to reopen the receivership in accordance with Section 443.353 and be distributed to the known claimants with approved claims.

(c) The commissioner may establish an account for the following purposes:

(1) to pay general expenses related to the administration of receiverships; and

(2) to advance funds to any receivership that does not have sufficient cash to pay its operating expenses.

(d) Any advance to a receivership under Subsection (c)(2) may be treated as a claim under Section 443.301 as agreed at the time the advance is made or, in the absence of an agreement, in the priority determined to be appropriate by the court.

(e) If the commissioner determines at any time that the funds in the account exceed the amount required, the commissioner may transfer the funds or any part of the funds to the comptroller, and the transferred funds must be deposited into the general revenue fund.

SUBCHAPTER H. DISCHARGE

Sec. 443.351. CONDITION ON RELEASE FROM DELINQUENCY

PROCEEDINGS. Until all payments of or on account of the insurer's contractual obligations by all guaranty associations, along with all expenses of the obligations and interest on all the payments and expenses, are repaid to the guaranty associations, unless otherwise provided in a plan approved by the guaranty association, an insurer that is subject to any formal delinquency proceedings may not:

- (1) solicit or accept new business or request or accept the restoration of any suspended or revoked license or certificate of authority;
- (2) be returned to the control of its shareholders or private management; or
- (3) have any of its assets returned to the control of its shareholders or private management.

Sec. 443.352. TERMINATION OF LIQUIDATION PROCEEDINGS. When all property justifying the expense of collection and distribution has been collected and distributed under this chapter, the liquidator shall apply to the receivership court for an order discharging the liquidator and terminating the proceeding. The receivership court may grant the application and make any other orders, including orders to transfer any remaining funds that are uneconomic to distribute, or pursuant to Section 443.302(c), assign any assets that remain unliquidated, including claims and causes of action, as may be deemed appropriate.

Sec. 443.354. DISPOSITION OF RECORDS DURING AND AFTER TERMINATION OF RECEIVERSHIP. (a) When it appears to the receiver

that the records of the insurer in receivership are no longer useful, the receiver may recommend to the receivership court and the receivership court shall direct what records should be destroyed.

(b) If the receiver determines that any records should be maintained after the closing of the delinquency proceeding, the receiver may reserve property from the receivership estate for the maintenance of the records, and any amounts so retained are administrative expenses of the estate under Section 443.301(a). Any records retained pursuant to this subsection must be transferred to the custody of the commissioner, and the commissioner may retain or dispose of the records as appropriate, at the commissioner's discretion. SUBCHAPTER I. INTERSTATE RELATIONS

Sec. 443.401. ANCILLARY CONSERVATION OF FOREIGN INSURERS. (a) The commissioner may initiate an action against a foreign insurer pursuant to Section 443.051 on any of the grounds stated in that section or on the basis that:

(1) any of the foreign insurer's property has been sequestered, garnished, or seized by official action in its domiciliary state or in any other state;

(2) the foreign insurer's certificate of authority to do business in this state has been revoked or was never issued and there are residents of this state with unpaid claims or in-force policies; or

(3) initiation of the action is necessary to enforce a stay under Section 462.309, 463.404, or 2602.259.

(b) If a domiciliary receiver has been appointed, the commissioner may initiate an action against a foreign insurer under Subsection (a)(1) or (a)(2) only with the consent of the domiciliary receiver.

(c) An order entered pursuant to this section must appoint the commissioner as conservator. The conservator's title to assets must be limited to the insurer's property and records located in this state.

(d) Notwithstanding Section 443.201(c), the conservator shall hold and conserve the assets located in this state until the commissioner in the insurer's domiciliary state is appointed its receiver or until an order terminating conservation is entered under Subsection (g). Once a domiciliary receiver is appointed, the conservator shall turn over to the domiciliary receiver all property

subject to an order under this section.

(e) The conservator may liquidate property of the insurer as necessary to cover the costs incurred in the initiation or administration of a proceeding under this section.

Sec. 443.402. DOMICILIARY RECEIVERS APPOINTED IN OTHER STATES.

(a) A domiciliary receiver appointed in another state is vested by operation of law with title to, and may summarily take possession of, all property and records of the insurer in this state.

Notwithstanding any other provision of law regarding special deposits, special deposits held in this state shall be, upon the entry of an order of liquidation with a finding of insolvency, distributed to the guaranty associations in this state as early

access payments subject to Section 443.303, in relation to the lines of business for which the special deposits were made. The holder of any special deposit shall account to the domiciliary receiver for all distributions from the special deposit at the time of the distribution. The statutory provisions of another state and all orders entered by courts of competent jurisdiction in relation to the appointment of a domiciliary receiver of an insurer and any related proceedings in another state must be given full faith and credit in this state. For purposes of this section, "another state" means any state other than this state. This state shall treat any other state than this state as a reciprocal state.

(b) Upon appointment of a domiciliary receiver in another state, the commissioner shall, unless otherwise agreed by the receiver, immediately transfer title to and possession of all property of the insurer under the commissioner's control, including all statutory general or special deposits, to the receiver.

(c) Except as provided in Subsection (a), the domiciliary receiver shall handle special deposits and special deposit claims in accordance with federal law and the statutes pursuant to which the special deposits are required. All amounts in excess of the estimated amount necessary to administer the special deposit and pay the unpaid special deposit claims are deemed general assets of the estate. If there is a deficiency in any special deposit so that the claims secured by the special deposit are not fully discharged from the deposit, the claimants may share in the general assets of the insurer to the extent of the deficiency at the same priority as other claimants in their class of priority under Section 443.301, but the sharing must be deferred until the other claimants of their class have been paid percentages of their claims equal to the percentage paid from the special deposit. The intent of this provision is to equalize to this extent the advantage gained by the security provided by the special deposits.

- (1) the association's obligations under Section 462.302 and the expenses of handling covered claims subsequent to an insolvency; and
- (2) other expenses authorized by this chapter.

(b) The assessment of each member insurer must be in the proportion that the net direct written premiums of the insurer for

the calendar year preceding the assessment bear to the net direct written premiums of all member insurers for that year.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 462.152. MAXIMUM TOTAL ASSESSMENT. (a) The total assessment of a member insurer in a year may not exceed an amount equal to two percent of the insurer's net direct written premiums for the calendar year preceding the assessment.

(b) If the maximum assessment and the association's other assets are insufficient in a year to make all necessary payments, the money available shall be prorated and the association shall pay the unpaid portion as soon as money becomes available.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

or partly an assessment of a member insurer that would cause the insurer's financial statement to show amounts of capital or surplus less than the minimum amounts required for a certificate of authority in any jurisdiction in which the insurer is authorized to engage in the business of insurance.

(b) The member insurer shall pay the deferred assessment at the time payment will not reduce capital or surplus below required minimums. The payment shall be refunded to or credited against future assessments of any member insurer receiving a larger assessment because of the deferment, as elected by that insurer.

(c) During a period of deferment, the member insurer may not pay a dividend to shareholders or policyholders.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 462.156. USE OF ASSESSMENTS. (a) The amounts provided under assessments made under this chapter supplement the marshalling of assets by the receiver under Chapter 442 to make payments on the impaired insurer's behalf.

(b) This section does not require the receiver to exhaust the assets of the impaired insurer before an assessment is made or before money derived from an assessment may be used to pay covered claims.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

(c) The balance of a tax credit not claimed in a particular year may be reflected in the books and records of the insurer as an admitted asset of the insurer for all purposes, including exhibition in an annual statement under Section 862.001.

(d) Available credit against premium tax allowed under this

section may be transferred or assigned among insurers if:

- (1) a merger, acquisition, or total assumption of reinsurance among the insurers occurs; or

Sec. 462.158. ADVANCE AS LOAN. Money advanced by the association under this chapter is considered a special fund loan to the impaired insurer for payment of covered claims and does not become an asset of the impaired insurer. The loan is repayable to the extent money from the impaired insurer is available.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 462.159. ESTIMATE OF ADDITIONAL MONEY NEEDED ON IMPAIRMENT OF INSURER. (a) If the commissioner determines that an insurer has become an impaired insurer, the association shall promptly estimate the amount of additional money, by lines of business, needed to supplement the immediately available assets of the impaired insurer to pay covered claims.

(b) The board shall make additional money available as the actual need arises for each impaired insurer.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 462.161. AMOUNT OF ASSESSMENT; PRORATION OF PAYMENT. (a) The association, in determining the proportionate amount to be paid by individual insurers under an assessment under Section 462.160, shall consider the lines of business written by the impaired insurer and shall assess individual insurers in proportion to the ratio that the total net direct written premiums collected in this state by the insurer for those lines of business bears to the total net direct written premiums collected by all insurers, other than impaired insurers, in this state for those lines of business.

(b) The association shall determine the total net direct written premiums of an individual insurer and of all insurers in the state from the insurers' annual statements for the year preceding assessment.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 462.162. MAXIMUM ASSESSMENT OF INSURER; ADDITIONAL ASSESSMENT AUTHORITY UNDER CERTAIN CIRCUMSTANCES. (b) In the event of a natural disaster or other catastrophe, the association may apply to the governor, in the manner prescribed by the plan of operation, for authority to assess each member insurer that writes insurance coverage, other than automobile insurance coverage or workers' compensation insurance coverage, an additional amount not to exceed two percent of the insurer's net direct written premiums for the preceding calendar year.

(c) If the maximum assessment in a calendar year does not provide an amount sufficient for payment of covered claims of impaired insurers, the association may make assessments in successive calendar years.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 462.163. PAYMENT OF ASSESSMENT. An insurer shall pay the

Sec. 462.164. PARTICIPATION RECEIPTS. (a) On receipt from a member insurer of payment of an assessment or partial assessment under Section 462.160 or 462.162(b), the association shall provide the insurer with a participation receipt. A participation receipt creates liability against the account described by Section 462.105 for the line or lines of business for which the assessment was made.

(b) The account from which an advance is made to an impaired insurer for the payment of covered claims is a general creditor of the impaired insurer for the money advanced. With reference to the remaining balance of an advance not used to pay covered claims, the claim of the account has preference over other general creditors.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 462.165. ACCOUNTING; REPORTS; REFUND. (a) The association, with respect to an impaired insurer, shall adopt accounting procedures that reflect the use of all money and shall make a final report of the use of the money to the commissioner. The final report must state any remaining balance from the money advanced to an impaired insurer for the payment of covered claims.

(b) The association shall make interim accounting reports as required by the commissioner or requested by the conservator.

(c) As soon as practicable after completion of the final report, the association shall refund by line of business the remaining balance of those advances to the association's accounts.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 462.166. USE OF EXCESS MONEY IN ACCOUNT. (a) If the

association determines that money in the account described by Section 462.164(b) for a line of business exceeds the amount reasonably necessary for efficient future operation under this chapter, the association shall, after deducting any premium tax credit taken under Section 462.157, return the excess money pro rata to the holders of participation receipts:

(1) on which an outstanding balance exists; and

(2) that were issued for an assessment on the same line of business as the line for which the excess money is found to exist.

(b) The association shall transfer an excess amount that exists in the account described by Section 462.164(b) to the comptroller to be deposited to the credit of the general revenue fund if:

(1) after a distribution under this section the association finds that an excess amount still exists; or

(2) participation receipts on which there is an outstanding balance do not exist.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 462.167. COLLECTION OF ASSESSMENTS. (a) The commissioner may collect an assessment on behalf of the association through a suit brought for that purpose.

(b) Venue for a suit under this section is in Travis County.

(c) Either party to the suit may appeal to an appellate court. The appeal is at once returnable to the appellate court. The appeal has precedence in the appellate court over all causes of a different character pending before the court.

(d) The commissioner is not required to give an appeal bond in any cause of action arising under this section.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

(a) Except for a workers' compensation claim governed by Title 5, Labor Code, a covered claim does not include, and the association is not liable for, any claim arising from an insurance policy of any insured whose net worth on December 31 of the year preceding the date the insurer becomes an impaired insurer exceeds \$50 million.

(b) For purposes of this section, an insured's net worth includes the aggregate net worth of the insured and of the insured's parent, subsidiary, and affiliated companies computed on a consolidated basis.

(c) This section does not apply:

(1) to third-party claims against an insured that has:

(A) applied for or consented to the appointment of a receiver, trustee, or liquidator for all or a substantial part of the insurer's assets;

(B) filed a voluntary petition in bankruptcy; or

(C) filed a petition or an answer seeking a reorganization or arrangement with creditors or to take advantage of any insolvency law; or

(e) The association may establish procedures for requesting financial information from an insured or claimant on a confidential basis for the purpose of applying sections concerning the net worth of first-party and third-party claimants, subject to any information requested under this subsection being shared with any other association similar to the association and with the liquidator for the impaired insurer on the same confidential basis. If the insured or claimant refuses to provide the requested financial information, the association requests an auditor's certification of that information, and the auditor's certification is available but not provided, the association may deem the net worth of the insured or claimant to be in excess of \$50 million at the relevant time.

(f) In any lawsuit contesting the applicability of Section 462.308 or this section when the insured or claimant has declined to provide financial information under the procedure provided in the plan of operation under Section 462.103, the insured or claimant bears the burden of proof concerning its net worth at the relevant time. Sec. 462.214. CERTAIN SHAREHOLDERS' CLAIMS: LIMIT. Notwithstanding any other provision of this chapter, the association's liability for shareholder derivative actions or other claims for economic loss incurred by a claimant in the claimant's capacity as a shareholder under an insurance policy placed in force on or after January 1, 1992, is limited to \$300,000 for each policy, including defense costs, regardless of the number of claimants under each policy.

SUBCHAPTER F. NONDUPLICATION OF RECOVERY

Sec. 462.251. EXHAUSTION OF RIGHTS UNDER OTHER POLICY REQUIRED.

(a) Any person who has a claim under an insurance policy, other than an impaired insurer's policy, and whose claim arises from the same facts, injury, or loss giving rise to a claim against an impaired insurer or the insurer's insured, must first exhaust the person's rights under the insurance policy, including:

(1) a claim for benefits under a workers' compensation insurance policy or a claim for indemnity or medical benefits under a health, disability, uninsured motorist, personal injury protection, medical payment, liability, or other insurance policy; and

(2) the right to defense under the insurance policy.

(b) Subsection (a) applies without regard to whether the insurance policy is issued by a member insurer.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 462.252. REDUCTION IN AMOUNT OF COVERED CLAIM FOR OTHER POLICY. (a) Except as provided by Subsection (b), an amount payable as a covered claim under this chapter is reduced by the full applicable limits of another insurance policy described by Section 462.251, and the association shall receive a full credit in the amount of the full applicable limits of the other policy.

(b) A covered claim for workers' compensation benefits is subject to reduction only by a third-party liability recovery under Section 417.002, Labor Code.

(c) Subject to Section 462.255, the maximum amount payable by the association is the damages incurred by the claimant, less the association's credit or offset under this section, except that the association's liability may not exceed the lesser of:

(1) \$300,000; or

(2) the limits of the insurance policy under which the claim is made.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 462.253. EFFECT ON INSURED OF REDUCTION IN AMOUNT OF

COVERED CLAIM. To the extent that the association's obligation is reduced by the application of Sections 462.251 and 462.252, the liability of the person insured by the impaired insurer's policy for the claim is reduced in the same amount.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 462.254. RECOVERY FROM MORE THAN ONE GUARANTY ASSOCIATION.

(a) Except as provided by Subsections (b) and (c), a person who has a claim that may be recovered from more than one insurance guaranty association or the equivalent shall seek recovery first from the association of the insured's residence.

(b) A claimant shall seek recovery of a first-party claim for damage to property with a permanent location first from the association of the location of the property.

(c) A claimant shall seek recovery of a workers' compensation claim first from the association of the claimant's residence.

(d) The association has a credit or offset against the benefits under this chapter in the amount of the claimant's recovery under this section.

(e) Subject to Section 462.255, the maximum amount payable by the association is the amount of damages incurred by the claimant, less the credit or offset, except that the association's liability may not exceed \$300,000.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 462.255. CERTAIN CLAIMS SUBJECT TO LIEN OR SUBROGATION; LIMIT ON TOTAL RECOVERY. (a) Notwithstanding Sections 462.252(c) and 462.254(e), if a claimant is seeking recovery of insurance policy benefits that, had the impaired insurer not been insolvent, would be subject to lien or subrogation by any other insurer, including a workers' compensation insurer or health insurer, regardless of whether the other insurer is impaired, the association's credit or offset is deducted from the lesser of the damages incurred by the claimant or the limits of the policy under which the claim is made.

(b) A claimant's recovery under this chapter may not result in

a total recovery to the claimant that is greater than the recovery that would have resulted had the impaired insurer not been insolvent.

(c) Subject to Sections 462.201-462.203, 462.205-462.210, 462.213, 462.214, and 462.305 of this code and Title 5, Labor Code, a claim for workers' compensation benefits under this chapter may not result in a recovery to the claimant that is less than the recovery that would have resulted had the impaired insurer not been insolvent.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

(2) before the insurance policy expiration date, if that date is not later than the 30th day after the date of the designation of impairment; or

(3) before the insured replaces the insurance policy or causes the policy's cancellation, if the insured does so not later than the 30th day after the date of the designation of impairment.

(b) The association satisfies the obligation to pay a covered claim by paying the claimant the full amount of a covered claim for

benefits.

(c) The association's liability is limited to the payment of covered claims. The association is not liable for any other claim or damages against the insured, an impaired insurer, the association, the receiver, the special deputy receiver, the commissioner, or the liquidator, including a claim for:

(1) recovery of attorney's fees, prejudgment or postjudgment interest, or penalties;

(2) extracontractual damages, multiple damages, or exemplary damages; or

(3) any other amount sought in connection with the assertion or prosecution of a claim, without regard to whether the claim is a covered claim, by or on behalf of:

(A) an insured or claimant; or

(B) a provider of goods or services retained by an insured or claimant.

(d) The association shall pay claims in the order the association considers reasonable, including paying as claims are received from the claimants or in groups or categories of claims.

(e) This section does not exclude the payment of workers' compensation benefits or other liabilities or penalties authorized by Title 5, Labor Code, arising from the association's processing and paying workers' compensation benefits after the designation of impairment.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

(2) a judgment taken by default or consent against an insured or the impaired insurer; or

(3) a judgment, settlement, or release entered into by the insured or the impaired insurer.

(b) A judgment, settlement, or release described by Subsection (a) is not evidence of liability or of damages in connection with a

claim brought against the association or another party under this chapter.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 462.305. LIMITATION OF ASSOCIATION'S LIABILITY. (c) An insured or claimant seeking the protection of this chapter shall cooperate with the association to the same extent as that person would have been required to cooperate with the impaired insurer.

(d) Except as provided by Section 462.308, the association does not have a cause of action against the impaired insurer's insured for money the association has paid, other than a cause of action that the impaired insurer would have had if the money had been paid by the impaired insurer.

(e) In the case of an impaired insurer operating on a plan with assessment liability, the payment of a claim of the association does not reduce the liability of the insured to the receiver or statutory successor for an unpaid assessment.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

(a) To permit the association to properly defend a pending cause of action, a proceeding in which an impaired insurer is a party or is obligated to defend a party in a court in this state, other than a proceeding directly related to the receivership or instituted by the receiver, is stayed for:

(1) a six-month period beginning on the later of the date of the designation of impairment or the date an ancillary proceeding is brought in this state; and

(2) a subsequent period as determined by the court, if any.

(b) The stay applies to each party to the proceeding and the proceeding is stayed for all purposes.

(c) A deadline imposed under the Texas Rules of Civil Procedure or the Texas Rules of Appellate Procedure is tolled during the stay. Statutes of limitation or repose are not tolled during the stay, and any action filed during the stay is stayed upon the filing of the action.

(d) The court in which the delinquency proceeding is pending has exclusive jurisdiction regarding the application, enforcement, and extension of the stay and may issue an injunction or another similar order to enforce the stay.

(e) The commissioner may bring an ancillary conservation proceeding under Section 443.401 for the purpose of determining the application, enforcement, and extension of the stay to an impaired insurer that is not domiciled in this state.

(f) With respect to a covered claim arising from a judgment, order, decision, verdict, or finding based on the default of an impaired insurer or an impaired insurer's failure to defend the insured, the association, on the association's own behalf or on behalf of an insured and on application, shall be entitled to:

(1) have the court or administrator that made the judgment, order, decision, verdict, or finding set aside the judgment, order, decision, verdict, or finding; and

(b) The court having jurisdiction shall give the covered claim the same priority against assets of the impaired insurer that the

claim would have had in the absence of this chapter.

(c) The expenses of the association or a similar organization in another state in handling claims have the same priority as the receiver's expenses.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 462.311. REPORT TO RECEIVER. - (3) insurance in force.

(b) Class B assessments against a member insurer for each account under Section 463.105 shall be authorized and called in the proportion that the premiums received on business in this state by the insurer on policies or contracts covered by each account for the three most recent calendar years for which information is available preceding the year in which the insurer became impaired or insolvent bear to premiums received on business in this state for those calendar years by all assessed member insurers. SUBCHAPTER E. COVERAGE PROVIDED BY ASSOCIATION

Sec. 463.201. INSUREDS COVERED. (a) Subject to Subsections (b) and (c), this chapter provides coverage for a policy or contract described by Section 463.202 to a person who is:

(1) a person, other than a certificate holder under a group policy or contract who is not a resident, who is a beneficiary, assignee, or payee of a person described by Subdivision (2);

(2) a person who is an owner of or certificate holder under a policy or contract specified by Section 463.202, other than an unallocated annuity contract or structured settlement annuity, and who is:

(A) a resident; or

(B) not a resident, but only under all of the following conditions:

(i) the insurers that issued the policies or contracts are domiciled in this state;

(ii) the state in which the person resides has an association similar to the association; and

(iii) the person is not eligible for coverage by an association in any other state because the insurer was not licensed in the state at the time specified in that state's guaranty association law;

(3) a person who is the owner of an unallocated annuity contract issued to or in connection with:

(A) a benefit plan whose plan sponsor has the sponsor's principal place of business in this state; or

(B) a government lottery, if the owner is a resident;
or

(4) a person who is the payee under a structured settlement annuity, or beneficiary of the payee if the payee is deceased, if:

(A) the payee is a resident, regardless of where the contract owner resides;

(B) the payee is not a resident, the contract owner of the structured settlement annuity is a resident, and the payee is not eligible for coverage by the association in the state in which the payee resides; or

(C) the payee and the contract owner are not residents, the insurer that issued the structured settlement annuity is

domiciled in this state, the state in which the contract owner resides has an association similar to the association, and neither the payee or, if applicable, the payee's beneficiary, nor the contract owner is eligible for coverage by the association in the state in which the payee or contract owner resides.

(b) This chapter does not provide coverage to:

(1) a person who is a payee or the beneficiary of a payee with respect to a contract the owner of which is a resident of this state, if the payee or the payee's beneficiary is afforded any coverage by the association of another state; or

(2) a person otherwise described by Subsection (a)(3), if any coverage is provided by the association of another state to that person.

(c) This chapter is intended to provide coverage to persons who are residents of this state, and in those limited circumstances as described in this chapter, to nonresidents. In order to avoid duplicate coverage, if a person who would otherwise receive coverage under this chapter is provided coverage under the laws of any other state, the person may not be provided coverage under this chapter. In determining the application of the provisions of this subsection in situations in which a person could be covered by the association of more than one state, whether as an owner, payee, beneficiary, or assignee, this chapter shall be construed in conjunction with other state laws to result in coverage by only one association.

Sec. 463.254. LIFE OR HEALTH INSURANCE POLICIES OR CONTRACTS.

(a) This section applies only when the association is taking an action under Section 463.252(b)(2) or 463.253 with respect to a life or health insurance policy or contract.

(b) The association, in accordance with Subsections (c) and (d), as applicable, shall ensure payment of benefits identical to the benefits that would have been payable under the policy or contract of the insurer, at premiums identical to the premiums that would have been applicable under that policy or contract, except for terms of conversion and renewability.

(c) For a group policy or contract, the association shall ensure payment of benefits under Subsection (b) for claims incurred before the later of:

(1) the earlier of the next renewal date under the policy or contract or the 45th day after the date the association becomes obligated with respect to the policy or contract; or

(2) the 30th day after the date the association becomes obligated with respect to the policy or contract.

(d) For an individual policy, the association shall ensure payment of benefits under Subsection (b) for claims incurred before the later of:

(1) the earlier of the next renewal date under the policy, if any, or the first anniversary of the date the association becomes obligated with respect to the policy; or

(2) the 30th day after the date the association becomes obligated with respect to the policy.

(e) The association shall diligently attempt to provide each known insured or group policyholder with notice before the 30th day before the date the benefits are terminated.

(f) As provided by Subsections (g)-(i), the association shall make substitute coverage available on an individual basis to:

(1) each known insured under an individual policy, or the owner if other than the insured; and

(2) each individual who:

(A) was formerly insured under a group policy or contract; and

(B) is not eligible for replacement group coverage.

(g) Substitute coverage is available for an individual policy under Subsection (f) only if the insured or owner was entitled under law or the terminated policy to continue an individual policy in force until a specified age or for a specified period during which the insurer:

(1) was not entitled to unilaterally change a provision of the policy; or

(2) was entitled only to change a premium by class.

(h) Substitute coverage is available for a group policy or contract under Subsection (f) only if the formerly insured individual was entitled under law or the terminated policy or contract to convert group coverage to individual coverage.

(i) To provide substitute coverage under Subsection (f), the association may offer to reissue the terminated coverage or issue an alternative policy. The association shall offer the reissued or alternative policy without requiring evidence of insurability. The reissued or alternative policy may not provide for a waiting period or exclusion that would not have applied under the terminated policy. The association may reinsure a reissued or alternative policy.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 463.255. POLICY OR CONTRACT WITH GUARANTEED INTEREST RATE. In taking an action under Section 463.252(b)(2) or 463.253 with respect to a policy or contract with a guaranteed minimum interest rate, the association shall ensure the payment or crediting of a rate of interest consistent with Section 463.203(b)(3).

Sec. 463.256. ALTERNATIVE POLICY. (a) An alternative policy

issued by the association must:

- (1) be approved by the commissioner;
- (2) provide coverage of a kind that the association determines is similar to the coverage of the policy issued by the impaired or insolvent insurer;
- (3) contain at least the minimum provisions required by the statutes of this state; and
- (4) provide benefits that are not unreasonable in relation to the premium charged.

(b) The association shall set the premium according to a table of rates the association adopts. The premium:

- (1) must reflect:
 - (A) the amount of insurance provided; and
 - (B) each insured's age and class of risk; and
- (2) may not reflect any change in an insured's health occurring after the original policy was most recently underwritten.

(c) The association may adopt various kinds of alternative policies to issue at a later date without regard to any particular impairment or insolvency.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 463.257. IMPOSITION OF LIEN OR MORATORIUM. To carry out the association's duties under this chapter and with the court's approval, the association may:

- (1) impose a permanent policy or contract lien in connection with any guarantee, assumption, or reinsurance agreement if the association determines that:
 - (A) the amounts that may be assessed under this chapter are insufficient to ensure full and prompt performance of the association's duties under this chapter; or
 - (B) adverse economic or financial conditions affecting member insurers make imposition of the lien in the public interest;
- (2) in addition to any contractual provision for deferral of cash or policy loan value, impose a temporary moratorium or lien on payment of cash values and policy loans or the exercise of any other right to withdraw money held in connection with a policy or

contract.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 463.258. PREMIUM FOR REISSUANCE OF TERMINATED COVERAGE. If the association reissues terminated coverage at a premium different from the terminated policy's premium, the premium must:

- (1) reflect the amount of insurance provided and the insured's age and class of risk; and
- (2) be approved by the commissioner or a court.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 463.259. PREMIUM DUE DURING RECEIVERSHIP. After a court enters an order of receivership with respect to an impaired or insolvent insurer, a premium due for coverage issued by the insurer is owned by and is payable at the direction of the association. The association is liable for an unearned premium owed to a policy or contract owner that arises after the court enters the order.

Sec. 463.260. LIMITS ON AND TERMINATION OF ASSOCIATION OBLIGATION. (a) The association is not liable for benefits that exceed the contractual obligations for which the insurer is liable or would have been liable if not impaired or insolvent. The association has no obligation to provide benefits outside the express written terms of the policy or contract, including:

- (1) claims based on marketing materials;
- (2) claims based on side letters, riders, or other

documents that were issued without meeting applicable policy form filing or approval requirements;

(3) claims based on misrepresentation of or regarding policy benefits;

(4) extracontractual claims; or

(5) claims for penalties or consequential or incidental damages.

(b) The association's obligations with respect to coverage under a policy of an impaired or insolvent insurer or under a reissued or alternative policy terminate on the date the coverage or policy is replaced by another similar policy by the policyholder, the insured, or the association.

(c) If a premium is not paid before the 32nd day after the date the premium is due under a guaranteed, assumed, alternative, or reissued policy or contract or substitute coverage, the association's obligations under the policy, contract, or coverage terminate, except with respect to a claim incurred or any net cash surrender value due as provided by this chapter.

Sec. 463.261. ASSIGNMENT OF RIGHTS. (a) A person receiving a benefit under this chapter, including a payment of or on account of a contractual obligation, continuation of coverage, or provision of substitute or alternative coverage, is considered to have assigned to the association the rights under, and any cause of action relating to, the covered policy to the extent of the benefit received. The association may require a payee, policy or contract owner, beneficiary, insured, or annuitant to assign the person's rights and cause of action to the association as a condition of receiving a right or benefit under this chapter.

(b) The association's subrogation rights under Subsection (a) have the same priority against the assets of the impaired or

insolvent insurer as that held by the person entitled to receive a benefit under this chapter.

(c) The association has all common law rights of subrogation and any other equitable or legal remedy that would have been available to the impaired or insolvent insurer or holder of a policy or contract with respect to the policy or contract.

(d) The rights of the association under Subsection (c) include, in the case of a structured settlement annuity, any rights of the owner, beneficiary, or payee of the annuity, to the extent of benefits received under this chapter, against any person originally or by succession responsible for the losses arising from the personal injury relating to the annuity or payment for the annuity, other than a person responsible solely by reason of serving as an assignee in respect of a qualified assignment under Section 130, Internal Revenue Code of 1986 (26 U.S.C. Section 130).

(e) If a provision of this section is invalid or ineffective with respect to any person or claim for any reason, the amount payable by the association with respect to the related covered obligations is reduced by the amount realized by any other person with respect to the person or claim that is attributable to the policies, or portion of the policies, covered by the association. If the association has provided benefits with respect to a covered obligation and a person recovers amounts as to which the association has rights described in this section, the person shall pay to the association the portion of the recovery attributable to the policies, or portion of the policies, covered by the association.

Sec. 463.262. EFFECT OF SUBROGATION AND ASSIGNMENT OF RIGHTS AND AVAILABLE ASSETS ON ASSOCIATION OBLIGATION. (a) The limitations set forth in this chapter are limitations on the benefits for which the association is obligated before taking into account either the

association's subrogation and assignment rights or the extent to which those benefits could be provided out of the assets of the impaired or insolvent insurer attributable to covered policies.

(b) The costs of the association's obligations under this chapter may be met by the use of assets attributable to covered policies or reimbursed to the association pursuant to the association's subrogation and assignment rights.

(a) A deposit in this state, held under law or required by the commissioner for the benefit of creditors, including policy owners, that is not turned over to the domiciliary receiver on the entry of a final order of liquidation or order approving a rehabilitation plan of an insurer domiciled in this state or a reciprocal state in accordance with Section 443.402 shall be promptly paid to the association.

(b) The association is entitled to retain a portion of any amount paid to the association under this section equal to the percentage determined by dividing the aggregate amount of policy owners' claims related to that insolvency for which the association has provided statutory benefits by the aggregate amount of all policy owners' claims in this state related to that insolvency and shall remit to the domiciliary receiver the amount paid to the association less the amount retained under this section.

(c) The amount paid to the association under this section, less the amount retained by the association under this section, is treated as a distribution of estate assets under Section 443.303 or the similar law of the state of domicile of the impaired or insolvent insurer.

Sec. 463.264. REINSURANCE. (a) The association may elect to succeed to the rights of an insolvent insurer under a contract of reinsurance to which the insolvent insurer is a party to the extent:

(1) of the contractual obligations of the covered policies for which the association may become obligated; and

(2) that the reinsurance contract provides coverage for losses occurring after the association is obligated to provide coverage.

(b) As a condition to making an election under Subsection (a), the association shall pay all unpaid premiums due under the reinsurance contract to which Subsection (a) refers for coverage relating to a period before and after the date the association is obligated to provide coverage.

SUBCHAPTER G. OPERATION OF IMPAIRED OR INSOLVENT INSURER

Sec. 463.301. ISSUANCE OR RENEWAL OF POLICIES FOLLOWING CONSERVATORSHIP OR RECEIVERSHIP. (a) If an assessment has been made under this chapter for the insurer or guaranty fees have been provided for the insurer, an impaired insurer placed in conservatorship or receivership may not issue a new or renewal insurance policy on release from the conservatorship or receivership until the insurer has repaid in full the amount of guaranty fees provided by the association.

(b) Notwithstanding Subsection (a), on application of the association and after hearing, the commissioner may permit the insurer to issue new policies as provided by a plan of operation by the insurer for repayment. In approving the plan, the commissioner may restrict the issuance of new or renewal policies as necessary to implement the plan.

(c) The commissioner shall give 10 days' notice of the hearing to the association. The association and the member insurers that paid assessments in relation to the impaired insurer are entitled to appear at and participate in the hearing.

(d) Money recovered against an impaired insurer under this section shall be repaid to the member insurers that paid assessments in relation to the impaired insurer on return of the member insurers' certificates of contribution.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 463.302. DISTRIBUTIONS TO SHAREHOLDERS AND AFFILIATES.

(a) An impaired or insolvent insurer may not make a distribution to shareholders until the association has recovered the total amount of valid claims for money spent in carrying out the association's powers and performing the association's duties under Section 463.101, 463.103, 463.109, or 463.111(c) or Subchapter F with respect to that insurer, plus interest on that amount.

(b) Except as otherwise provided by this section, a receiver appointed under an order of receivership for an insurer domiciled in this state may recover on behalf of the insurer from an affiliate that controlled the insurer the amount of any distribution, other than a stock dividend the insurer paid on the insurer's capital stock, made during the five years preceding the date of the petition for liquidation or rehabilitation.

(c) A person who was an affiliate that controlled the insurer when a distribution described by Subsection (b) was paid is liable for the amount of the distribution received. A person who was an affiliate that controlled the insurer when the distribution was declared is liable for the amount of the distribution the affiliate would have received if the distribution had been paid immediately. Two or more persons liable for the same distribution are jointly and severally liable. If a person liable under this subsection is insolvent, all of the affiliates that controlled the insolvent person when the distribution was paid are jointly and severally liable for any resulting deficiency in the amount recovered from the insolvent person.

(d) The maximum amount recoverable under Subsections (b) and (c) is the amount needed in excess of all other available assets of the impaired or insolvent insurer to pay the insurer's contractual obligations.

(e) The receiver may not recover a distribution to shareholders

under Subsection (b) if the insurer shows that, at the time the distribution was paid, the distribution was lawful and reasonable and that the insurer did not know and could not reasonably have known that the distribution might adversely affect the ability of the insurer to fulfill the insurer's contractual obligations.

Sec. 463.303. ASSETS ATTRIBUTABLE TO COVERED POLICIES. (a) For the purposes of this section, assets attributable to covered policies are the proportion of the assets that the reserves that should have been established for the covered policies bear to the reserves that should have been established for all insurance policies written by the impaired or insolvent insurer.

(b) To carry out the association's obligations under this chapter, the association is considered a creditor of the impaired or insolvent insurer to the extent of assets attributable to covered policies, less any amount to which the association is entitled as subrogee under Section 463.261.

(c) Assets of the impaired or insolvent insurer attributable to covered policies shall be used to continue all covered policies and pay all contractual obligations of the impaired or insolvent insurer as required by this chapter.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 1, eff. April 1, 2007.

Sec. 463.304. DISTRIBUTION OF OWNERSHIP RIGHTS OF IMPAIRED OR INSOLVENT INSURER. In making an equitable distribution of the ownership rights of an impaired or insolvent insurer before the termination of a receivership, the court:

(1) shall consider the welfare of the policyholders of the continuing or successor insurer; and

(2) may consider the contributions of the respective parties, including the association, the shareholders and policyholders of the impaired or insolvent insurer, and any other party with a bona fide interest.

(b) Notice of the demand under Subsection (a) to the impaired insurer constitutes notice to any shareholders of the insurer.

(a) A person may not make, publish, disseminate, circulate, or place before the public, or directly or indirectly cause to be made, published, disseminated, circulated, or placed before the public, a written or oral advertisement, announcement, or statement that uses the existence of the association to sell, solicit, or induce the purchase of a kind of insurance with respect to which this chapter provides coverage.

(b) This section applies to an advertisement, announcement, or statement made, published, disseminated, circulated, or placed before

the public:

- (1) in a newspaper, magazine, or other publication;

Persons who suffer damages as a result of unpaid claims on policies issued by unauthorized insurers in this state are not covered under guaranty acts, which provide protection to persons with claims against authorized insurers. The legislature finds that it is appropriate to provide additional remedies to these persons.

(b) The commissioner's powers under this Act shall be liberally construed to support the purpose stated in Subsection (a).

(c) This chapter does not limit the powers granted the commissioner under other provisions of law. The powers and authority of the commissioner under this chapter are cumulative and are in addition to all other powers and authority that are available to the commissioner.

Sec. 549.055. INSURANCE BINDER AS EVIDENCE OF INSURANCE. (a) A lender that requires a borrower to secure insurance coverage before the lender will provide a residential mortgage or commercial real estate loan must accept an insurance binder as evidence of the required insurance and may not require the borrower to provide an original insurance policy instead of a binder if:

(1) the binder is issued by a licensed general property and casualty agent or a personal lines property and casualty agent who is appointed to represent the insurer whose name appears on the binder and who is authorized to issue binders;

(2) the binder is accompanied by evidence of payment of the required premium; and

(3) the binder will be replaced by an original insurance policy for the required coverage on or before the 30th day after the date the binder is issued.

- (1) has a fixed termination date;
- (2) except as provided by Section 549.0551, provides adequate coverage in an amount sufficient to cover the debt or loan; and
- (3) will not be canceled without reasonable notice to the lender.

(b) This subchapter does not prevent a lender from requiring insurance from an insurer that is authorized to engage in business in this state and that has a licensed resident agent in this state.

(c) This subchapter does not prevent a lender from refusing to accept or approve insurance from a particular insurer on reasonable and nondiscriminatory grounds relating to the financial soundness of

the insurer or the insurer's ability to service the policy.

(d) Except as provided by Section 549.0551, this subchapter does not prevent a lender from providing, in accordance with the terms of the mortgage, security agreement, deed of trust, or other security instrument, insurance coverage adequate to protect the lender's security interest in property in the event the borrower fails to provide on or before the 15th day before the termination date of an existing insurance policy an insurance policy meeting the requirements established by the lender as authorized by this chapter. A lender that provides insurance coverage under this subsection may use information contained in the existing policy for the purpose of determining that the insurance coverage provided is adequate.

(e) Except as provided by this subsection, this subchapter does not prevent a lender from requiring, at or before the time of delivery to the lender of an insurance policy by a general property and casualty agent or a personal lines property and casualty agent or by the insurer, a written statement from the borrower designating the agent or insurer as the borrower's agent for the delivery of the policy. A lender may not require a statement described by this subsection when an agent or insurer is providing a renewal of an existing expiring insurance policy provided by the agent or insurer.

(f) This subchapter does not prevent a lender from providing to a person, firm, or corporation that is or becomes the owner or holder of a note or obligation secured by a mortgage, security agreement, deed of trust, or other security instrument an insurance policy or any information contained in an insurance policy that covers property that is security for the loan.

(g) This subchapter does not prevent a lender from processing a claim under the terms of an insurance policy that covers property that is security for a loan.

(1) use a credit score that is computed using factors that constitute unfair discrimination;

(2) deny, cancel, or nonrenew a policy of personal insurance solely on the basis of credit information without considering any other applicable underwriting factor independent of credit information; or

(3) take an action that results in an adverse effect against a consumer because the consumer does not have a credit card account without considering any other applicable factor independent of credit information.

(b) An insurer may not consider an absence of credit information or an inability to determine credit information for an applicant for insurance coverage or for an insured as a factor in underwriting or rating an insurance policy unless the insurer:

(1) has statistical, actuarial, or reasonable underwriting information that:

(A) is reasonably related to actual or anticipated loss experience; and

(B) shows that the absence of credit information could result in actual or anticipated loss differences;

(2) treats the consumer as if the applicant for insurance coverage or insured had neutral credit information, as defined by the insurer; or

applicant's credit report may be used in the underwriting or rating of the applicant's policy. The disclosure must be provided at the time of application by the insurer or agent and may be given orally, in writing, or electronically.

(b) If a policy is issued to the applicant for insurance coverage, an insurer or agent is not required to make the disclosure required under Subsection (a) on any subsequent renewal of the coverage.

(c) An insurer or its agent shall disclose to its customers, on a form adopted by the commissioner, whether credit information will be obtained on an applicant for insurance coverage or insured or on any other member or members of the applicant's or insured's household and used as part of the insurance credit scoring process.

(d) If credit information is obtained or used on an applicant for insurance coverage or insured, or on any member of the applicant's or insured's household, the insurer shall disclose to the applicant or insured the name of each person on whom credit information was obtained or used and how each person's credit information was used to underwrite or rate the policy.

(2) the name, address, and telephone number of the consumer reporting agency, including a toll-free number established by the agency and the agency's Internet website, if applicable;

(A) obtain a free copy of the consumer's credit report from the consumer reporting agency during the 60-day period after the date of the notice; and

(B) dispute with the consumer reporting agency the accuracy or completeness of any information in the consumer's credit report furnished by the agency.

(b) In the notice described by Subsection (a)(1), an insurer shall include a description of not more than four factors that were the primary influences of the action resulting in the adverse effect.

(c) The use by an insurer of a generalized term such as "poor credit history," "poor credit rating," or "poor credit score" does not constitute sufficient notice under this section of the action resulting in the adverse effect.

(d) Standardized credit explanations provided by a consumer reporting agency or other third-party vendor are also sufficient to comply with this section.

Added by Acts 2005, 79th Leg., Ch. 728 (H.B. 2018), Sec. 11.020(a), eff. September 1, 2005.

(b) After re-underwriting or re-rating an insured under Subsection (a), an insurer shall make any adjustments necessary within 30 days, consistent with the insurer's underwriting and rating guidelines. If an insurer determines that the insured has overpaid premium, the insurer shall credit the insured the amount of overpayment. The insurer shall compute the overpayment back to the shorter of:

(1) follows the instructions of or procedures established by the insurer; and

(2) complies with any applicable law or rule.

(b) This section may not be construed to establish a cause of action that does not exist in the absence of this section.

Added by Acts 2005, 79th Leg., Ch. 728 (H.B. 2018), Sec. 11.020(a), eff. September 1, 2005.

(c) An insurer may require reasonable written and independently verifiable documentation of the event and the effect of the event on the person's credit before granting an exception. An insurer is not required to consider repeated events or events the insurer reconsidered previously as an extraordinary event.

(d) An insurer may also consider granting an exception to an applicant for insurance coverage or an insured for an extraordinary event not listed in Subsection (a).

(e) An insurer is not out of compliance with any law or rule relating to underwriting, rating, or rate filing as a result of granting an exception under this section.

Added by Acts 2005, 79th Leg., Ch. 291 (S.B. 14), Sec. 3, eff. September 1, 2005.

SUBCHAPTER B. GENERAL POWERS AND DUTIES OF COMMISSIONER

Sec. 751.051. PARTICIPATION IN NATIONAL MARKET CONDUCT DATABASES. (a) The commissioner shall collect and report market data to the National Association of Insurance Commissioners' market information systems, including the complaint database system, the examination tracking system, the regulatory information retrieval system, or other successor systems of that association, as determined by the commissioner.

(b) Information collected and maintained by the department shall be compiled in a manner that meets the requirements of the National Association of Insurance Commissioners.

- (1) the person's name;
- (2) if the person is not an individual, the identity of each examiner or other person who will perform any part of the market analysis or examination;
- (3) the name of the state that contracted with the person;
- (4) the identity of the insurer to be examined;
- (5) a description of each issue that the person has been contracted to examine;

(6) an estimate of the examination costs to be charged to the insurer to be examined;

(7) a copy of any contract between the person and the state regulatory body that initiated the examination and the letter authorizing the examination; and

(8) a list of the previous examinations conducted on the same insurer on behalf of any state within the last three years.

(b-1) On accepting a person's registration under Subsection (b), the department shall send written confirmation of the acceptance to:

(1) the person;

(2) the insurer to be examined; and

(3) the state regulatory body that initiated the examination.

(c) It is a violation of this code for a person to accept compensation from multiple states for the same examination, if doing so results in duplicative costs to the insurer being examined. It is not a violation of this code for:

(1) an examiner to conduct an examination of an insurer for the benefit of multiple states in a coordinated examination; and

(2) the examiner to accept compensation from the states participating in the coordinated examination to reduce the examination costs to the insurer being examined.

Added by Acts 2005, 79th Leg., Ch. 291 (S.B. 14), Sec. 3, eff. September 1, 2005.

Amended by:

Sec. 751.053. INFORMATION FROM COMMISSIONER. (a) At least once annually or more frequently if determined necessary by the commissioner, the commissioner shall provide in an appropriate manner to insurers and other entities subject to this code information regarding new laws and rules, enforcement actions, and other information the commissioner considers relevant to ensure compliance with market conduct requirements.

(b) The commissioner may provide the notice required under Subsection (a) in an electronic format that is designed to give insurers and other entities adequate notice.

(c) Failure by the commissioner to provide the information described by Subsection (a) does not constitute a defense for an insurer who fails to comply with an insurance law of this state.

Added by Acts 2005, 79th Leg., Ch. 291 (S.B. 14), Sec. 3, eff. September 1, 2005.

Sec. 751.054. REPORT OF VIOLATIONS. (a) The commissioner shall designate an individual within the department whose responsibilities shall include the receipt of information from employees of insurers and other entities regulated by the department regarding violations of laws or rules by their employers. The commissioner's designee shall be properly trained in the handling of that information.

(b) Information received under this section is a confidential communication and is not public information.

Added by Acts 2005, 79th Leg., Ch. 291 (S.B. 14), Sec. 3, eff. September 1, 2005.

Added by Acts 2005, 79th Leg., Ch. 291 (S.B. 14), Sec. 3, eff. September 1, 2005.

SUBCHAPTER C. RELATIONS WITH OTHER STATES

Sec. 751.101. COMMISSIONER AUTHORITY; INTERACTIONS WITH OTHER INSURANCE COMMISSIONERS OF OTHER STATES. (a) The commissioner has responsibility for conducting market conduct examinations on domestic insurers. The commissioner may delegate that responsibility to the insurance commissioner of another state, if that insurance commissioner agrees to accept the delegated responsibility. If the

commissioner elects to delegate responsibility for examining an insurer, the commissioner shall accept a report of the examination prepared by the insurance commissioner to whom the responsibility has been delegated.

(b) If the insurer to be examined is part of an insurance holding company system, the commissioner may also seek to simultaneously examine any affiliate of the insurer that is authorized to write the same types of insurance in this state as the insurer if the insurance commissioner of the state in which the affiliate is organized consents and delegates responsibility for that examination.

(c) In lieu of conducting a targeted examination of an insurer that holds a certificate of authority in this state but is not a domestic insurer, the commissioner shall accept a report of a market conduct examination regarding that insurer prepared by the insurance commissioner of the state in which the insurer is organized or by another state if:

(1) the laws of the examining state that are applicable to the subject of the examination are substantially similar to those of this state; and

(2) the examining state has a market conduct surveillance system that the commissioner deems comparable to the market conduct surveillance system required under this chapter.

(d) The commissioner's determination under Subsection (c)(2) is discretionary with the commissioner and is not subject to appeal.

(e) Subject to a determination under Subsection (c), if a market conduct examination conducted by another state results in a finding that an insurer should modify a specific practice or procedure, the commissioner shall accept documentation that the insurer has made a similar modification in this state in lieu of initiating a market conduct action or examination related to that practice or procedure. The commissioner may require other or additional practice or procedure modifications.

Added by Acts 2005, 79th Leg., Ch. 291 (S.B. 14), Sec. 3, eff. September 1, 2005.

SUBCHAPTER D. MARKET ANALYSIS PROCEDURES

Sec. 751.151. COLLECTION OF INFORMATION; COMMISSIONER ANALYSIS.

(a) Subject to Subsection (d), the commissioner shall gather insurance market information from:

- (1) data available to the department, including survey results and information required to be reported to the department;
- (2) information collected by the National Association of Insurance Commissioners and other public and private sources; and
- (3) information from within and outside the insurance industry.

(b) The commissioner shall analyze the information compiled under Subsection (a) as necessary to:

- (1) develop a baseline understanding of the insurance marketplace; and
- (2) identify for further review insurers or insurance practices that deviate significantly from the norm or that pose a potential risk to the insurance consumer.

(c) The commissioner shall use the market analysis handbook as a resource in performing the analysis required under this section.

(d) Except as otherwise specifically provided, the department or the commissioner, as applicable, may not require an insurer to report information in a manner that is inconsistent with the records the insurer maintains in the ordinary course of business or can create at a reasonable expense or effort.

Added by Acts 2005, 79th Leg., Ch. 291 (S.B. 14), Sec. 3, eff. September 1, 2005.

Sec. 751.152. ADDITIONAL ANALYSIS OF MARKET ACTIONS. (a) If, as a result of the market analysis, the commissioner determines that further inquiry into a particular insurer or insurance practice is needed, the commissioner shall consider taking one or more of the market conduct actions described by Subsection (b) before conducting a targeted examination. If a market conduct action selected by the commissioner requires the participation of or a response by the affected insurer, the commissioner shall notify the insurer of the action selected in writing.

(b) Market conduct actions described by Subsection (a) may include:

- (1) correspondence with the insurer;
- (2) insurer interviews;

(3) information gathering;
(4) policy and procedure reviews;
(5) interrogatories; and
(6) review of insurer self-evaluation and compliance programs, including insurer membership in a best-practice organization.

(c) The commissioner shall select market conduct actions that are efficient and cost-effective for the department and the insurer while protecting the interests of the insurance consumer.

(d) The commissioner shall take steps reasonably necessary to:

(1) eliminate requests for information that duplicates or conflicts with information provided as part of an insurer's annual financial statement, the annual market conduct statement of the National Association of Insurance Commissioners, or other required schedules, surveys, or reports that are regularly submitted to the commissioner, or with data requests made by other states if that information is available to the commissioner, unless the information is state specific; and

(2) coordinate the market conduct actions and findings of this state with those of other states.

Added by Acts 2005, 79th Leg., Ch. 291 (S.B. 14), Sec. 3, eff. September 1, 2005.

Sec. 751.153. PROTOCOLS FOR MARKET CONDUCT ACTIONS. (a) Each market conduct action taken as a result of a market analysis:

(1) must focus on the general business practices and compliance activities of insurers, rather than identifying infrequent or unintentional random errors that do not cause significant consumer harm; and

(2) may not result in a market conduct examination, unless the head of the insurance regulatory agency in the insurer's state of domicile determines that a market conduct examination is needed.

(b) The commissioner may determine the frequency and timing of the market conduct actions. The timing of an action depends on the specific market conduct action to be initiated unless extraordinary circumstances indicating a risk to consumers require immediate action.

(c) If the commissioner has information that more than one

insurer is engaged in practices that may violate statutes or rules, the commissioner may schedule and coordinate multiple examinations simultaneously.

(d) The commissioner shall provide an insurer with an opportunity to resolve to the satisfaction of the commissioner any matter that arises as a result of a market analysis before any additional market conduct actions are taken against the insurer. If the insurer has modified a practice or procedure as a result of a market conduct action taken or examination conducted by the insurance commissioner of another state, and the commissioner deems that state's market conduct surveillance system comparable to the system required under this chapter, the commissioner may accept the modified practice or procedure and may require other or additional practice or procedure modifications.

(e) For an application by the department of a handbook, guideline, or other product referenced in this chapter that is the work product of the National Association of Insurance Commissioners that changes the way in which market conduct actions are conducted, the commissioner shall give notice and provide interested parties with an opportunity for a public hearing as provided by Chapter 2001, Government Code, if the change:

(1) necessitates a change in a statute or rule; or

(2) deviates from the applicable handbook, guideline, or other product most recently adopted by the National Association of Insurance Commissioners.

(f) Except as otherwise provided by law, each insurer or person from whom information is sought, and each officer, director, or agent of that insurer or person, shall provide the commissioner with convenient and free access to all books, records, accounts, papers, documents, and any computer or other recordings relating to the property, assets, business, and affairs of the insurer or person.

(g) Each officer, director, employee, insurance producer, and agent of an insurer or person described by Subsection (f) shall, to the extent of that individual's ability, facilitate and aid in a department market conduct action.

Added by Acts 2005, 79th Leg., Ch. 291 (S.B. 14), Sec. 3, eff. September 1, 2005.

SUBCHAPTER E. EXAMINATIONS

Sec. 751.201. EXAMINATION. (a) If the commissioner determines that a market conduct action described by Section 751.152(b) is not appropriate, the commissioner may conduct a targeted examination in accordance with the market conduct uniform examination procedures and the market conduct examiners handbook.

(b) A targeted examination may be conducted through a desk examination or an on-site examination. To the extent feasible, the department shall conduct a market conduct examination through desk examinations and data requests before conducting an on-site examination.

(c) The department shall conduct an examination in accordance with the market conduct examiners handbook and the market conduct uniform examinations procedures.

(d) The department shall use the standard data request or a successor product that is substantially similar to the standard data request as adopted by the commissioner by rule.

Added by Acts 2005, 79th Leg., Ch. 291 (S.B. 14), Sec. 3, eff. September 1, 2005.

- (3) a statement of the reasons for the examination;
- (4) a description of the scope of the examination;
- (5) the date the examination is scheduled to begin;
- (6) notice to any non-insurance department personnel who will assist in the examination;
- (7) a time estimate for the examination; and
- (8) if the cost of the examination is billed to the affected insurer:
 - (A) a budget for the examination; and

(B) an identification of factors that will be included in the billing.

Added by Acts 2005, 79th Leg., Ch. 291 (S.B. 14), Sec. 3, eff. September 1, 2005.

Sec. 751.203. NOTICE OF EXAMINATION. (a) Unless the examination is conducted in response to extraordinary circumstances as described by Section 751.153(b), the department shall notify an affected insurer of an examination not later than the 60th day before the scheduled date of the beginning of the examination. The notice must include the examination work plan and a request that the insurer name an examination coordinator for the insurer.

(b) In addition to the notice required under Subsection (a), the commissioner shall post notice that a market conduct examination has been scheduled on the National Association of Insurance Commissioners examination tracking system.

(c) If a targeted examination is expanded beyond the reasons provided to the insurer in the notice of the examination required under Subsection (a), the commissioner shall provide written notice to the insurer, explaining the extent of the expansion and the reasons for the expansion. The department shall provide a revised work plan to the insurer before the beginning of any significantly expanded examination.

Added by Acts 2005, 79th Leg., Ch. 291 (S.B. 14), Sec. 3, eff. September 1, 2005.

Sec. 751.204. PRE-EXAMINATION CONFERENCE. Not later than the 30th day before the scheduled date of the examination, the commissioner shall conduct a pre-examination conference with the insurer's examination coordinator and key personnel to clarify expectations.

Sec. 751.205. EXIT CONFERENCE. Before the conclusion of an

examination, the member of the market conduct surveillance personnel who is designated as the examiner-in-charge shall schedule an exit conference with the insurer.

Added by Acts 2005, 79th Leg., Ch. 291 (S.B. 14), Sec. 3, eff. September 1, 2005.

Sec. 751.206. EXAMINATION REPORT. (a) Unless the commissioner and the insurer agree to a different schedule, the commissioner shall follow the time line established under this section.

(b) The commissioner shall deliver the draft examination report to the insurer not later than the 60th day after the date the examination is completed. For purposes of this section, the date the examination is completed is the date on which the exit conference is conducted.

(c) Not later than the 30th day after the date on which the insurer receives the draft examination report, the insurer shall provide any written comments regarding the report to the department.

(d) The department shall make a good faith effort to resolve issues with the insurer informally and shall prepare a final examination report not later than the 30th day after the date of receipt of the insurer's written comments on the draft report unless a mutual agreement is reached to extend the deadline.

(e) The department shall include the insurer's responses in the final examination report. The responses may be included as an appendix or in the text of the examination report. An insurer is not obligated to submit a response. An individual involved in the examination may not be named in either the report or the insurer response except to acknowledge the individual's involvement.

(a) A final or preliminary market conduct examination report, and any information obtained during the course of an examination, is confidential and is not subject to disclosure under Chapter 552, Government Code. This section may not be construed to limit the commissioner's authority to use any final or preliminary market conduct examination report, any examiner or company work papers or other documents, or any other information discovered or developed during the course of an examination in the furtherance of any legal or regulatory action that the commissioner, in the commissioner's sole discretion, may deem appropriate.

(c) For purposes of Subsection (b), a transfer of ownership

that occurs because of death, regardless of whether the decedent dies testate or intestate, may not be considered a change in the control of an insurance company or holding company if ownership is transferred solely to one or more individuals each of whom would be an heir of the decedent if the decedent had died intestate.

CHAPTER 823. INSURANCE HOLDING COMPANY SYSTEMS

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 823.001. FINDINGS AND PURPOSE. (a) It is consistent with the public interest and the interest of policyholders to permit insurers to:

- (1) engage in activities that would enable the insurers to make better use of management skills and facilities;
- (2) have free access to capital markets that could provide funds for insurers to use in diversification programs;
- (3) implement sound tax planning conclusions; and
- (4) serve the changing needs of the public and adapt to changing conditions of the social, economic, and political environment, so that insurers are able to compete effectively and to meet the growing public demand for institutions capable of providing a comprehensive range of financial services.

(b) The public interest and the interests of policyholders are adversely affected if:

- (1) control of an insurer is sought by persons who would use the control adversely to the interest of policyholders;
- (2) acquisition of control of an insurer substantially lessens competition or creates a monopoly in the insurance business in this state;
- (3) an insurer that is part of a holding company system is

caused to enter into transactions or relationships with affiliated companies on terms that are not fair and reasonable; or

(4) an insurer pays dividends to shareholders that jeopardize the financial condition of the insurer.

(c) The purpose of this chapter is to promote the public interest by:

(1) facilitating the achievement of the objectives described by Subsection (a);

(2) requiring disclosure of pertinent information relating to and approval of changes in control of an insurer;

(3) requiring disclosure and approval of material transactions and relationships between the insurer and the insurer's affiliates, including certain dividends to shareholders paid by the insurer; and

(4) providing standards governing material transactions between the insurer and the insurer's affiliates.

(d) It is desirable to prevent unnecessary multiple and conflicting regulation of insurers. In accordance with this purpose and except as provided by this chapter, this state shall exercise regulatory authority under this chapter only with respect to domestic insurers.

(1) all material relationships and bases for affiliation between the person and the insurer; and

(2) the basis for disclaiming the affiliation.

(c) Except as provided by Subsection (d), the disclaimer shall be deemed to have been allowed unless, not later than 60 days after the receipt of a complete disclaimer, the commissioner notifies the filing party that the disclaimer is disallowed.

For purposes of this section, a supervisory college may be convened as either a temporary or permanent forum for communication and cooperation between the entities that regulate the insurer or its affiliates, and the commissioner may establish a regular assessment to the insurer for the payment of expenses related to the regulation of the insurer.

The commissioner may grant the exemption if the commissioner finds that compliance with Subsection (a) would impose

an undue financial or organizational hardship on the insurer or health maintenance organization.

(g) The ultimate controlling person of an insurance holding company system is not required to submit an enterprise risk report under Subsection (a) if:

(1) the ultimate controlling person:

(A) has owned a controlling interest in the voting securities of an insurer described by Subdivision (2) since September 1, 1991, or before;

An insurance holding company system may reapply for an exemption under Subsection (g) after the change in control if the system continues to meet the requirements of Subsection (g).

(4) the acquiring person has a plan or proposal to liquidate the domestic insurer or cause the insurer to declare dividends or make distributions, sell any of its assets, consolidate or merge with any person, make a material change in its business or corporate structure or management, or enter into a material agreement, arrangement, or transaction of any kind with any person, and that the plan or proposal is unfair, prejudicial, hazardous, or unreasonable to the insurer's policyholders and not in the public interest;

(5) due to a lack of competence, trustworthiness, experience, and integrity of the persons who would control the operation of the domestic insurer, the acquisition or change of control would not be in the interest of the insurer's policyholders and the public;

(5-a) the divestiture of control may jeopardize the financial stability of the domestic insurer or prejudice the interest of the domestic insurer's policyholders and other claimants; or

(6) the acquisition, change, or divestiture of control would violate the law of this or another state or the United States.

The person filing the statement under Section 823.154 shall file the statement with the National Association of Insurance Commissioners within five days of making the request for a public hearing. A hearing conducted on a consolidated basis shall be public and shall be held within the United States before the commissioners of the states in which the insurers are domiciled. (c) The person who filed the statement and the domestic insurer shall provide notice of the hearing in the time and manner specified by the commissioner to each person designated by the commissioner.

(c) If, after notice and an opportunity for a hearing, the commissioner determines that a person violates this section, the commissioner shall issue written findings and an order based on those findings that directs the person to take appropriate action to cure the violation. The commissioner shall serve the order and findings on the person and the affected domestic insurer.

(d) In addition to this chapter, Subchapter C, Chapter 801, applies to a person who fails to comply with an order under this section.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

Sec. 823.253. GENERAL STANDARD FOR INVESTMENT IN AFFILIATE.

if each affiliate agrees to limit its investments in any particular asset so that the investments will not cause the amount of the total investment of the insurer to exceed the amount the insurer could have directly invested in that asset.

(b) To compute the amount of the total investment of an insurer in an asset for purposes of Subsection (a), the following amounts are included:

(1) any direct investment by the insurer in that asset;

and

(a) An insurer that ceases to control a subsidiary shall dispose of any investment in the subsidiary made under this subchapter before the third anniversary of the date the insurer ceases to control the subsidiary, unless:

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

Sec. 823.302. BASES FOR DETERMINING VALUATION. Subject to this subchapter, the valuation of an investment to which this subchapter applies is the greater of:

(1) the net shareholder equity value that the insurer owns in the affiliate adjusted, if the affiliate is a subsidiary, to include the value of only those assets of the subsidiary that would constitute lawful investments for the insurer if the assets were acquired or held directly by the insurer; or

(2) the amount determined using one of the following methods that is applicable for the affiliate in which the investment is made:

(A) the net worth of the affiliate determined at the end of the affiliate's most recent fiscal year in accordance with generally accepted accounting principles and reported in the financial statements of the affiliate for that fiscal year that were audited by an independent certified public accountant in accordance with generally accepted auditing standards;

(B) the value equal to the cost of the stock of the affiliate, determined and adjusted to reflect subsequent operating results in accordance with generally accepted accounting principles;

(C) the market value of the stock of the affiliate, if the stock is listed on a national securities exchange;

(E) an amount that the insurer can substantiate to the satisfaction of the commissioner as being a reasonable value of that investment.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

Sec. 823.303. ADJUSTMENT TO DETERMINATION. If an affiliate is valued using a method other than the method provided by Section 823.302(2)(C), the valuation of the investment is computed by subtracting from the determined value an amount equal to the value claimed for any of the affiliate's assets that would not be admitted assets for the insurer if held directly by the insurer and that:

(1) are held by the affiliate but are used, including use

under a lease agreement, significantly in the conduct of the insurer's business; or

(2) were acquired from or purchased for the benefit or use of the insurer by the affiliate under specific circumstances that, in the commissioner's opinion, support a reasonable finding that the primary purpose of the acquisition or purchase was to evade or avoid application of this code.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

Sec. 823.304. USE OF DIFFERENT BASES. An insurer is not required to value the stock of all of its affiliates on the same basis.

Sec. 823.305. VALUATING ACQUIRED AFFILIATE. (b) After filing the information under Subsection (a), the insurer shall use the specified basis of valuation for that affiliate unless a change is substantiated as reasonable to and is approved in writing by the commissioner.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

Sec. 823.306. USE OF UNAUDITED INFORMATION. If an affiliate is valued using the basis provided by Section 823.302(2)(A) and the books of the affiliate are not audited at the time the valuation is included in the insurer's annual statement, the insurer, as soon as possible after an audit of those books, shall report and explain any difference between the value of the affiliate reported in the insurer's annual statement and the value determined by the audit.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

Sec. 823.307. MODIFICATION BY COMMISSIONER. After notice and opportunity for a hearing, the commissioner may:

(1) determine that the basis used for valuation of the stock of an affiliate does not, under the specific circumstances, reflect the value of the affiliate; and

(2) order an adjustment in the valuation or the use of another basis of valuation provided by this subchapter.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

(a) Subject to Section 823.352, the commissioner may order an insurer registered under Subchapter B to produce records, books, or other information papers in the possession of the insurer or an affiliate of the insurer that are necessary to ascertain the financial condition or legality of conduct of the insurer, including the enterprise risk to the insurer by the ultimate controlling party, or by any entity or combination of entities within the insurance holding company system, or by the insurance holding company system on a consolidated basis.

(a-1) To determine compliance with this chapter, the commissioner may order any insurer registered under Subchapter B to produce information not in the possession of the insurer if the insurer can obtain access to the information pursuant to contractual relationships, statutory obligations, or other methods. In the event that the insurer is unable to obtain the information requested by the commissioner, the insurer shall provide the commissioner with a detailed explanation of the reason why the insurer is unable to obtain the information, and the identity of the holder of information. If it appears to the commissioner that the insurer's explanation is without merit, the commissioner may after notice and hearing:

(1) require the insurer to pay a penalty of not less than \$100 for each day the insurer delays producing the information; or

(2) suspend or revoke the insurer's license.

(b) If an insurer fails to comply with an order under this section, the commissioner by order may require the examination of

each holding company of the insurer and each controlled person or affiliate in the insurer's insurance holding company system if the commissioner has cause to believe that:

(1) the operations of that person may materially affect the operations, management, or financial condition of any controlled insurer in that system; and

(2) the commissioner is unable to obtain relevant information from the controlled insurer.

(b-1) The commissioner may issue subpoenas, administer oaths, and examine under oath any person for purposes of determining compliance with this section. On the failure or refusal of a person to obey a subpoena, the commissioner may petition a court of competent jurisdiction, and on proper showing, the court may enter an order compelling the witness to appear and testify or produce documentary evidence. Failure to obey the court order is punishable as contempt of court. A person shall attend as a witness at the place specified in the subpoena, when subpoenaed, at any location in this state. The person is entitled to the same fees and mileage, if claimed, as a witness in district court. Fees, mileage, and actual expenses necessarily incurred in securing the attendance of a witness shall be itemized and charged against, and be paid by, the insurer being examined.

(c) The commissioner shall specify in an order under Subsection (b) the grounds for the examination. An examination under Subsection (b) shall be confined to matters specified in the order.

(d) Only the person sought to be examined under Subsection (b) is entitled to seek judicial review of an order under that subsection.

(2) the interests of the insurer's policyholders may be

adversely affected.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

(b) This section does not limit or prohibit a holding company or a person in the insurance holding company system from conducting on behalf of the person any type of business that would be normal and natural to the person if the person were not in the holding company system.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

An action of shareholders requiring the affirmative vote of a percentage of shares may be taken as though the security was not outstanding.

(b) An action taken at a shareholders' meeting is not invalidated by the voting of a security to which Subsection (a) applies unless:

- (1) the action would materially affect control of the insurer; or

Sec. 826.052. GENERAL REQUIREMENTS; EFFECT OF CONVERSION ON POLICIES. (a) Each conversion plan must include the provisions required by this chapter.

(b) Each policy in effect on the effective date of the conversion remains in effect under the terms of that policy, except that the following rights, to the extent they existed in the converting company, are extinguished on the effective date of the conversion:

- (1) any voting rights of policyholders;
- (2) except as provided by Subsection (c), a right to share in the surplus or profits of the converting company; and
- (3) any assessment provisions.

(c) The holder of a participating policy in effect on the effective date of the conversion continues to have a right to receive dividends as provided by the participating policy.

- (2) a guaranteed renewable, noncancellable accident and health policy.

(e) All the costs and expenses connected with a conversion plan shall be paid or reimbursed by the converting company or the resulting company.

converting company; or

(2) subscribed to by:

(a) A conversion plan must set the total price of the capital stock in an amount equal to the estimated pro forma market value of the resulting company based on an independent valuation by a qualified expert, giving consideration to the amount of capital that the board of directors considers necessary to be raised by the company. The pro forma market value may be the value estimated to be necessary to attract full subscription for the shares, as indicated by the independent valuation, and may be stated as a range of values.

(b) The conversion plan may set the purchase price for a share of capital stock at any reasonable amount. The price per share is not required to be the same for each class of purchaser. However, eligible members purchasing stock under subscription rights received under Section 826.058 may purchase shares at the lowest available price under the plan.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

Sec. 826.056. DIRECTORS AND OFFICERS. This subsection does not prohibit a director or officer from:

- (1) acquiring capital stock through a broker-dealer;
- (2) making purchases through the exercise of subscription rights received under the conversion plan; or
- (3) participating in a stock benefit plan permitted by Section 826.059 or approved by the eligible members under Section 826.107.

(c) The aggregate number of shares that may be purchased by directors and officers under Subsection (b) may not exceed:

- (1) 35 percent of the total number of shares to be issued for the resulting company if the total assets of the converting company are less than \$50 million; or
- (2) 25 percent of the total number of shares to be issued for the resulting company if the total assets of the converting company are more than \$500 million.

Sec. 826.058. SUBSCRIPTION RIGHTS; GENERAL PROVISIONS. (a) Except for an alternate conversion plan adopted under Section 826.061, each conversion plan must specify the subscription rights of eligible members.

(b) The conversion plan must provide that:

(1) each eligible member is to receive, without payment by the member, nontransferable subscription rights to purchase a portion of the capital stock of the resulting company; and

(2) in the aggregate, all eligible members have the right, before the right of any other party, to purchase 100 percent of the capital stock of the resulting company after provision for:

(A) capital stock required to be sold or distributed to the holders of surplus notes, if any;

(B) capital stock purchased by a stock benefit plan as permitted by Section 826.059; and

(C) capital stock acquired by the directors and officers, as permitted by Section 826.056(b).

(c) As an alternative to subscription rights in the resulting company, the conversion plan may provide that each eligible member is to receive, without payment by the member, nontransferable subscription rights to purchase a portion of the capital stock of:

(1) a corporation organized for the purpose of purchasing and holding all the stock of the resulting company;

(2) a stock insurance company owned by the converting company into which the converting company is to be merged; or

(3) an unaffiliated stock insurance company or other corporation that is to purchase all the stock of the resulting

company.

(d) The conversion plan must provide that the subscription rights are allocated in whole shares among the eligible members using a fair and equitable formula. The formula may consider that the different classes of policies of the eligible members contributed to the surplus of the converting company or any other factors that may be fair or equitable as determined by the board of directors.

(e) The conversion plan must provide a fair and equitable method for allocating shares of capital stock in the event of an oversubscription to shares by eligible members exercising subscription rights under this section.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

Sec. 826.061. ALTERNATE CONVERSION PLAN. (a) The board of directors may adopt a conversion plan that does not rely in whole or in part on the issuance of nontransferable subscription rights to members to purchase stock of the resulting company if the commissioner determines that the plan:

(1) complies with this chapter;

(2) is fair and equitable; and

(3) permits the resulting company to satisfy the requirements in effect on the date of the determination for a certificate of authority applicable to a domestic stock insurance company.

(b) The conversion plan may:

(1) include the merger of a domestic mutual insurance company with a domestic or foreign stock insurance company;

(2) provide for issuing stock, cash, or other consideration to members instead of subscription rights;

(3) provide for the formation of a mutual holding company under Subchapter E; or

(4) establish another plan containing other provisions approved by the commissioner.

(c) The commissioner may retain, at the converting company's expense, a qualified expert who is not a member of the commissioner's staff to assist in reviewing whether the conversion plan meets the requirements for approval by the commissioner.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

(3) the resulting company would satisfy the requirements applicable to a domestic stock insurance company for a certificate of authority on the date of the determination.

(b) Except as otherwise provided by this section, the commissioner shall approve or disapprove a conversion plan not later than the 60th day after the first day on which all the documents required under Section 826.101 are filed with the commissioner.

If the commissioner retains a qualified expert under this subsection, the commissioner may extend the period for decision by an additional 60 days beyond the initial 60-day period.

(f) After giving written notice to the converting company and other interested persons, the commissioner may hold a hearing on whether the conversion plan complies with this chapter. The company and any other interested person have the right to appear at the hearing. Notice to interested persons who have not filed an appearance in the matter may be made through publication in the Texas Register.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

Sec. 826.105. SUBSTANTIAL COMPLIANCE WITH NOTICE REQUIREMENTS. If the converting company in good faith substantially complies with the notice requirements of this chapter, the company's failure to send a member the required notice does not impair the validity of an action taken under this chapter.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

Sec. 826.106. INSOLVENT CONVERTING COMPANY; NOTICE REQUIREMENTS. If a converting company is insolvent or, in the judgment of the commissioner, is in hazardous financial condition, its board of directors, by a majority vote, may request in its submission to the commissioner a waiver of the requirements for notice to and approval of the proposed conversion by eligible members. The request must specify:

(1) the method and basis for the issuance of the resulting company's shares of its capital stock to an independent party in connection with an investment by the independent party in an amount sufficient to restore the resulting company to a sound financial condition; and

(2) that the conversion is to be accomplished without payment of consideration to past, present, or future policyholders if the commissioner determines that the value of the converting company is insufficient to justify that payment.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

(b) This section does not prohibit the payment of reasonable fees and compensation to an attorney, accountant, or actuary for professional services performed by that person, even if the person is also a director or officer of the converting company.

(c) Except as provided by Subsection (d), each member insured under a property or casualty insurance policy is entitled to notice under Subsection (a) and shall be advised of the member's right to:

(b) A mutual holding company is considered an insurer subject to this chapter and Chapter 883. A mutual holding company is automatically a party to an administrative proceeding under this code involving an insurance company that, as a result of a reorganization under this subchapter, is a subsidiary of the mutual holding company. In any proceeding involving the resulting company, the assets of the mutual holding company are considered assets of the resulting company for purposes of satisfying the claims of the resulting company's policyholders.

(c) A mutual holding company may not dissolve or liquidate without the approval of the commissioner.

Sec. 826.204. MEMBERSHIP INTERESTS. (a) The membership interests of the policyholders of the resulting company become membership interests in the mutual holding company. (c) The mutual holding company shall at all times own a majority of the voting shares of the capital stock of the resulting company or of an intermediate holding company established to hold the

voting shares of the resulting company. The requirements of this subsection may be satisfied by indirect ownership through one or more intermediate holding companies in a corporate structure approved by the commissioner.

(d) The mutual holding company or intermediate holding company may not convey, transfer, assign, pledge, subject to a security interest or lien, encumber, or otherwise hypothecate or alienate the majority of the voting shares of the capital stock that is required to be owned under Subsection (c).

(a) The converting exchange shall give eligible members at least 30 days' written notice of the members' meeting to vote on the conversion plan and advising of the members' right to comment on the plan to the commissioner and the converting exchange, including a description of the procedure to be used in making comments. Notice to the members of the proposed vote on the conversion plan must provide clear and conspicuous language apart from other meeting materials and provide a disclosure statement of the distribution of surplus or stock to directors and officers of the converting exchange, if any.

(b) If the commissioner determines to hold a hearing on the plan, the commissioner must approve the notice of hearing and notify the converting exchange not later than the 45th day following the

The converting exchange shall send to eligible members the commissioner's notice of the hearing at least 30 days before the date set for the hearing. The commissioner must approve the content and print layout of the hearing notice before the converting exchange sends notice of the hearing to eligible members. Notice of the hearing may be made through publication in the Texas Register.

(c) The notices required by Subsections (a) and (b) may be combined in a single mailing. The notice or notices must be sent to the member's last known address, as shown on the converting exchange's records. The notice of the members' meeting must:

If the commissioner retains a qualified expert under this subsection, the commissioner may extend the period for decision by an additional 90 days beyond the initial 90-day period specified in Subsection (b).

(f) If the conversion plan contemplates a public offering of debt or equity registered under the federal Securities Act of 1933 (15 U.S.C. Section 77a et seq.), or a similar law of a foreign jurisdiction, the commissioner may extend the period of time to approve the conversion plan by an additional 180 days beyond the initial 90-day period specified in Subsection (b).

(g) After giving written notice to the converting exchange, the commissioner may hold a hearing on whether the conversion plan complies with this chapter.
